**Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995**

This Form 10-Q includes "forward-looking statements." Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industries in which we operate and other information that is not historical information. When used in this Form 10-Q, the words "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes" and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our future earnings expectations, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this Form 10-Q. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this Form 10-Q are set forth in the Form 10-K for the fiscal year ended September 28, 2019, including the factors described in the section entitled "Item 1A – Risk Factors." If any of these risks or uncertainties materializes, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in, or imply by, any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances, except as required by law. Presently known risk factors include, but are not limited to, the following factors:

- the impact of the COVID-19 pandemic on our business, including but not limited to, the impact on our workforce, operations, supply chain, demand for our products and services, and our financial results and condition; our ability to successfully manage the challenges associated with the COVID-19 pandemic;
- seasonality and fluctuations in our operating results and cash flow;

- fluctuations in market prices for seeds and grains and other raw materials;
- our inability to pass through cost increases in a timely manner;
- our dependence upon our key executives;
- risks associated with new product introductions, including the risk that our new products will not produce sufficient sales to recoup our investment;
- fluctuations in energy prices, fuel and related petrochemical costs;
- declines in consumer spending during economic downturns;
- inflation, deflation and other adverse macro-economic conditions;
- supply shortages in pet birds, small animals and fish;
- adverse weather conditions;
- risks associated with our acquisition strategy;
- access to and cost of additional capital;
- dependence on a small number of customers for a significant portion of our business;
- impacts of tariffs or a trade war;
- consolidation trends in the retail industry;
- competition in our industries;
- potential goodwill or intangible asset impairment;
- continuing implementation of an enterprise resource planning information technology system;
- our inability to protect our trademarks and other proprietary rights;
- potential environmental liabilities;
- risk associated with international sourcing;
- litigation and product liability claims;
- regulatory issues;
- the impact of product recalls;
- potential costs and risks associated with actual or potential cyber attacks;
- the impact of new accounting regulations and the U.S. Tax Cuts and Jobs Act on the Company's tax rate;
- our ability to recover asset and business interruption losses caused by the recent fires at our DMC facility in Texas;
- the voting power associated with our Class B stock; and
- potential dilution from issuance of authorized shares.

**CENTRAL GARDEN & PET COMPANY**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**Three and Six Months Ended March 28, 2020**  
**(Unaudited)**

**1. Basis of Presentation**

The condensed consolidated balance sheets of Central Garden & Pet Company and subsidiaries (the “Company” or “Central”) as of March 28, 2020 and March 30, 2019, the condensed consolidated statements of operations and the condensed consolidated statements of comprehensive income (loss) for the three and six months ended March 28, 2020 and March 30, 2019 and the condensed consolidated statements of cash flows for the six months ended March 28, 2020 and March 30, 2019 have been prepared by the Company, without audit. In the opinion of management, the interim financial statements include all normal recurring adjustments necessary for a fair statement of the results for the interim periods presented.

For the Company’s foreign business in the UK, the local currency is the functional currency. Assets and liabilities are translated using the exchange rate in effect at the balance sheet date. Income and expenses are translated at the average exchange rate for the period. Deferred taxes are not provided on translation gains and losses because the Company expects earnings of its foreign subsidiary to be permanently reinvested. Transaction gains and losses are included in results of operations.

Due to the seasonal nature of the Company’s garden business, the results of operations for the three and six months ended March 28, 2020 are not indicative of the operating results that may be expected for the entire fiscal year. These interim financial statements should be read in conjunction with the annual audited financial statements, accounting policies and financial notes thereto, included in the Company’s 2019 Annual Report on Form 10-K, which has previously been filed with the Securities and Exchange Commission. The September 28, 2019 balance sheet presented herein was derived from the audited financial statements.

***Noncontrolling Interest***

Noncontrolling interest in the Company’s condensed consolidated financial statements represents the 20% interest not owned by Central in a consolidated subsidiary. Since the Company controls this subsidiary, its financial statements are consolidated with those of the Company, and the noncontrolling owner’s 20% share of the subsidiary’s net assets and results of operations is deducted and reported as noncontrolling interest on the consolidated balance sheets and as net income (loss) attributable to noncontrolling interest in the consolidated statements of operations. See Note 9, Supplemental Equity Information, for additional information.

***Cash, Cash Equivalents and Restricted Cash***

The Company considers cash and all highly liquid investments with an original maturity of three months or less at date of purchase to be cash and cash equivalents. Restricted cash includes cash and highly liquid instruments that are used as collateral for stand-alone letter of credit agreements related to normal business transactions. These agreements require the Company to maintain specified amounts of cash as collateral in segregated accounts to support the letters of credit issued thereunder, which will affect the amount of cash the Company has available for other uses. The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the condensed consolidated balance sheets to the condensed consolidated statements of cash flows as of March 28, 2020, March 30, 2019 and September 28, 2019, respectively (in thousands).

	March 28, 2020	March 30, 2019	September 28, 2019
Cash and cash equivalents	\$ 331,555	\$ 329,724	\$ 497,749
Restricted cash	13,021	16,115	12,952
Total cash, cash equivalents and restricted cash	<u>\$ 344,576</u>	<u>\$ 345,839</u>	<u>\$ 510,701</u>

***Revenue Recognition***

*Revenue Recognition and Nature of Products and Services*

The Company manufactures, markets and distributes a wide variety of branded, private label and third-party pet and garden products to wholesalers, distributors and retailers, primarily in the United States. The majority of the Company’s revenue is generated from the sale of finished pet and garden products. The Company also recognizes a minor amount of non-product revenue (less than one percent of consolidated net sales) comprising third-party logistics services, merchandising services and royalty income from sales-based licensing arrangements. Product and non-product revenue is recognized when performance obligations under the terms of the contracts with customers are satisfied. The Company recognizes product revenue when control over the finished goods transfers to its customers, which generally occurs upon shipment to, or receipt at, customers’ locations, as determined by the specific terms of the contract. These revenue arrangements generally have single performance obligations. Non-product revenue is recognized as the services are provided to the customer in the case of third-party logistics services and merchandising services, or as third-party licensee sales occur for royalty income.

Revenue, which includes shipping and handling charges billed to the customer, is reported net of variable consideration and consideration payable to our customers, including applicable discounts, returns, allowances, trade promotion, unsaleable product, consumer coupon redemption and rebates. Shipping and handling costs that occur before the customer obtains control of the goods are deemed to be fulfillment activities and are accounted for as fulfillment costs.

Key sales terms are established on a frequent basis such that most customer arrangements and related incentives have a one year or shorter duration. As such, the Company does not capitalize contract inception costs. Product fulfillment costs are capitalized as a part of inventoriable costs in accordance with our inventory policies. The Company generally does not have unbilled receivables at the end of a period. Deferred revenues are not material and primarily include advance payments for services that have yet to be rendered. The Company does not receive noncash consideration for the sale of goods. Amounts billed and due from our customers are classified as receivables and require payment on a short-term basis; therefore, the Company does not have any significant financing components.

#### *Sales Incentives and Other Promotional Programs*

The Company routinely offers sales incentives and discounts through various regional and national programs to our customers and consumers. These programs include product discounts or allowances, product rebates, product returns, one-time or ongoing trade-promotion programs with customers and consumer coupon programs that require the Company to estimate and accrue the expected costs of such programs. The costs associated with these activities are accounted for as reductions to the transaction price of the Company's products and are, therefore, recorded as reductions to gross sales at the time of sale. The Company bases its estimates of incentive costs on historical trend experience with similar programs, actual incentive terms per customer contractual obligations and expected levels of performance of trade promotions, utilizing customer and sales organization inputs. The Company maintains liabilities at the end of each period for the estimated incentive costs incurred but unpaid for these programs. Differences between estimated and actual incentive costs are generally not material and are recognized in earnings in the period such differences are determined. Reserves for product returns, accrued rebates and promotional accruals are included in the condensed consolidated balance sheets as part of accrued expenses, and the value of inventory associated with reserves for sales returns is included within prepaid expenses and other current assets on the condensed consolidated balance sheets.

#### **Leases**

Effective September 29, 2019, the Company adopted Accounting Standards Codification 842, *Leases* ("ASC 842"). Under this guidance, the Company determines whether an arrangement contains a lease at inception by determining if the contract conveys the right to control the use of identified property, plant or equipment for a period of time in exchange for consideration and other facts and circumstances. On September 29, 2019, the Company began to record operating leases on its condensed consolidated balance sheet. As of December 28, 2019, long-term operating lease right-of-use ("ROU") assets and current and long-term operating lease liabilities were presented separately in the condensed consolidated balance sheets. Finance lease ROU assets continue to be presented in property, plant and equipment, net, and the related finance liabilities have been presented with current and long-term debt in the condensed consolidated balance sheets.

Lease ROU assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent the Company's obligation to make lease payments arising from the lease. ROU assets are calculated based on the lease liability adjusted for any lease payments paid to the lessor at or before the commencement date and excludes any lease incentives received from the lessor. Lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. As the Company's leases typically do not contain a readily determinable implicit rate, the Company determines the present value of the lease liability using its incremental borrowing rate at the lease commencement date based on the lease term on a collateralized basis. Variable lease payments are expensed as incurred and include certain non-lease components, such as maintenance and other services provided by the lessor, and other charges included in the lease, as applicable. Non-lease components and the lease components to which they relate are accounted for as a single lease component, as the Company has elected to combine lease and non-lease components for all classes of underlying assets.

Amortization of ROU lease assets is calculated on a straight-line basis over the lease term with the expense recorded in cost of sales or selling, general and administrative expenses, depending on the nature of the leased item. Interest expense is recorded over the lease term and is recorded in interest expense (based on a front-loaded interest expense pattern) for finance leases and is recorded in cost of sales or selling, general and administrative expenses (on a straight-line basis) for operating leases. All operating lease cash payments and interest on finance leases are recorded within cash flows from operating activities and all finance lease principal payments are recorded within cash flows from financing activities in the condensed consolidated statements of cash flows.

## **Recent Accounting Pronouncements**

### *Accounting Pronouncements Recently Adopted*

#### *Leases*

In February 2016, the FASB issued ASU 2016-02 (ASU 2016-02), *Leases* (Topic 842). ASU 2016-02 requires companies to recognize on the balance sheet operating and financing lease liabilities and corresponding right-of-use assets and disclose key information about leasing information. Topic 842 was subsequently amended by ASU 2018-01, *Land Easement Practical Expedient for Transition to Topic 842*; ASU 2018-10, *Codification Improvements to Topic 842, Leases*; and ASU 2018-11, *Targeted Improvements*. The new standard establishes a right-of-use model (ROU) that requires a lessee to recognize a ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Leases will be classified as finance or operating, with classification affecting the pattern and classification of expense recognition in the statement of operations.

The Company adopted the new standard in the first quarter of fiscal year 2020, on a modified retrospective basis using the optional transition method, and accordingly, has not restated comparative periods. Fiscal year 2019 balances and related disclosures supporting those comparative period balances continue to be presented under ASC 840, "Leases." The new standard provides a number of optional practical expedients in transition. The Company elected the 'package of practical expedients,' which permit it to not reassess under the new standard its prior conclusions about lease identification, lease classification and initial direct costs. The Company elected not to recognize ROU assets and lease liabilities for short-term operating leases with terms of 12 months or less. The Company did not elect the use-of-hindsight or the practical expedient pertaining to land easements, the latter not being applicable. Upon adoption, the Company recorded operating lease right-of-use assets and lease liabilities of approximately \$ 111 million and \$115 million, respectively, in the condensed consolidated balance sheet, which included the reclassifications of amounts presented in comparative periods as deferred rent as a reduction of the ROU assets. The Company did not record an adjustment to beginning retained earnings associated with the adoption of this standard. See Note 7. Leases for more information.

### *Accounting Standards Not Yet Adopted*

#### *Goodwill and Intangible Assets*

In January 2017, the FASB issued ASU No. 2017-04, *Intangibles - Goodwill and Other: Simplifying the Test for Goodwill Impairment*. The new guidance simplifies the subsequent measurement of goodwill by removing the second step of the two-step impairment test. The amendment requires an entity to perform its annual or interim goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity still has the option to perform the qualitative assessment for a reporting unit to determine if the quantitative impairment test is necessary. The new guidance is effective for annual periods or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019, or the Company's first quarter of fiscal 2021. The amendment should be applied on a prospective basis. Based on the Company's most recent annual goodwill impairment test performed as of July 1, 2018, there were no reporting units for which the carrying amount of the reporting unit exceeded its fair value; therefore, this ASU would not currently have an impact on the Company's condensed consolidated financial statements and related disclosures. However, if upon adoption the carrying amount of a reporting unit exceeds its fair value, the Company would be impacted by the amount of impairment recognized.

In August 2018, the FASB issued ASU No. 2018-15, *Intangibles-Goodwill and Other-Internal-Use Software (Subtopic 350-40), Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. This ASU aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal-use software license). ASU 2018-15 is effective for annual periods beginning after December 15, 2019 and interim periods within those annual periods, with early adoption permitted, and is effective for the Company in fiscal 2021. The amendments in this ASU should be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption. The Company is currently evaluating the effect that ASU 2018-15 will have on its condensed consolidated financial statements and related disclosures.

*Fair Value Disclosures*

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for annual periods beginning after December 15, 2019 and interim periods within those annual periods, with early adoption permitted and is effective for the Company in fiscal 2021. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The Company is currently evaluating the effect that ASU 2018-13 will have on its condensed consolidated financial statements and related disclosures.

*Accounting for Income Taxes*

In December 2019, the FASB issued ASU 2019-12, *Income Taxes (Topic 740), Simplifying the Accounting for Income Taxes*, which eliminates certain exceptions related to the approach for intraperiod tax allocation, the methodology for calculating taxes during the quarters and the recognition of deferred tax liabilities for outside basis differences. This guidance also simplifies aspects of the accounting for franchise taxes, enacts changes in tax laws or rates and clarifies the accounting for transactions that result in a step-up in the tax basis of goodwill. ASU 2019-12 is effective for the Company in its first quarter of fiscal 2022 and would require the Company to recognize a cumulative effect adjustment to the opening balance of retained earnings, if applicable. The Company is currently evaluating the impact that ASU 2019-12 may have on its consolidated financial statements.

**2. Fair Value Measurements**

ASC 820 establishes a single authoritative definition of fair value, a framework for measuring fair value and expands disclosure of fair value measurements. ASC 820 requires financial assets and liabilities to be categorized based on the inputs used to calculate their fair values as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability, which reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The Company's financial instruments include cash and equivalents, short term investments consisting of bank certificates of deposit, accounts receivable and payable, derivative instruments, short-term borrowings, and accrued liabilities. The carrying amount of these instruments approximates fair value because of their short-term nature.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis**

The following table presents the Company's financial assets and liabilities measured at fair value on a recurring basis based upon the level within the fair value hierarchy in which the fair value measurements fall, as of March 28, 2020 (in thousands):

	Level 1	Level 2	Level 3	Total
Liabilities:

The following table presents our financial assets and liabilities at fair value on a recurring basis based upon the level within the fair value hierarchy in which the fair value measurements fall, as of September 28, 2019 (in thousands):

	Level 1	Level 2	Level 3	Total
<b>Liabilities:</b>				
Liability for contingent consideration (a)	\$ —	\$ —	\$ 7,369	\$ 7,369
<b>Total liabilities</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ 7,369</b>	<b>\$ 7,369</b>

(a) The liability for contingent consideration relates to an earn-out for B2E, acquired in December 2012, future performance-based contingent payments for Hydro-Organics Wholesale, Inc., acquired in October 2015 and future performance-based contingent payments for Segrest, Inc., acquired in October 2016. In December 2019, performance-based criteria associated with the \$6 million contingent consideration liability related to Segrest, Inc. were met and accordingly, the entire amount was released out of an independent escrow account to the former owners as of December 28, 2019. The fair value of the estimated contingent consideration arrangement is determined based on the Company's evaluation as to the probability and amount of any earn-out that will be achieved based on expected future performance by the acquired entity. This is presented as part of long-term liabilities in the Company's consolidated balance sheets.

The following table provides a summary of the changes in fair value of the Company's Level 3 financial instruments for the periods ended March 28, 2020 and March 30, 2019 (in thousands):

#### **Assets and Liabilities Measured at Fair Value on a Non-Recurring Basis**

The Company measures certain non-financial assets and liabilities, including long-lived assets, goodwill and intangible assets, at fair value on a non-recurring basis. Fair value measurements of non-financial assets and non-financial liabilities are used primarily in the impairment analyses of long-lived assets, goodwill and other intangible assets. During the periods ended March 28, 2020 and March 30, 2019, the Company was not required to measure any significant non-financial assets and liabilities at fair value.

#### **Fair Value of Other Financial Instruments**

In December 2017, the Company issued \$ 300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). The estimated fair value of the Company's 2028 Notes as of March 28, 2020, March 30, 2019 and September 28, 2019 was \$270.2 million, \$278.2 million and \$307.1 million, respectively, compared to a carrying value of \$296.3 million, \$295.9 million and \$296.1 million, respectively.

In November 2015, the Company issued \$ 400 million aggregate principal amount of 6.125% senior notes due November 2023 (the "2023 Notes"). The estimated fair value of the Company's 2023 Notes as of March 28, 2020, March 30, 2019 and September 28, 2019 was \$385.0 million, \$417.7 million and \$414.6 million, respectively, compared to a carrying value of \$ 397.2 million, \$396.3 million and \$396.7 million, respectively.

### 3. Acquisitions

#### C&S Products

In May 2019, the Company purchased C&S Products, a manufacturer of suet and other wild bird feed products, to complement our existing wild bird feed business for approximately \$30.0 million. Subsequent to the acquisition, approximately \$4.7 million of cash was used to eliminate the acquired long-term debt. The financial results of C&S Products have been included in the results of operations within the Pet segment since the date of acquisition. The following table summarizes the purchase price and recording of fair values of the assets acquired and liabilities assumed as of the acquisition date and subsequent adjustments.

In thousands	Amounts Previously Recognized as of Acquisition Date (1)	Measurement Period Adjustments	Amounts Recognized as of Acquisition Date (as Adjusted)
Current assets, net of cash and cash equivalents acquired	\$ 9,794	\$ 441	\$ 10,235
Fixed assets	23,743	(3,786)	19,957
Goodwill	—	3,777	3,777
Other assets	5,081	(3,242)	1,839
Other intangible assets, net	—	2,810	2,810
Current liabilities	(2,137)	—	(2,137)
Long-term obligations	(6,457)	\$ —	(6,457)
Net assets acquired, less cash and cash equivalents	\$ 30,024	\$ —	\$ 30,024

(1) As previously reported in the Company's Form 10-K for the period ended September 28, 2019.

The impact to the consolidated statement of operations associated with the finalization of purchase accounting and true-up of intangible assets for C&S Products was immaterial.

### 4. Inventories, net

Inventories, net of allowance for obsolescence, consist of the following (in thousands):

	March 28, 2020	March 30, 2019	September 28, 2019
Raw materials	\$ 148,730	\$ 136,879	\$ 145,331

Finished goods	286,448	305,569	255,870
Supplies	15,163	16,181	13,842
Total inventories, net	\$ 517,207	\$ 517,158	\$ 466,197

## 5. Goodwill

The Company tests goodwill for impairment annually (as of the first day of the fourth fiscal quarter), or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount, by first assessing qualitative factors to determine whether it is more likely than not the fair value of the reporting unit is less than its carrying amount. If it is determined that it is more likely than not the fair value of the reporting unit is greater than its carrying amount, it is unnecessary to perform the two-step goodwill impairment test. If it is determined that it is more likely than not that the fair value of the reporting unit is less than its carrying amount, the two-step test is performed to identify potential goodwill impairment. Based on certain circumstances, the Company may elect to bypass the qualitative assessment and proceed directly to performing the first step of the two-step goodwill impairment test, which compares the fair value of the Company's reporting units to their related carrying values, including goodwill. If the fair value of the reporting unit is less than its carrying value, the Company performs an additional step to determine the implied fair value of goodwill associated with that reporting unit. The implied fair value of goodwill is determined by first allocating the fair value of the reporting unit to all of its assets and liabilities and then computing the excess of the reporting unit's fair value over the amounts assigned to the assets and liabilities. If the carrying value of goodwill exceeds the implied fair value of goodwill, such excess represents the amount of goodwill impairment, and accordingly, the Company recognizes such impairment. The Company's goodwill impairment analysis also includes a comparison of the aggregate estimated fair value of its two reporting units to the Company's total market capitalization. No impairment of goodwill was recorded for the three and six months ended March 28, 2020 and March 30, 2019. The Company recorded approximately \$3.8 million of goodwill in its Pet segment during the three months ended December 28, 2019 as part of its finalization of the purchase price allocation of C&S Products.

## 6. Other Intangible Assets

The following table summarizes the components of gross and net acquired intangible assets:

Total other intangible assets	<u>\$ 261.8</u>	<u>\$ (86.0)</u>	<u>\$ (29.7)</u>	<u>\$ 146.1</u>

Other acquired intangible assets include contract-based and technology-based intangible assets.

As part of its acquisition of C&S Products in the third quarter of fiscal 2019, the Company acquired approximately \$ 0.9 million of amortizable marketing-related intangible assets and approximately \$1.9 million of customer-related intangible assets.

The Company evaluates long-lived assets, including amortizable and indefinite-lived intangible assets, for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. The Company evaluates indefinite-lived intangible assets on an annual basis. Factors indicating the carrying value of the Company's amortizable intangible assets may not be recoverable were not present in the three or six months ended March 28, 2020, and accordingly, no impairment testing was performed on these assets. As a result of one of our retail customers exiting the live fish business, factors indicating the carrying value of certain amortizable intangible assets may not be recoverable were present during the quarter ended March 30, 2019. The Company performed impairment testing on these assets, found the carrying value was not recoverable and accordingly, recorded an impairment charge in its Pet segment of approximately \$2.5 million as part of selling, general and administrative expenses in the condensed consolidated statements of operations.

The Company amortizes its acquired intangible assets with definite lives over periods ranging from 3 years to 25 years; over weighted average remaining lives of 4 years for marketing-related intangibles, 9 years for customer-related intangibles and 10 years for other acquired intangibles. Amortization expense for intangibles subject to amortization was approximately \$3.5 million and \$3.4 million for the three months ended March 28, 2020 and March 30, 2019, respectively, and \$7.3 million and \$6.9 million for the six months ended March 28, 2020 and March 30, 2019, respectively, and is classified within selling, general and administrative expenses in the condensed consolidated statements of operations. Estimated annual amortization expense related to acquired intangible assets in each of the succeeding five years is estimated to be approximately \$12 million per year from fiscal 2020 through fiscal 2024 and thereafter.

## 7. Leases

The Company has operating and finance leases for manufacturing and distribution facilities, vehicles, equipment and office space. The Company's leases have remaining lease terms of one to 10 years, inclusive of renewal or termination options that the Company is reasonably certain to exercise. The Company does not include significant restrictions or covenants in its lease agreements, and residual value guarantees are not included within its operating leases. Some of the Company's leasing arrangements require variable payments that are dependent on usage or output or may vary for other reasons, such as product costs, insurance and tax payments. These variable payments are not included in the Company's recorded lease assets and liabilities and are expensed as incurred. Certain leases are tied to a variable index or rate and are included in lease assets and liabilities based on the indices or rates as of lease commencement. See Note 1. Basis of Presentation, Leases, for more information about the Company's lease accounting policies.

Supplemental balance sheet information related to the Company's leases was as follows:

	Balance Sheet Classification	As of March 28, 2020 (in millions)

### Senior Notes

#### \$300 million 5.125% Senior Notes

On December 14, 2017, the Company issued \$ 300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). The Company will use the net proceeds from the offering to finance future acquisitions and for general corporate purposes.

The Company incurred approximately \$4.8 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2028 Notes.

The 2028 Notes require semiannual interest payments on February 1 and August 1, commencing August 1, 2018. The 2028 Notes are unconditionally guaranteed on a senior basis by the Company's existing and future domestic restricted subsidiaries who are borrowers under or guarantors of Central's senior secured revolving credit facility, or who guarantee the 2023 Notes.

The Company may redeem some or all of the 2028 Notes at any time, at its option, prior to January 1, 2023 at the principal amount plus a "make whole" premium. At any time prior to January 1, 2021, the Company may also redeem, at its option, up to 35% of the original aggregate principal amount of the notes with the proceeds of certain equity offerings at a redemption price of 105.125% of the principal amount of the notes. The Company may redeem some or all of the 2028 Notes, at its option, at any time on or after January 1, 2023 for 102.563%, on or after January 1, 2024 for 101.708%, on or after January 1, 2025 for 100.854%, and on or after January 1, 2026 for 100.0%, plus accrued and unpaid interest.

The holders of the 2028 Notes have the right to require the Company to repurchase all or a portion of the 2028 Notes at a purchase price equal to 101.0% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2028 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of March 28, 2020.

#### *\$400 million 6.125% Senior Notes*

On November 9, 2015, the Company issued \$400 million aggregate principal amount of 6.125% senior notes due November 2023 (the "2023 Notes"). In December 2015, the Company used the net proceeds from the offering, together with available cash, to redeem its \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 ("2018 Notes") at a price of 102.063% of the principal amount and to pay fees and expenses related to the offering. The 2023 Notes are unsecured senior obligations and are subordinated to all of the Company's existing and future secured debt, including the Company's Credit Facility, to the extent of the value of the collateral securing such indebtedness.

The Company incurred approximately \$6.3 million of debt issuance costs in conjunction with these transactions, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2023 Notes.

The 2023 Notes require semiannual interest payments on May 15 and November 15. The 2023 Notes are unconditionally guaranteed on a senior basis by each of the Company's existing and future domestic restricted subsidiaries which are borrowers under or guarantors of Central's senior secured revolving credit facility. The 2023 Notes are unsecured senior obligations and are subordinated to all of the Company's existing and future secured debt, including the Company's Credit Facility, to the extent of the value of the collateral securing such indebtedness.

The Company may redeem some or all of the 2023 Notes at any time, at its option, at any time on or after November 15, 2019 for 103.063%, on or after November 15, 2020 for 101.531% and on or after November 15, 2021 for 100%, plus accrued and unpaid interest.

The holders of the 2023 Notes have the right to require the Company to repurchase all or a portion of the 2023 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2023 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of March 28, 2020.

#### ***Asset-Based Loan Facility Amendment***

On September 27, 2019, the Company entered into a Second Amended and Restated Credit Agreement ("Amended Credit Agreement"). The Amended Credit Agreement amended and restated the previous credit agreement dated April 22, 2016 and continues to provide up to a \$400.0 million principal amount senior secured asset-based revolving credit facility, with up to an additional \$200.0 million principal amount available with the consent of the Lenders, as defined, if the Company exercises the accordion feature set forth therein (collectively, the "Amended Credit Facility"). The Amended Credit Facility matures on September 27, 2024. The Company may borrow, repay and reborrow amounts under the Amended Credit Facility until its maturity date, at which time all amounts outstanding under the Amended Credit Facility must be repaid in full.

The Amended Credit Facility is subject to a borrowing base, reduced capacity due to reserves and certain other restrictions. The borrowing base is calculated using a formula initially based upon eligible receivables and inventory minus certain reserves, and was \$400.0 million as of March 28, 2020. The Amended Credit Facility also allows the Company to add real property to the borrowing base so long as the real property is subject to a first priority lien in favor of the Administrative Agent for the benefit of the Lenders. The Company did not draw down any commitments under the Amended Credit Facility upon closing. Proceeds of the Amended Credit Facility will be used for general corporate purposes. The Amended Credit Facility includes a \$50 million sublimit for the issuance of standby letters of credit and an increased \$40 million sublimit for short-notice borrowings. As of March 28, 2020, there were no borrowings outstanding and no letters of credit outstanding under the Credit Facility. There were other letters of credit of \$ 3.2 million outstanding as of March 28, 2020. Subsequent to quarter end, the Company borrowed \$200 million under its revolving credit facility to increase financial flexibility while it navigates an uncertain COVID-19 economic environment.

Borrowings under the Amended Credit Facility will bear interest at an index based on LIBOR or, at the option of the Company, the Base Rate (defined as the highest of (a) the SunTrust prime rate, (b) the Federal Funds Rate plus 0.50%, (c) one-month LIBOR plus 1.00%), plus, in either case, an applicable margin based on the Company's consolidated senior leverage ratio and (d) 0.00%. Such applicable margin for LIBOR-based borrowings fluctuates between 1.00%-1.50%, and was 1.00% as of March 28, 2020, and such applicable margin for Base Rate borrowings fluctuates between 0.00%-0.50%, and was 0% as of March 28, 2020. An unused line fee shall be payable monthly in respect of the total amount of the unutilized Lenders' commitments and short-notice borrowings under the Amended Credit Facility. Letter of credit fees at the applicable margin on the average undrawn and unreimbursed amount of letters of credit shall be payable monthly and a facing fee of 0.125% shall be paid on demand for the stated amount of each letter of credit. The Company is also required to pay certain fees to the administrative agent under the Amended Credit Facility. As of March 28, 2020, the applicable interest rate related to Base Rate borrowings was 3.3%, and the applicable interest rate related to LIBOR-based borrowings was 2.0%.

The Company incurred approximately \$1.6 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal expenses. The debt issuance costs are being amortized over the term of the Amended Credit Facility.

The Amended Credit Facility continues to contain customary covenants, including financial covenants which require the Company to maintain a minimum fixed charge coverage ratio of 1.00:1.00 upon triggered quarterly testing (e.g. when availability falls below certain thresholds established in the agreement), reporting requirements and events of default. The Amended Credit Facility is secured by substantially all assets of the borrowing parties, including (i) pledges of 100% of the stock or other equity interest of each domestic subsidiary that is directly owned by such entity and (ii) 65% of the stock or other equity interest of each foreign subsidiary that is directly owned by such entity. The Company was in compliance with all financial covenants under the Amended Credit Facility during the period ended March 28, 2020.

#### 10. Stock-Based Compensation

The Company recognized share-based compensation expense of \$ 8.4 million and \$ 5.9 million for the six months ended March 28, 2020 and March 30, 2019, respectively, as a component of selling, general and administrative expenses. The tax benefit associated with share-based compensation expense for the six months ended March 28, 2020 and March 30, 2019 was \$ 2.0 million and \$ 1.4 million, respectively.

## 11. Earnings Per Share

The following is a reconciliation of the numerators and denominators of the basic and diluted per share computations for income from continuing operations (in thousands except share and per share amounts).

	Three Months Ended March 28, 2020			Six Months Ended March 28, 2020		
	Income	Shares	Per Share	Income	Shares	Per Share
<b>Basic EPS:</b>						
Net income available to common shareholders	\$ 42,704	54,281	\$ 0.79	\$ 38,287	54,517	\$ 0.70
<b>Effect of dilutive securities (1):</b>						
Options to purchase common stock	—	343	(0.01)	—	368	(0.01)
Restricted shares	—	328	—	—	335	—
<b>Diluted EPS:</b>						
Net income available to common shareholders	\$ 42,704	54,952	\$ 0.78	\$ 38,287	55,220	\$ 0.69

(1) The potential effects of stock awards were excluded from the diluted earnings per share calculation for the three months ended December 28, 2019, because their inclusion in a net loss period would be anti-dilutive to the earnings per share calculation.

	Three Months Ended March 30, 2019			Six Months Ended March 30, 2019		
	Income	Shares	Per Share	Income	Shares	Per Share
<b>Basic EPS:</b>						
Net income available to common shareholders	\$ 42,391	57,050	\$ 0.74	\$ 44,194	56,976	\$ 0.78
<b>Effect of dilutive securities:</b>						
Options to purchase common stock	—	609	(0.01)	—	639	(0.01)
Restricted shares	—	367	—	—	398	(0.01)
<b>Diluted EPS:</b>						
Net income available to common shareholders	\$ 42,391	58,026	\$ 0.73	\$ 44,194	58,013	\$ 0.76

Options to purchase 3.4 million shares of common stock at prices ranging from \$ 10.63 to \$38.10 per share were outstanding at March 28, 2020, and options to purchase 2.8 million shares of common stock at prices ranging from \$ 8.56 to \$38.10 per share were outstanding at March 30, 2019.

For the three months ended March 28, 2020 and March 30, 2019, 1.5 million and 1.8 million options outstanding were not included in the computation of diluted earnings per share because the option exercise prices were greater than the average market price of the common shares and therefore, the effect of including these options would be antidilutive.

For the six months ended March 28, 2020 and March 30, 2019, 1.2 million and 1.8 million options outstanding were not included in the computation of diluted earnings per share because the option exercise prices were greater than the average market price of the common shares and therefore, the effect of including these options would be antidilutive.

## 12. Segment Information

Management has determined that the Company has two operating segments, which are also reportable segments based on the level at which the Chief Operating Decision Maker reviews the results of operations to make decisions regarding performance assessment and resource allocation. **14. Contingencies**

The Company may from time to time become involved in legal proceedings in the ordinary course of business. Currently, the Company is not a party to any legal proceedings that management believes are likely to have a material effect on the Company's financial position or results of operations with the potential exception of the proceeding below.

In 2012, Nite Glow Industries, Inc and its owner, Marni Markell, ("Nite Glow") filed suit in the United States District Court for New Jersey against the Company alleging that the applicator developed and used by the Company for certain of its branded topical flea and tick products infringes a patent held by Nite Glow and asserted related claims for breach of contract and misappropriation of confidential information based on the terms of a Non-Disclosure Agreement. On June 27, 2018, a jury returned a verdict in favor of Nite Glow on each of the three claims and awarded damages of approximately \$12.6 million. The case is currently in the post-trial motion phase of proceedings and is expected to proceed to appeal once all such motions have been resolved. Unless the verdicts are over-turned in the post-trial proceedings, the Company intends to vigorously pursue its rights on appeal and believes that it will prevail on the merits. While the Company believes that the ultimate resolution of this matter will not have a material impact on the Company's consolidated financial statements, the outcome of litigation is inherently uncertain and the final resolution of this matter may result in expense to the Company in excess of management's expectations.

During fiscal 2013, the Company received notices from several states stating that they have appointed an agent to conduct an examination of the books and records of the Company to determine whether it has complied with state unclaimed property laws. In addition to seeking unclaimed property subject to escheat laws, the states may seek interest, penalties and other relief. The examinations are at an early stage and, as such, management is unable to determine the impact, if any, on the Company's financial position or results of operations.

In November 2019, the Company's DMC business unit in its Pet Segment experienced a fire in one of its leased properties located in Athens, Texas, which resulted in inventory, property-related and business interruption losses in the estimated range of \$35 million to \$40 million.

As of March 28, 2020, the Company had incurred losses of approximately \$ 25 million and received approximately \$ 19 million in insurance proceeds. As such, the Company had approximately \$6 million of cost in excess of insurance proceeds recorded on its balance sheet as of March 28, 2020. The Company believes its insurance coverage is sufficient to cover the asset losses as well as the business interruption loss associated with this event.

The Company has experienced, and may in the future experience, issues with products that may lead to product liability, recalls, withdrawals, replacements of products, or regulatory actions by governmental authorities. The Company has not experienced recent issues with products, the resolution of which management believes would have a material effect on the Company's financial position or results of operations.

## 15. Subsequent Events

In April 2020, the Company's DMC business unit in its Pet Segment experienced a fire in one of its leased properties located in Athens, Texas. As a result, the Company sustained inventory and property-related losses estimated to be approximately \$10 million. This event has temporarily had a limited impact on the Company's ability to fulfill orders to certain of its customers.

Over the last few months, the Company has seen the effects a novel strain of coronavirus ("COVID-19") is having globally on human health, the economy and society at large. The impact of COVID-19 and measures to prevent its spread are affecting the Company's business in a number of ways. Central is considered an essential business in most jurisdictions and almost all of its employees continue to work to meet essential needs. The Company has been actively addressing the COVID-19 situation and its impact on its employees and business.

Subsequent to quarter end, the Company borrowed \$ 200 million under its revolving credit facility to increase financial flexibility while it navigates an uncertain COVID-19 economic environment.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### Our Company

Central Garden & Pet Company ("Central") is a leading innovator, producer and distributor of branded and private label products for the lawn & garden and pet supplies markets in the United States. The total annual retail sales of the pet food, treats & chews, supplies and live animal industry in 2018 was estimated by Packaged Facts and the pet industry to have been approximately \$51.9 billion. We estimate the annual retail sales of the pet supplies, live animal, and treats & chews and natural pet food markets in the categories in which we participate to be approximately \$27.4 billion. The total lawn and garden consumables, decorative products, live plant and outdoor cushions and pillows industry in the United States is estimated by Packaged Facts, The Freedonia Group and TechNavio to have been approximately \$23.3 billion in annual retail sales in 2018, including fertilizer, pesticides, growing media, seeds, mulch, other consumables, decorative products, live plants and outdoor cushions and pillows. We estimate the annual retail sales of the lawn and garden consumables, decorative products and live plant markets in the categories in which we participate to be approximately \$16.3 billion.

Our pet supplies products include products for dogs and cats, including edible bones, premium healthy edible and non-edible chews, natural dog and cat food and treats, toys, pet carriers, grooming supplies and other accessories; products for birds, small animals and specialty pets, including food, cages and habitats, toys, chews and related accessories; animal and household health and insect control products; live fish and products for fish, reptiles and other aquarium-based pets, including aquariums, furniture and lighting fixtures, pumps, filters, water conditioners, food and supplements, and information and knowledge resources; and products for horses and livestock. These products are sold under the brands including Adams™, Aqueon®, Avoderm®, C&S Products®, Cadet®, Farnam®, Four Paws®, Kaytee®, K&H Pet Products®, Nylabone®, Pinnacle®, TFH™, Zilla® as well as a number of other brands including Altosid®, Comfort Zone®, Coralife®, Interpet®, Pet Select® and Zodiac®.

Our lawn and garden supplies products include proprietary and non-proprietary grass seed; wild bird feed, bird feeders, bird houses and other birding accessories; weed, grass, and other herbicides, insecticide and pesticide products; fertilizers; and decorative outdoor lifestyle products including pottery, as well as live plants and outdoor cushions and pillows. These products are sold under the brands AMDRO®, Arden Companies™, Ironite®, Pennington®, and Sevin®, as well as a number of other brand names including Lilly Miller®, Over-N-Out®, Smart Seed® and The Rebels®.

In fiscal 2019, our consolidated net sales were \$2,383 million, of which our Pet segment, or Pet, accounted for approximately \$1,385 million and our Garden segment, or Garden, accounted for approximately \$998 million. In fiscal 2019, our operating income was \$152 million consisting of income from our Pet segment of \$123 million, income from our Garden segment of \$102 million and corporate expenses of \$73 million.

We were incorporated in Delaware in May 1992 as the successor to a California corporation that was formed in 1955. Our executive offices are located at 1340 Treat Boulevard, Suite 600, Walnut Creek, California 94597, and our telephone number is (925) 948-4000. ## Recent Developments

### *Fiscal 2020 Second Quarter Financial Performance:*

- Net sales increased \$29.5 million, or 4.4%, from the prior year quarter to \$703.2 million due primarily to the inclusion of two acquisitions that were not part of the second quarter fiscal 2019 results. Pet segment sales increased \$22.6 million, and Garden segment sales increased \$6.9 million.
- Organic net sales increased 0.5%. Our Pet segment organic net sales increased 3.8% and our Garden segment's declined 2.8%.
- Gross profit increased \$1.1 million, and gross margin declined 110 basis points to 29.5%.
- Selling, general & administrative expense declined \$2.9 million to \$141.0 million and decreased as a percentage of net sales 130 basis points to 20.1%.
- Operating income increased \$3.9 million from the prior year quarter, to \$66.1 million in the second quarter of fiscal 2020.
- Net income in the second quarter of fiscal 2020 was \$42.7 million, or \$0.78 per diluted share, compared to net income of \$42.4 million, or \$0.73 per diluted share, in the second quarter of fiscal 2019.

### *DMC Business Unit*

In November 2019, our DMC business unit in our Pet Segment experienced a fire in one of its leased properties located in Athens, Texas, which resulted in inventory, property-related and business interruption losses in the estimated range of \$35 - \$40 million. We had approximately \$6 million of cost in excess of insurance proceeds recorded on our balance sheet at quarter end. We currently believe our insurance coverage is sufficient to cover the asset losses as well as the business interruption loss associated with this event.

In April 2020, our DMC business unit in our Pet segment experienced a second fire in one of its leased properties located in Athens, Texas. As a result, we sustained inventory and property-related losses estimated to be approximately \$10 million. This event has temporarily had a limited impact on our ability to fulfill orders to certain of our customers. We currently believe our insurance coverage is sufficient to cover the asset losses as well as the business interruption loss associated with this event.

### *COVID-19 Impact*

Over the last few months, we have seen the effects a novel strain of coronavirus ("COVID-19") is having globally on human health, the economy and society at large. The impact of COVID-19 and measures to prevent its spread are affecting our business in a number of ways. Central is considered an essential business in most jurisdictions and almost all of our employees continue to work to meet essential needs. We have been actively addressing the COVID-19 situation and its impact on our employees and business.

From the beginning, our priority has been the safety of our employees, customers and consumers. We are proud of all that our employees have done to prioritize the health and safety of fellow team members while collaborating across the business to ensure we operate as safely and seamlessly as possible in order to provide a steady supply of product to our customers. To that end, we mobilized a cross-functional task force focused on understanding and communicating the critical issues related to the COVID-19 pandemic to mitigate the potential impacts to our people and business.

Our teams have worked hard to do the following:

- Ensure constant communication and regularly share pertinent information around health, safety and benefits;
- Take extra precautions in our manufacturing facilities, distribution centers and offices with guidance from health authorities including social distancing, staggering shifts, procuring necessary personal protection equipment, partitions, sanitation supplies and investing in regular deep cleanings of our facilities;
- Implemented travel restrictions and work-from-home policies for employees who have the ability to work from home in accordance with shelter-in-place orders; and
- Adhere to all local, state and federal requirements.

Central is seeing varying impacts to our Garden and Pet businesses due to COVID-19. In March, we experienced increased demand in pet consumables due to consumers stocking up on products as the COVID-19 shelter-in-place mandates were implemented. We also saw

reduced consumption on other items, such as live fish and live plants, due to in-store curtailments of foot traffic and limited access to outdoor garden departments. The garden business is seasonal and the timing of the COVID-19 outbreak is occurring during the garden season. Additionally, we saw a pronounced shift to the e-commerce channel and a slow-down in brick and mortar retailers.

Our facilities have largely been exempt or partially exempt from government closure orders. We have experienced temporary closures of certain facilities, though there has not been a material impact from a plant closure to date. At some of our facilities, we have experienced reduced productivity and increased employee absences, which we expect to continue during the current pandemic. The pandemic and near-term increase in demand has created operational challenges for our distribution network, though none have had a material impact on our results to date. In our supply chain, it is possible we will experience increased operational and logistics costs, though these did not have a material impact on our second fiscal quarter results. We may experience additional disruptions in our supply chain as the pandemic continues, though we cannot reasonably estimate the potential impact or timing of those events, and we may not be able to mitigate such impact.

We believe we are financially strong and expect to be able to maintain adequate liquidity as we manage through the current economic and health environment. As of March 28, 2020, we had approximately \$330 million in cash. We also have a revolving credit facility that provides up to a \$400 million principal amount with an additional \$200 million available with the consent of the lenders. As of March 28, 2020, there were no borrowings outstanding under the Credit Facility. Subsequent to quarter end, we borrowed \$200 million under our revolving credit facility to increase financial flexibility while we navigate an uncertain COVID-19 economic environment.

We anticipate many small customers may permanently close, and we may experience collection delinquencies as customers seek to preserve liquidity. Additionally, we have small company equity method investees, intangible assets and other long-lived assets whose value is dependent on cashflows. These investments and other assets could be impacted by the COVID-19 pandemic and, therefore, may be more susceptible to impairment. Management's assessment of possible asset impairment involves numerous assumptions that involve significant judgment. As a result of the uncertainties associated with the COVID-19 pandemic, the shelter-in-place orders and the post-COVID-19 economic recovery, these factors will be even more difficult to estimate. Although no impairment charges were indicated or recorded in our second fiscal quarter, we may be required to write-off certain assets that could be material in future periods.

As a result of the COVID-19 pandemic and its current impact on society and the global economic environment, our work on developing our Vision 2025 strategy has been slowed, and we now expect to communicate that strategy in late 2020.

While the unfavorable impact of COVID-19 began to adversely affect the performance in certain portions of our portfolio in March, we expect that most of the impact on our financial results will be in our third and fourth fiscal quarters. As a result of the COVID-19 customer and consumer impact, a few of our businesses experienced demand headwinds in March which continued into April, and it is difficult to predict when more normal order patterns may return. These businesses include our live animal, live plant, pet bedding and aquatics businesses and our UK operations. In the current uncertain environment, our employees, customers and consumers will be our priority as we manage our business to deliver long-term growth.

## Results of Operations

### Three Months Ended March 28, 2020 Compared with Three Months Ended March 30, 2019

#### Net Sales

Net sales for the three months ended March 28, 2020 increased \$29.5 million, or 4.4%, to \$703.2 million from \$673.7 million for the three months ended March 30, 2019. Organic net sales, which excludes the impact of acquisitions and divestitures in the last 12 months, increased \$3.4 million, or 0.5%, as compared to the fiscal 2019 quarter. Our branded product sales increased \$9.7 million, and sales of other manufacturers' products increased \$19.8 million.

Pet net sales increased \$22.6 million, or 6.7%, to \$360.8 million for the three months ended March 28, 2020 from \$338.2 million for the three months ended March 30, 2019. The increase in net sales was due to a \$12.7 million, or 3.8%, increase in organic net sales and \$9.9 million of sales from C&S Products, which we acquired in May 2019. The increase in organic net sales was due primarily to a volume-based sales increase in our dog and cat business and in third-party sales. Both businesses were aided by COVID-19 related consumable pantry loading, and, for our dog and cat business, the increased sales occurred despite headwinds from a fire in one of our pet bedding facilities in the first quarter of fiscal 2020. These increases were partially offset by lower sales in our live fish business due to a major retailer's decision in 2019 to exit the live fish business, and the COVID-19 negative impact on the access to live fish at retailers. Pet branded product sales increased \$15.6 million, and sales of other manufacturers' products increased \$7.0 million.

Garden net sales increased \$6.9 million, or 2.1%, to \$342.4 million for the three months ended March 28, 2020 from \$335.5 million for the three months ended March 30, 2019. The increase in net sales was due primarily to sales from Arden, which became 100% owned due to our acquisition of the remaining equity interest in February 2019, partially offset by lower organic sales, which decreased \$9.3 million, or 2.8%. The decrease in Garden organic sales was due to lower grass seed sales, impacted by the loss of customer promotion support due to COVID-19, lost distribution and lower in-store traffic due to COVID-19, and our exit of the fashion décor pottery product line in mid-2019. These decreases were partially offset by increased sales of third-party products. Garden branded sales decreased \$5.9 million, and sales of other manufacturers' products increased \$12.8 million.

### **Gross Profit**

Gross profit for the three months ended March 28, 2020 increased \$1.1 million, or 0.5%, to \$207.1 million from \$206.1 million for the three months ended March 30, 2019. Gross margin declined 110 basis points to 29.5% for the three months ended March 28, 2020 from 30.6% for the three months ended March 30, 2019. The gross profit increase was due to the Pet segment while both segments contributed to the gross margin decline.

In the Pet segment, gross profit increased but gross margin declined. The gross profit increase was due primarily to recently acquired C&S Products. The gross margin decline was due primarily to lower sales in our live fish business, impacted by a major retailer's decision in 2019 to exit the live fish business and the impact of COVID-19 on deemed non-essential retail products, and the negative impact on product mix of increased sales of third-party products.

In the Garden segment, both gross profit and gross margin declined. Both gross profit and gross margin were negatively impacted by an unfavorable sales mix due primarily to reduced sales and a lower gross margin in our grass seed business and our exit from the fashion décor pottery product line. Additionally, gross margin was negatively impacted by increased third-party sales.

### **Selling, General and Administrative Expenses**

Selling, general and administrative expenses decreased \$2.9 million, or 2.0%, to \$141.0 million for the three months ended March 28, 2020 from \$143.9 million for the three months ended March 30, 2019. Selling, general and administrative expense decreased in both operating segments partially offset by an increase in corporate expense. As a percentage of net sales, selling, general and administrative expenses decreased to 20.1% for the three months ended March 28, 2020, compared to 21.4% in the comparable prior year quarter.

Selling and delivery expense was relatively flat at \$71.8 million for the three months ended March 28, 2020 as compared to the prior year quarter. Increased costs from our two recent acquisitions were offset by cost saving initiatives enacted in response to a retailer's exit from the live fish business and our exit from the fashion décor pottery product line in 2019.

Warehouse and administrative expense decreased \$2.8 million, or 3.9%, to \$69.2 million for the three months ended March 28, 2020 from \$72.0 million for the three months ended March 30, 2019. In our operating segments, cost reductions in response to a retailer's exit from the live fish business, our exit from the fashion décor pottery product line in 2019 and an insurance settlement more than offset costs from our two recent acquisitions. Corporate expenses increased \$2.3 million due primarily to increased medical insurance and equity compensation costs. Corporate expenses are included within administrative expense and relate to the costs of unallocated executive, administrative, finance, legal, human resources, and information technology functions.

### **Operating Income**

Operating income increased \$3.9 million to \$66.1 million for the three months ended March 28, 2020 from \$62.2 million for the three months ended March 30, 2019. The increase in operating income was attributable to increased sales and lower selling, general and administrative costs partially offset by a lower gross margin. Our operating margin increased from 9.2% in the prior year quarter to 9.4% in the current year quarter due to an increase in sales and a 130 basis point decline in selling, general and administrative expense as a percentage of net sales partially offset by a 110 basis point decline in gross margin.

Pet operating income increased \$6.6 million, or 24.6%, to \$33.6 million for the three months ended March 28, 2020 from \$27.0 million for the three months ended March 30, 2019. Pet operating income increased due to increased sales, due to an acquisition and increased organic sales, increased gross profit and decreased selling, general and administrative costs. Pet operating margin increased 130 basis points due to increased sales and lower selling, general and administrative expense as a percentage of net sales partially offset by a lower gross margin.

Garden operating income decreased \$0.4 million, or 0.6%, to \$53.0 million for the three months ended March 28, 2020 from \$53.4 million for the three months ended March 30, 2019. Garden operating income decreased due to lower gross profit and increased selling, general and administrative expense that more than offset increased sales. Garden operating margin declined 40 basis points due to a lower gross margin partially offset by lower selling, general and administrative expense as a percentage of sales.

Corporate operating expense increased \$2.3 million, or 12.9%, to \$20.5 million for the three months ended March 28, 2020 from \$18.2 million for the three months ended March 30, 2019. Corporate expense increased due to increased medical insurance and non-cash equity compensation expense.

#### **Net Interest Expense**

Net interest expense for the three months ended March 28, 2020 increased \$0.9 million, or 11.3%, to \$9.3 million from \$8.4 million for the three months ended March 30, 2019. The increase in net interest expense was due to lower interest income from earnings on cash due to the lower rates available on our cash balance during the quarter.

Debt outstanding on March 28, 2020 was \$693.7 million compared to \$697.8 million at March 30, 2019.

#### **Other Income (Expense)**

Other income (expense) is comprised of income or losses from investments accounted for under the equity method of accounting and foreign currency exchange gains and losses. Other expense was \$1.0 million for the quarter ended March 28, 2020 compared to income of \$0.5 million for the quarter ended March 30, 2019. The change was due primarily to foreign exchange losses in the quarter and the absence of income from our formerly held equity interest in Arden. The Arden business has been part of our consolidated results since our purchase of the remaining ownership interest in February 2019.

#### **Income Taxes**

Our effective income tax rate was 22.7% for the quarter ended March 28, 2020 compared to 21.3% for the quarter ended March 30, 2019. The higher effective income tax rate in the current year quarter was due primarily to a lower stock compensation benefit in the current year quarter compared to the prior year quarter.

#### **Net Income and Earnings Per Share**

Our net income in the second quarter of fiscal 2020 was \$42.7 million, or \$0.78 per diluted share, compared to net income of \$42.4 million, or \$0.73 per diluted share, in the second quarter of fiscal 2019.

### **Six Months Ended March 28, 2020 Compared with Six Months Ended March 30, 2019**

#### **Net Sales**

Net sales for the six months ended March 28, 2020 increased \$50.4 million, or 4.4%, to \$1,186.1 million from \$1,135.7 million for the six months ended March 30, 2019. Organic net sales increased \$2.5 million, or 0.2%, as compared to the prior year six month period. Our branded product sales increased \$22.5 million, and sales of other manufacturers' products increased \$27.9 million.

Pet net sales increased \$36.2 million, or 5.3%, to \$714.8 million for the six months ended March 28, 2020 from \$678.6 for the six months ended March 30, 2019. The increase in net sales was due to both organic growth and sales from C&S Products, which we acquired in May 2019. Organic net sales increased \$17.1 million, or 2.5%, due primarily to increased sales of dog treats, aided by consumable pantry loading associated with COVID-19, and increased third-party sales. These increases were partially offset by lower pet bed sales, negatively impacted by the November 2019 fire in one of our pet bedding facilities, and lower sales of live fish, due to a major retailer's decision in 2019 to exit the live fish business and the negative retail impact of reduced or eliminated foot traffic associated with COVID-19. Pet branded sales increased \$21.9 million, and sales of other manufacturer's products increased \$14.3 million.

Garden net sales increased \$14.2 million, or 3.1%, to \$471.3 million for the six months ended March 28, 2020 from \$457.1 million for the six months ended March 30, 2019. The increase in net sales was due primarily to sales from Arden, which became 100% owned due to our acquisition of the remaining equity interest in February 2019. Organic sales declined \$14.6 million, or 3.2%, due primarily to lower grass seed sales, negatively impacted by competitive pressures and reduced promotions in response to lower in store traffic due to COVID-19, and our exit of the fashion decor pottery product line in mid-2019. These decreases were partially offset by increased sales of third-party products due to new listings and expanded distribution. Garden branded sales increased \$0.6 million, and sales of other manufacturers' products increased \$13.6 million.

### **Gross Profit**

Gross profit for the six months ended March 28, 2020 increased \$2.2 million, or 0.6%, to \$338.4 million from \$336.2 million for the six months ended March 30, 2019. Gross margin decreased 110 basis points to 28.5% for the six months ended March 28, 2020 from 29.6% for the six months ended March 30, 2019. The Pet segment was the driver of the gross profit increase, while both operating segments contributed to the decline in gross margin.

In the Pet segment, gross profit increased due primarily to the acquisition of C&S Products and increased sales in dog treats and chews, partially offset by the impact of the lower sales volume in our live fish business. The decline in gross margin was due primarily to the impact of the lower sales volume in our live fish business, an unfavorable product mix in sales of dog treats and chews and increased sales of third-party products partially offset by the contribution from our acquisition of C&S Products.

In the Garden segment, both gross profit and gross margin were negatively impacted by reduced grass seed sales and our exit from of the fashion décor pottery product line, which was partially offset by the positive impact of the Arden acquisition. Additionally, gross margin was negatively impacted by increased third-party sales.

### **Selling, General and Administrative Expenses**

Selling, general and administrative expenses increased \$6.3 million, or 2.4%, to \$270.2 million for the six months ended March 28, 2020 from \$263.9 million for the six months ended March 30, 2019 due primarily to increased corporate expense. As a percentage of net sales, selling, general and administrative expenses decreased to 22.8% for the six months ended March 28, 2020, from 23.2% for the comparable prior year six month period; both operating segments contributed to the improvement.

Selling and delivery expense increased \$1.8 million, or 1.4%, to \$134.4 million for the six months ended March 28, 2020 from \$132.6 million for the six months ended March 30, 2019. The increase was due primarily to recent acquisitions partially offset by cost saving initiatives enacted in response to a retailer's exit from the live fish business and our exit from the fashion decor pottery product line in 2019.

Warehouse and administrative expense increased \$4.5 million, or 3.4%, to \$135.8 million for the six months ended March 28, 2020 from \$131.3 million for the six months ended March 30, 2019. Increased expense from our two recent acquisitions and in corporate expense was partially offset by cost reduction initiatives enacted in response to a retailer's exit from the live fish business and our exit from the fashion décor pottery product line in 2019. Corporate expense increased due primarily to increased third-party expenses, which included costs related to the development of our Vision 2025 plan and increased legal expense, increased medical insurance and equity compensation expense. Corporate expenses are included within administrative expense and relate to the costs of unallocated executive, administrative, finance, legal, human resource, and information technology functions.

### **Operating Income**

Operating income decreased \$4.1 million to \$68.2 million for the six months ended March 28, 2020 from \$72.3 million for the six months ended March 30, 2019. Our operating margin decreased to 5.7% for the six months ended March 28, 2020 from 6.4% for the six months ended March 30, 2019. Increased sales of \$50.4 million and a 40 basis point improvement in selling, general and administrative expense as a percentage of net sales were more than offset by a 110 basis point decline in gross margin.

Pet operating income increased \$7.1 million, or 12.5%, to \$63.8 million for the six months ended March 28, 2020 from \$56.7 million for the six months ended March 30, 2019. Adjusting for the \$2.5 million intangible asset impairment in fiscal 2019, operating income increased \$4.6 million. The increase in operating income was due to increased net sales of \$36.2 million partially offset by a decline in gross margin and an increase in selling, general and administrative expense.

Garden operating income declined \$4.0 million, or 8.3%, to \$44.7 million for the six months ended March 28, 2020 from \$48.7 million in the six months ended March 30, 2019. Adjusting for the non-cash gain from the fair value remeasurement of our previously held investment interest upon our acquisition of the remaining 55% interest of Arden in the prior six month period, garden operating income decreased \$0.8 million. The decrease in operating income was due primarily to a lower gross margin partially offset by increased sales from the Arden acquisition.

Corporate operating expense increased \$7.2 million to \$40.3 million in the current six-month period from \$33.1 million in the comparable fiscal 2019 period due primarily to increased third-party expenses, increased medical insurance and equity compensation expense.

### **Net Interest Expense**

Net interest expense for the six months ended March 28, 2020 increased \$1.5 million, or 9.2%, to \$18.0 million from \$16.5 million for the six months ended March 30, 2019. The increase in net interest expense was due to lower interest income from earnings on cash due to the lower rates available on our cash balance during the current year six-month period.

Debt outstanding on March 28, 2020 was \$693.7 million compared to \$697.8 million as of March 30, 2019. Our average borrowing rate for the current and prior year six-month periods was 5.8%.

#### **Other Income**

Other income (expense) was an expense of \$0.7 million for the six-month period ended March 28, 2020 compared to income of \$0.3 million for the six-month period ended March 30, 2019. The \$1.0 million decrease was due primarily to the absence of income from our formerly held equity interest in Arden. The Arden business has been part of our consolidated results since our purchase of the remaining ownership interest in February 2019.

#### **Income Taxes**

Our effective income tax rate was 22.1% for the six month period ended March 28, 2020 compared to 21.0% for the six-month period ended March 30, 2019. The higher effective income tax rate in the current six-month period was due primarily to a lower stock compensation benefit compared to the prior year six-month period.

#### **Net Income and Earnings Per Share**

Our net income for the six months ended March 28, 2020 was \$38.3 million, or \$0.69 per diluted share, compared to \$44.2 million, or \$0.76 per diluted share, for the six months ended March 30, 2019.

#### **Use of Non-GAAP Financial Measures**

We report our financial results in accordance with accounting principles generally accepted in the United States (GAAP). However, to supplement the financial results prepared in accordance with GAAP, we use non-GAAP financial measures including EBITDA and organic sales. Management believes these non-GAAP financial measures that exclude the impact of specific items (described below) may be useful to investors in their assessment of our ongoing operating performance and provide additional meaningful comparisons between current results and results in prior operating periods.

EBITDA is defined by us as income before income tax, net other expense, net interest expense and depreciation and amortization (or operating income plus depreciation and amortization expense). We present EBITDA because we believe that EBITDA is a useful supplemental measure in evaluating the cash flows and performance of our business and provides greater transparency into our results of operations. EBITDA is used by our management to perform such evaluation. EBITDA should not be considered in isolation or as a substitute for cash flow from operations, income from operations or other income statement measures prepared in accordance with GAAP. We believe that EBITDA is frequently used by investors, securities analysts and other interested parties in their evaluation of companies, many of which present EBITDA when reporting their results. Other companies may calculate EBITDA differently and it may not be comparable.

We have also provided organic net sales, a non-GAAP measure that excludes the impact of businesses purchased or exited in the prior 12 months, because we believe it permits investors to better understand the performance of our historical business without the impact of recent acquisitions or dispositions.

The reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in the tables below. We believe that the non-GAAP financial measures provide useful information to investors and other users of our financial statements by allowing for greater transparency in the review of our financial and operating performance. Management also uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating our performance, and we believe these measures similarly may be useful to investors in evaluating our financial and operating performance and the trends in our business from management's point of view. While our management believes that non-GAAP measurements are useful supplemental information, such adjusted results are not intended to replace our GAAP financial results and should be read in conjunction with those GAAP results.

Non-GAAP financial measures reflect adjustments based on the following items:

- Gains from the fair value remeasurement of previously held investment interests: we have excluded the impact of the fair value remeasurement of a previously held investment interest as it represents an infrequent transaction that occurs in limited circumstances that impacts the comparability between operating periods. We believe the adjustment of these gains supplements the GAAP information with a measure that may be used to assess the sustainability of our operating performance.
- Asset impairment charges: we have excluded the impact of asset impairments on intangible assets as such non-cash amounts are inconsistent in amount and frequency. We believe that the adjustment of these charges supplements the GAAP information with a measure that can be used to assess the sustainability of our operating performance.

From time to time in the future, there may be other items that we may exclude if we believe that doing so is consistent with the goal of providing useful information to investors and management.

The non-GAAP adjustments reflect the following:

- (1) During the second quarter of fiscal 2019, we recorded a preliminary, pending the finalization of the related purchase accounting, non-cash \$3.2 million gain in our Garden segment from the fair value remeasurement of our previously held 45% interest in Arden upon our acquisition of the remaining 55% interest. The gain was recorded as part of selling, general and administrative costs in the condensed consolidated statements of operations.
- (2) During the second quarter of fiscal 2019, we recognized a non-cash impairment charge in our Pet segment of \$2.5 million related to the impairment of intangible assets caused by a retail customer exiting the live fish business. The adjustment was recorded as part of selling, general and administrative costs.

## Organic Net Sales Reconciliation

We have provided organic net sales, a non-GAAP measure that excludes the impact of recent acquisitions and dispositions, because we believe it permits investors to better understand the performance of our historical business. We define organic net sales as net sales from our historical business derived by excluding the net sales from businesses acquired or exited in the preceding 12 months. After an acquired business has been part of our consolidated results for 12 months, the change in net sales thereafter is considered part of the increase or decrease in organic net sales.

## Inflation

Our revenues and margins are dependent on various economic factors, including rates of inflation, energy costs, consumer attitudes toward discretionary spending, currency fluctuations, and other macro-economic factors which may impact levels of consumer spending. In certain fiscal periods, we have been adversely impacted by rising input costs related to domestic inflation, particularly relating to grain and seed prices, fuel prices and the ingredients used in our garden controls and fertilizer. Rising costs in those periods have made it difficult for us to increase prices to our retail customers at a pace sufficient to enable us to maintain margins.

## **Weather and Seasonality**

Our sales of lawn and garden products are influenced by weather and climate conditions in the different markets we serve. Our Garden segment's business is highly seasonal. In fiscal 2019, approximately 69% of our Garden segment's net sales and 58% of our total net sales occurred during our second and third fiscal quarters. Substantially all of the Garden segment's operating income is typically generated in this period, which has historically offset the operating loss incurred during the first fiscal quarter of the year.

## **Liquidity and Capital Resources**

We have financed our growth through a combination of internally generated funds, bank borrowings, supplier credit, and sales of equity and debt securities to the public.

Our business is seasonal and our working capital requirements and capital resources track closely to this seasonal pattern. Generally, during the first fiscal quarter, accounts receivable reach their lowest level while inventory, accounts payable and short-term borrowings begin to increase. During the second fiscal quarter, receivables, accounts payable and short-term borrowings increase, reflecting the build-up of inventory and related payables in anticipation of the peak lawn and garden selling season. During the third fiscal quarter, inventory levels remain relatively constant while accounts receivable peak and short-term borrowings start to decline as cash collections are received during the peak selling season. During the fourth fiscal quarter, inventory levels are at their lowest, and accounts receivable and payables are substantially reduced through conversion of receivables to cash.

We service two broad markets: pet supplies and lawn and garden supplies. Our pet supplies businesses involve products that have a year round selling cycle with a slight degree of seasonality. As a result, it is not necessary to maintain large quantities of inventory to meet peak demands. Our lawn and garden businesses are highly seasonal with approximately 69% of our Garden segment's net sales occurring during the second and third fiscal quarters. This seasonality requires the shipment of large quantities of product well ahead of the peak consumer buying periods. To encourage retailers and distributors to stock large quantities of inventory, industry practice has been for manufacturers to give extended credit terms and/or promotional discounts.

### ***Operating Activities***

Net cash used by operating activities increased by \$13.4 million, from \$79.3 million for the six months ended March 30, 2019, to \$92.7 million of cash used for the six months ended March 28, 2020. The increase in cash used was due primarily to changes in our working capital accounts for the period ended March 28, 2020, as compared to the prior year period.

### ***Investing Activities***

Net cash used in investing activities decreased \$3.2 million, from \$27.6 million for the six months ended March 30, 2019 to \$24.4 million during the six months ended March 28, 2020. The decrease in cash used in investing activities was due primarily to decreased acquisition activity, partially offset by increased capital expenditures in the current year compared to the prior year. During the second quarter of fiscal 2019, we acquired the remaining 55% interest in Arden Companies for approximately \$11.0 million.

### ***Financing Activities***

Net cash used by financing activities increased \$8.9 million, from \$40.3 million for the six months ended March 30, 2019, to \$49.2 million for the six months ended March 28, 2020. The increase in cash used by financing activities during the current year was due primarily to purchases of our common stock. During the six months ended March 28, 2020, we repurchased approximately 0.2 million shares of our voting common stock (CENT) on the open market at an aggregate cost of approximately \$5.8 million, or approximately \$26.53 per share, and 1.6 million shares of our non-voting Class A common stock (CENTA) on the open market at an aggregate cost of approximately \$41.4 million, or approximately \$25.89 per share. Additionally, during the six months ended March 30, 2019, we repaid approximately \$36 million of acquired long-term debt subsequent to our acquisition of Arden Companies.

We expect that our principal sources of funds will be cash generated from our operations and, if necessary, borrowings under our \$400 million asset backed revolving credit facility. Based on our anticipated cash needs, availability under our asset backed revolving credit facility and the scheduled maturity of our debt, we believe that our sources of liquidity should be adequate to meet our working capital, capital spending and other cash needs for at least the next 12 months. However, we cannot assure you that these sources will continue to provide us with sufficient liquidity and, should we require it, that we will be able to obtain financing on terms satisfactory to us, or at all.

We believe that cash flows from operating activities, funds available under our asset backed loan facility, and arrangements with suppliers will be adequate to fund our presently anticipated working capital and capital expenditure requirements for the foreseeable future. We previously estimated our capital expenditures, which are related primarily to replacements and expansion of and upgrades to plant and

equipment and also investment in our continued implementation of a scalable enterprise-wide information technology platform, would be \$45 million to \$50 million in fiscal 2020. As a result of the uncertainties associated with the COVID-19 pandemic, we are reevaluating the appropriate amount of our fiscal 2020 capital expenditures.

As part of our growth strategy, we have acquired a number of companies in the past, and we anticipate that we will continue to evaluate potential acquisition candidates in the future. If one or more potential acquisition opportunities, including those that would be material, become available in the near future, we may require additional external capital. In addition, such acquisitions would subject us to the general risks associated with acquiring companies, particularly if the acquisitions are relatively large.

### **Total Debt**

At March 28, 2020, our total debt outstanding was \$693.7 million, as compared with \$697.8 million at March 30, 2019.

### **Senior Notes**

#### *\$300 Million 5.125% Senior Notes*

On December 14, 2017, we issued \$300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). We expect to use the net proceeds from the offering to finance future acquisitions and for general corporate purposes.

We incurred approximately \$4.8 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2028 Notes.

The 2028 Notes require semiannual interest payments on February 1 and August 1, commencing August 1, 2018. The 2028 Notes are unconditionally guaranteed on a senior basis by our existing and future domestic restricted subsidiaries who are borrowers under or guarantors of our senior secured revolving credit facility or who guarantee the 2023 Notes.

We may redeem some or all of the 2028 Notes at any time, at our option, prior to January 1, 2023 at the principal amount plus a "make whole" premium. At any time prior to January 1, 2021, we may also redeem, at our option, up to 35% of the original aggregate principal amount of the notes with the proceeds of certain equity offerings at a redemption price of 105.125% of the principal amount of the notes. We may redeem some or all of the 2028 Notes, at our option, at any time on or after January 1, 2023 for 102.563%, on or after January 1, 2024 for 101.708%, on or after January 1, 2025 for 100.854% and on or after January 1, 2026 for 100.0%, plus accrued and unpaid interest.

The holders of the 2028 Notes have the right to require us to repurchase all or a portion of the 2028 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2028 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of March 28, 2020.

#### *\$400 Million 6.125% Senior Notes*

In November 2015, we issued \$400 million aggregate principal amount of 6.125% senior notes due November 2023 (the "2023 Notes"). In December 2015, we used the net proceeds from the offering, together with available cash, to redeem our \$400 million aggregate principal amount of 8.25% senior subordinated notes due March 1, 2018 (the "2018 Notes") at a price of 102.063% of the principal amount and to pay fees and expenses related to the offering.

We incurred approximately \$6.3 million of debt issuance costs in conjunction with these transactions, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2028 Notes.

The 2023 Notes require semiannual interest payments on May 15 and November 15. The 2023 Notes are unconditionally guaranteed on a senior basis by each of our existing and future domestic restricted subsidiaries which are borrowers under or guarantors of our senior secured revolving credit facility. The 2023 Notes are unsecured senior obligations and are subordinated to all of our existing and future secured debt, including our Credit Facility, to the extent of the value of the collateral securing such indebtedness.

We may redeem some or all of the 2023 Notes at any time, at our option, on or after November 15, 2018 for 104.594%, on or after November 15, 2019 for 103.063%, on or after November 15, 2020 for 101.531% and on or after November 15, 2021 for 100%, plus accrued and unpaid interest.

The holders of the 2023 Notes have the right to require us to repurchase all or a portion of the 2023 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2023 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of March 28, 2020.

### **Asset-Based Loan Facility Amendment**

On September 27, 2019, we entered into a Second Amended and Restated Credit Agreement (“Amended Credit Agreement”). The Amended Credit Agreement amended and restated the previous credit agreement dated April 22, 2016 and continues to provide up to a \$400.0 million principal amount senior secured asset-based revolving credit facility, with up to an additional \$200 million principal amount available with the consent of the Lenders, as defined, if we exercise the accordion feature set forth therein (collectively, the “Amended Credit Facility”). The Amended Credit Facility now matures on September 27, 2024. We may borrow, repay and reborrow amounts under the Amended Credit Facility until its maturity date, at which time all amounts outstanding under the Credit Facility must be repaid in full.

The Amended Credit Facility is subject to a borrowing base, reduced capacity due to reserves and certain other restrictions. The borrowing base is calculated using a formula initially based upon eligible receivables and inventory minus certain reserves, and was \$400 million as of March 28, 2020. The Amended Credit Facility also allows us to add real property to the borrowing base so long as the real property is subject to a first priority lien in favor of the Administrative Agent for the benefit of the Lenders. Proceeds of the Amended Credit Facility will be used for general corporate purposes. The Amended Credit Facility includes a \$50 million sublimit for the issuance of standby letters of credit and an increased \$40 million sublimit for short-notice borrowings. We incurred approximately \$1.6 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal expenses. The debt issuance costs are being amortized over the term of the Amended Credit Facility. As of March 28, 2020, there were no borrowings outstanding and no letters of credit outstanding under the Credit Facility. There were other letters of credit of \$3.2 million outstanding as of March 28, 2020. Subsequent to our quarter ended March 28, 2020, we borrowed \$200 million under our revolving credit facility to increase financial flexibility while we navigate an uncertain COVID-19 economic environment.

Borrowings under the Amended Credit Facility bear interest at an index based on LIBOR or, at our option, the Base Rate (defined as the highest of (a) the SunTrust prime rate, (b) the Federal Funds Rate plus 0.50%, (c) one-month LIBOR plus 1.00%), plus, in either case, an applicable margin based on our consolidated senior leverage ratio and (d) 0.00%. Such applicable margin for LIBOR-based borrowings fluctuates between 1.00%-1.50% (previously between 1.25% and 1.50%) and was 1.00% as of March 28, 2020, and such applicable margin for Base Rate borrowings fluctuates between 0.00%-0.50% (previously 0.25%-0.50%), and was 0.00% as of March 28, 2020. An unused line fee shall be payable monthly in respect of the total amount of the unutilized Lenders’ commitments and short-notice borrowings under the Amended Credit Facility. Letter of credit fees at the applicable margin on the average undrawn and unreimbursed amount of letters of credit shall be payable monthly and a facing fee of 0.125% shall be paid on demand for the stated amount of each letter of credit. We are also required to pay certain fees to the administrative agent under the Amended Credit Facility. As of March 28, 2020, the applicable interest rate related to Base Rate borrowings was 3.3%, and the applicable interest rate related to LIBOR-based borrowings was 2.0%. Banks currently reporting information used to set LIBOR will stop doing so after 2021. Various parties, including government agencies, are seeking to identify an alternative rate to replace LIBOR. We are monitoring their efforts, and we will likely amend contracts to accommodate any replacement rate where it is not already provided.

The administering regulatory authority announced it intends to phase out London Interbank Offered Rate (LIBOR) by the end of 2021. We have both LIBOR-denominated and Euro Interbank Offer Rate (EURIBOR)-denominated indebtedness. Once LIBOR is phased out it will be replaced by an alternative method equivalent to LIBOR. Any legal or regulatory changes made in response to LIBOR’s future discontinuance may result in, among other things, a sudden or prolonged increase or decrease in LIBOR, a delay in the publication of LIBOR, or changes in the rules or methodologies in LIBOR. In addition, alternative methods to LIBOR may be impossible or impracticable to determine. The transition to alternatives to LIBOR could be modestly disruptive to the credit markets, and while we do not expect that the transition from LIBOR and risks related thereto will have a material adverse effect on our financing costs, it is still uncertain at this time.

The Amended Credit Facility continues to contain customary covenants, including financial covenants which require us to maintain a minimum fixed charge coverage ratio of 1.00:1.00 upon triggered quarterly testing (e.g. when availability falls below certain thresholds established in the agreement), reporting requirements and events of default. The Amended Credit Facility is secured by substantially all assets of the borrowing parties, including (i) pledges of 100% of the stock or other equity interest of each domestic subsidiary that is directly owned by such entity and (ii) 65% of the stock or other equity interest of each foreign subsidiary that is directly owned by such entity. We were in compliance with all financial covenants under the Credit Facility during the period ended March 28, 2020.

### **Off-Balance Sheet Arrangements**

There have been no material changes to the information provided in our Annual Report on Form 10-K for the fiscal year ended September 28, 2019 regarding off-balance sheet arrangements.

## **Contractual Obligations**

There have been no material changes outside the ordinary course of business in our contractual obligations set forth in the Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources in our Annual Report on Form 10-K for the fiscal year ended September 28, 2019, except as set forth below.

In December 2019, performance-based criteria associated with the \$6 million contingent consideration liability related to our fiscal 2017 acquisition of Segrest, Inc. were met and accordingly, the entire amount was released out of an independent escrow account to the former owners as of December 28, 2019.

Subsequent to quarter end, the Company borrowed \$200 million under its revolving credit facility to increase financial flexibility while it navigates an uncertain COVID-19 economic environment.

## **New Accounting Pronouncements**

Refer to Footnote 1 in the notes to the condensed consolidated financial statements for new accounting pronouncements.

## **Critical Accounting Policies, Estimates and Judgments**

There have been no material changes to our critical accounting policies, estimates and assumptions or the judgments affecting the application of those accounting policies since our Annual Report on Form 10-K for the fiscal year ended September 28, 2019.

## **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

There has been no material change in our exposure to market risk from that discussed in our Annual Report on Form 10-K for the fiscal year ended September 28, 2019.

## **Item 4. Controls and Procedures**

(a) *Evaluation of Disclosure Controls and Procedures*. Our Chief Executive Officer and principal financial officer have reviewed, as of the end of the period covered by this report, the "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) that ensure that information relating to the Company required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported in a timely and proper manner and that such information is accumulated and communicated to our management, including our Chief Executive Officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. Based upon this review, such officers concluded that our disclosure controls and procedures were effective as of March 28, 2020.

(b) *Changes in Internal Control Over Financial Reporting*. Our management, with the participation of our Chief Executive Officer and our principal financial officer have evaluated whether any change in our internal control over financial reporting occurred during the second quarter of fiscal 2020. We implemented controls and a new lease accounting system related to the adoption of ASC 842 and the related financial statement reporting. There were no other changes in our internal control over financial reporting during the second quarter of fiscal 2020 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## **PART II. OTHER INFORMATION**

### **Item 1. Legal Proceedings**

In 2012, Nite Glow Industries, Inc and its owner, Marni Markell, ("Nite Glow") filed suit in the United States District Court for New Jersey against the Company alleging that the applicator developed and used by the Company for certain of its branded topical flea and tick products infringes a patent held by Nite Glow and asserted related claims for breach of contract and misappropriation of confidential information based on the terms of a Non-Disclosure Agreement. On June 27, 2018, a jury returned a verdict in favor of Nite Glow on each of the three claims and awarded damages of approximately \$12.6 million. The case is currently in the post-trial motion phase of proceedings and is expected to proceed to appeal once all such motions have been resolved. Unless the verdicts are over-turned in the post-trial proceedings, the Company intends to vigorously pursue its rights on appeal and believes that it will prevail on the merits. While the Company believes that the ultimate resolution of this matter will not have a material impact on the Company's consolidated financial statements, the

outcome of litigation is inherently uncertain and the final resolution of this matter may result in expense to the Company in excess of management's expectations.

From time to time, we are involved in certain legal proceedings in the ordinary course of business. Except as discussed above, we are not currently a party to any other legal proceedings that management believes would have a material effect on our financial position or results of operations.

## Item 1A. Risk Factors

Except as set forth below, there have been no material changes from the risk factors previously disclosed in Item 1A to Part I of our Form 10-K for the fiscal year ended September 28, 2019.

### ***The COVID-19 pandemic has impacted how we are operating our business, and the duration and extent to which this will impact our future results of operations and overall financial performance remains uncertain.***

The outbreak of the COVID-19 virus in Wuhan, China in late 2019 and subsequent spread of the virus throughout the world has impacted our day-to-day operations and the operations of the vast majority of our customers, suppliers, and consumers. The World Health Organization's March 2020 declaration of the COVID-19 outbreak as a global pandemic has resulted in authorities implementing numerous measures to contain the virus, including travel bans and restrictions, border closures, quarantines, shelter-in-place orders, and business limitations and shutdowns. COVID-19 has adversely affected and may continue to adversely affect how we and our customers are operating our businesses and overall demand for our products.

We have experienced varying impacts to our Garden and Pet businesses due to COVID-19. In March, we experienced increased demand in pet consumables due to consumers stocking up on products as the COVID-19 shelter-in-place mandates were implemented. We also saw reduced consumption on other items, such as live fish and live plants, due to in-store curtailments of foot traffic and limited access to outdoor garden departments. In addition, we saw a pronounced shift to the e-commerce channel and a slow-down in brick and mortar retailers.

Although our facilities have largely been exempt or partially exempt from government closure orders as essential businesses, to support the health and well-being of our employees, customers and communities, we are requiring a significant portion of our workforce to work remotely, and local and state governments in the United States and in the United Kingdom have imposed shelter-in-place requirements and certain travel restrictions, all of which have changed how we operate our business. For our employees who are not working remotely, we have taken several actions to ensure their safety, including instituting workplace safety measures and ensuring the availability of personal protective equipment. While we believe that such actions will help to ensure the safety of our employees, there is no guarantee that such actions will ultimately be successful.

We have experienced temporary closures of certain production facilities and distribution centers, though there has not been a material impact from a plant closure to date. At some of our facilities, we have experienced reduced productivity and increased employee absences, which we expect to continue during the current pandemic. The pandemic and near-term increase in demand for pet consumables has created operational challenges for our distribution network, though none have had a material impact on our results to date. In our supply chain, it is possible we will experience increased operational and logistics costs. We may experience additional disruptions in our supply chain as the pandemic continues, though we cannot reasonably estimate the potential impact or timing of those events, and we may not be able to mitigate such impact.

We anticipate many small customers may permanently close, and we may experience collection delinquencies as customers seek to preserve liquidity. Additionally, we have small company equity method investees, intangible assets and other long-lived assets whose value is dependent on cashflows. These investments and other assets could be impacted by the COVID-19 pandemic and, therefore, may be more susceptible to impairment. Our assessment of possible asset impairment involves numerous assumptions that involve significant judgment. As a result of the uncertainties associated with the COVID-19 pandemic, the shelter-in-place orders and the post COVID-19 economic recovery, these factors will be even more difficult to estimate. Although no impairment charges were recorded in our second fiscal quarter, we may be required to write-off certain assets that could be material in future periods.

The duration and extent of the impact from the COVID-19 pandemic depends on future developments that cannot be accurately predicted at this time, such as the severity and transmission rate of the virus, the extent and effectiveness of containment actions and the impact of these and other factors on our employees, independent contractors and customers and consumers. If we are not able to respond to and manage the impact of such events effectively, our business will be harmed.

## Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table sets forth the repurchases of any equity securities during the fiscal quarter ended March 28, 2020 and the dollar amount of authorized share repurchases remaining under our stock repurchase program.

Period	Total Number of Shares (or Units) Purchased	Average Price Paid per Share (or Units)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs (1) (2)
December 29, 2019 - February 1, 2020	23,162 (3)	\$ 30.38	—	\$ 100,000,000
February 2, 2020 - February 29, 2020	90,123 (2)(3)	\$ 26.76	87,562	\$ 100,000,000
March 1, 2020 - March 28, 2020	901,448 (2)(3)	\$ 25.22	900,336	\$ 100,000,000
Total	1,014,733	\$ 25.47	987,898	\$ 100,000,000 (4)

- (1) During the fourth quarter of fiscal 2019, our Board of Directors authorized a \$100 million share repurchase program, (the "2019 Repurchase Authorization"). The 2019 Repurchase Authorization has no fixed expiration date and expires when the amount authorized has been used or the Board withdraws its authorization. The repurchase of shares may be limited by certain financial covenants in our credit facility that restrict our ability to repurchase our stock. As of March 28, 2020, we had \$100 million of authorization remaining under our 2019 Repurchase Authorization.
- (2) In February 2019, our Board of Directors authorized us to make supplemental stock purchases to minimize dilution resulting from issuances under our equity compensation plans (the "Equity Dilution Authorization"). In addition to our regular share repurchase program, we are permitted to purchase annually a number of shares equal to the number of shares of restricted stock and stock options granted in the prior fiscal year, to the extent not already repurchased, and the current fiscal year. The Equity Dilution Authorization has no fixed expiration date and expires when the Board withdraws its authorization.
- (3) Shares purchased during the period indicated represent withholding of a portion of shares to cover taxes in connection with the vesting of restricted stock and do not reduce the dollar value of shares that may be purchased under our stock repurchase plan.
- (4) Excludes 0.8 million shares remaining under our Equity Dilution Authorization as of March 28, 2020.

FROM: George Yuhas  
DATE: March 1, 2020  
RE: Modification and Extension of February 27, 1998 Employment Agreement and Non-Competition Agreement, as amended June 2, 2003, April 10, 2006, July 1, 2008, March 30, 2012, March 1, 2014, and March 1, 2016, and March 1, 2019 (this "Amendment")

Dear Sonny:

Per recent discussions, this Amendment modifies and extends your February 27, 1998 Employment Agreement, as amended, most recently on March 1, 2018 (as amended, the "Employment Agreement") and your February 27, 1998 Non-Competition Agreement, (as amended, the "Non-Competition Agreement"), as follows:

- 1) During the period from March 1, 2020 through February 28, 2022 effective as of March 1, 2020 (the "Term"), you will continue in your role as "Director of Special Projects" for the Corporate Division of Central Garden & Pet Company (the "Company"); provided, however that the Company may terminate your employment upon ninety (90) days' written notice. In the event of such termination, you shall be entitled to twelve (12) months' severance payments. You may terminate the employment relationship upon ninety (90) days notice.
  - 2) Effective as of March 1, 2020, your base salary will be \$104,000 annually. You will be expected to work a maximum of 500 hours per year (including travel time and Board Meeting time and shall not be required to relocate or commute on a regular basis from Madison, GA).
  - 3) The Non-Competition Agreement will terminate two years after the end of your employment with the Company.
  - 4) This Amendment will be governed and construed in accordance with the laws of the State of Georgia.
  - 5) Except as herein modified (or modified by the June 2, 2003 amendment, the April 10, 2006 amendment, the July 1, 2008 amendment, the March 30, 2012 amendment, the March 1, 2014 amendment, or the March 1, 2016 amendment or the March 1, 2018 amendment), the terms and provisions of the Employment Agreement and Non-Competition Agreement will remain in full force and effect.
-

IN WITNESS WHEREOF, the parties hereto have executed this Amendment on the date first written above.

1. I have reviewed this report on Form 10-Q for the quarter ended March 28, 2020 of Central Garden & Pet Company;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
