Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

This Form 10-Q includes "forward-looking statements." Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, projected cost savings, capital expenditures, financing needs, plans or intentions relating to acquisitions, our competitive strengths and weaknesses, our business strategy and the trends we anticipate in the industries and markets in which we operate and other information that is not historical information. When used in this Form 10-Q, the words "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes" and variations of such words or similar expressions are intended to identify forward-looking statements. All forward-looking statements, including, without limitation, our examination of historical operating trends, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith, and we believe there is a reasonable basis for them, but we cannot assure you that our expectations, beliefs and projections will be realized.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in this Form 10-Q. Important factors that could cause our actual results to differ materially from the forward-looking statements we make in this Form 10-Q are set forth in the Form 10-K for the fiscal year ended September 30, 2023, including the factors described in the section entitled "Item 1A – Risk Factors." If any of these risks or uncertainties materializes, or if any of our underlying assumptions are incorrect, our actual results may differ significantly from the results that we express in, or imply by, any of our forward-looking statements. We do not undertake any obligation to revise these forward-looking statements to reflect future events or circumstances, except as required by law. Presently known risk factors include, but are not limited to, the following factors:

- impact of inflation and interest rates, and other adverse macro-economic conditions;
- fluctuations in market prices for seeds and grains and other raw materials, including the impact of the recent significant decline in grass seed market prices on our inventory valuation;
- our inability to pass through cost increases in a timely manner;
- our ability to recruit and retain members of our management team and employees, including a Chief Executive Officer, to support our businesses;
- fluctuations in energy prices, fuel and related petrochemical costs;

- declines in consumer spending and increased inventory risk during economic downturns;
- reductions in demand for product categories that benefited from the COVID-19 pandemic;
- adverse weather conditions;
- the success of our Central to Home strategy and our Cost and Simplicity program;
- risks associated with our acquisition strategy, including our ability to successfully integrate acquisitions and the impact of purchase accounting on our financial results;
- material weaknesses relating to the internal controls of recently acquired companies;
- seasonality and fluctuations in our operating results and cash flow;
- supply shortages in pet birds, small animals and fish;
- dependence on a small number of customers for a significant portion of our business;
- consolidation trends in the retail industry;
- risks associated with new product introductions, including the risk that our new products will not produce sufficient sales to recoup our investment;
- competition in our industries;
- continuing implementation of an enterprise resource planning information technology system;
- potential environmental liabilities;
- risks associated with international sourcing;
- impacts of tariffs or a trade war;
- access to and cost of additional capital;
- potential goodwill or intangible asset impairment;
- our ability to remediate material weaknesses in our internal control over financial reporting;
- our dependence upon our key executives;
- our ability to protect our trademarks and other proprietary rights;
- litigation and product liability claims;
- regulatory issues;
- the impact of product recalls;
- potential costs and risks associated with actual or potential cyberattacks;
- potential dilution from issuance of authorized shares;
- the voting power associated with our Class B stock; and
- the impact of new accounting regulations and the possibility our effective tax rate will increase as a result of future changes in the corporate tax rate or other tax law changes.

CENTRAL GARDEN & PET COMPANY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
Three and Nine Months Ended June 29, 2024
(Unaudited)

1. Basis of Presentation

The condensed consolidated balance sheets of Central Garden & Pet Company and subsidiaries (the "Company" or "Central") as of June 29, 2024 and June 24, 2023, the condensed consolidated statements of operations, the condensed consolidated statements of comprehensive income for the three and nine months ended June 29, 2024 and June 24, 2023, and the condensed consolidated statements of cash flows for the nine months ended June 29, 2024 and June 24, 2023 have been prepared by the Company, without audit. In the opinion of management, the interim financial statements include all normal recurring adjustments necessary for a fair statement of the results for the interim periods presented.

For the Company's foreign businesses in the United Kingdom and Canada, the local currency is the functional currency. Assets and liabilities are translated using the exchange rate in effect at the balance sheet date. Income and expenses are translated at the average exchange rate for the period. Deferred taxes are not provided on translation gains and losses because the Company expects earnings of its foreign subsidiaries to be permanently reinvested. Transaction gains and losses are included in results of operations.

Due to the seasonal nature of the Company's garden business, the results of operations for the three and nine months ended June 29, 2024 are not necessarily indicative of the operating results that may be expected for the entire fiscal year. These interim financial statements should be read in conjunction with the annual audited financial statements, accounting policies and financial notes thereto, included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2023, which has previously been filed with the Securities and Exchange Commission. The September 30, 2023 balance sheet presented herein was derived from the audited financial statements.

Stock Dividend

In December 2023, the Board of Directors approved a stock dividend in the form of one share of the Company's Class A Common Stock for every four outstanding shares of its Common Stock, Class A Common Stock and Class B Stock. Dividend shares of Class A Common Stock were distributed on February 8, 2024, to stockholders of record as of January 8, 2024.

The stock dividend did not affect the number of the Company's authorized shares and the par value of each share of stock remained unchanged. Proportionate adjustments were made to the per share exercise price and/or the number of shares issuable upon the exercise or vesting of all stock options, restricted stock and performance share units outstanding at January 8, 2024, which resulted in a proportional increase in the number of vesting stock options, restricted stock and performance share units, and, in the case of stock options, a proportional decrease in the exercise price of all such stock options.

Unless noted, all Class A Common Stock share and per share amounts contained in the condensed consolidated financial statements and management's discussion and analysis have been retroactively adjusted to reflect the one-for-four stock dividend. The legal form of the stock dividend was accounted for as a stock split as the Company concluded that shareholders were not receiving a distribution of earnings.

Noncontrolling Interest

Noncontrolling interest in the Company's condensed consolidated financial statements represents the 20% interest not owned by Central in a consolidated subsidiary. Since the Company controls this subsidiary, its financial statements are consolidated with those of the Company, and the noncontrolling owner's 20% share of the subsidiary's net assets and results of operations is deducted and reported as noncontrolling interest on the condensed consolidated balance sheets and as net income attributable to noncontrolling interest in the condensed consolidated statements of operations. See Note 7, Supplemental Equity Information, for additional information.

Cash, Cash Equivalents and Restricted Cash

The Company considers cash and all highly liquid investments with an original maturity of three months or less at date of purchase to be cash and cash equivalents. Restricted cash includes cash and highly liquid instruments that are used as collateral for stand-alone letter of credit agreements related to normal business transactions. These agreements require the Company to maintain specified amounts of cash as collateral in segregated accounts to support the letters of credit issued thereunder, which will affect the amount of cash the Company has available for other uses.

Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents. The Company manages the credit risk associated with cash equivalents by investing with high-quality institutions. The Company maintains cash accounts that exceed federally insured limits. The Company has not experienced any losses from maintaining

cash accounts in excess of such limits. Management believes that it is not exposed to any significant risks on its cash and cash equivalent accounts.

The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the condensed consolidated balance sheets to the condensed consolidated statements of cash flows as of June 29, 2024, June 24, 2023 and September 30, 2023, respectively.

	June 29, 2024	June 24, 2023 (in thousands)	September 30, 2023
Cash and cash equivalents	\$ 570,398	\$ 333,139	\$ 488,730
Restricted cash	13,980	13,542	14,143
Total cash, cash equivalents and restricted cash	\$ 584,378	\$ 346,681	\$ 502,873

Allowance for Credit Losses and Customer Allowances

The Company's trade accounts receivable are recorded at net realizable value, which includes an allowance for estimated credit losses, as well as allowances for contractual customer deductions accounted for as variable consideration. The Company maintains an allowance for credit losses related to its trade accounts receivable associated with future expected credit losses resulting from the inability of its customers to make required payments. The Company estimates the allowance based upon historical bad debts, current customer receivable balances and the customer's financial condition. The allowance is adjusted to reflect changes in current and forecasted macroeconomic conditions. The Company's estimate of credit losses includes expected current and future economic and market conditions.

Revenue Recognition

Revenue Recognition and Nature of Products and Services

The Company manufactures, markets and distributes a wide variety of pet and garden products to wholesalers, distributors and retailers, primarily in the United States. The majority of the Company's revenue is generated from the sale of finished pet and garden products. The Company also recognizes a minor amount of non-product revenue (approximately one percent of consolidated net sales) comprising third-party logistics services, merchandising services and royalty income from sales-based licensing arrangements. Product and non-product revenue is recognized when performance obligations under the terms of the contracts with customers are satisfied. The Company recognizes product revenue when control over the finished goods transfers to its customers, which generally occurs upon shipment to, or receipt at, customers' locations, as determined by the specific terms of the contract, and when control over the finished goods transfers to retail consumers in consignment arrangements. These revenue arrangements generally have single performance obligations. Non-product revenue is recognized as the services are provided to the customer in the case of third-party logistics services and merchandising services, or as third-party licensee sales occur for royalty income. Revenue, which includes shipping and handling charges billed to the customer, is reported net of variable consideration and consideration payable to our customers, including applicable discounts, returns, allowances, trade promotion, unsaleable product, consumer coupon redemption and rebates. Shipping and handling costs that occur before the customer obtains control of the goods are deemed to be fulfillment activities and are accounted for as fulfillment costs.

Key sales terms are established on a frequent basis such that most customer arrangements and related incentives have a one year or shorter duration. As such, the Company does not capitalize contract inception costs. The Company generally does not have unbilled receivables at the end of a period. Deferred revenues are not material and primarily include advance payments for services that have yet to be rendered. The Company does not receive noncash consideration for the sale of goods. Amounts billed and due from our customers are classified as receivables and require payment on a short-term basis; therefore, the Company does not have any significant financing components.

Sales Incentives and Other Promotional Programs

The Company routinely offers sales incentives and discounts through various regional and national programs to its customers and consumers. These programs include product discounts or allowances, product rebates, product returns, one-time or ongoing trade-promotion programs with customers and consumer coupon programs that require the Company to estimate and accrue the expected costs of such programs. The costs associated with these activities are accounted for as reductions to the transaction price of the Company's products and are, therefore, recorded as reductions to gross sales at the time of sale. The Company bases its estimates of incentive costs on historical trend experience with similar programs, actual incentive terms per customer contractual obligations and expected levels of performance of trade promotions, utilizing customer and sales organization inputs. The Company maintains accruals at the end of each period for the estimated incentive costs incurred but unpaid for these programs. Differences between estimated and actual incentive costs are generally not material and are recognized in earnings in the period such differences are determined. Reserves for product returns, accrued rebates and promotional accruals are included in the condensed consolidated balance sheets as part of accrued expenses, and the value of inventory

associated with reserves for sales returns is included within prepaid expenses and other current assets on the condensed consolidated balance sheets.

Leases

The Company determines whether an arrangement contains a lease at inception by determining if the contract conveys the right to control the use of identified property, plant or equipment for a period of time in exchange for consideration and other facts and circumstances. Long-term operating lease right-of-use ("ROU") assets and current and long-term operating lease liabilities are presented separately in the condensed consolidated balance sheets. Finance lease ROU assets are presented in property, plant and equipment, net, and the related finance liabilities are presented with current and long-term debt in the condensed consolidated balance sheets.

Lease ROU assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent the Company's obligation to make lease payments arising from the lease. ROU assets are calculated based on the lease liability adjusted for any lease payments paid to the lessor at or before the commencement date and excludes any lease incentives received from the lessor. Lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. As the Company's leases typically do not contain a readily determinable implicit rate, the Company determines the present value of the lease liability using its incremental borrowing rate at the lease commencement date based on the lease term on a collateralized basis. Variable lease payments are expensed as incurred and include certain non-lease components, such as maintenance and other services provided by the lessor, and other charges included in the lease, as applicable. Non-lease components and the lease components to which they relate are accounted for as a single lease component, as the Company has elected to combine lease and non-lease components for all classes of underlying assets.

Amortization of ROU lease assets is calculated on a straight-line basis over the lease term with the expense recorded in cost of sales or selling, general and administrative expenses, depending on the nature of the leased item. Interest expense is recorded over the lease term and is recorded in interest expense (based on a front-loaded interest expense pattern) for finance leases and is recorded in cost of sales or selling, general and administrative expenses (on a straight-line basis) for operating leases. All operating lease cash payments and interest on finance leases are recorded within cash flows from operating activities and all finance lease principal payments are recorded within cash flows from financing activities in the condensed consolidated statements of cash flows.

Segment Reporting

In November 2023, the FASB issued ASU No. 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures*. This ASU requires enhanced disclosures about significant segment expenses regularly provided to the chief operating decision maker that are included within each reported measure of segment profit or loss, and also requires all annual disclosures currently required by Topic 280 to be included in interim periods. ASU No. 2023-07 is to be applied retrospectively for all periods presented in the financial statements and is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, with early adoption permitted. The Company is currently evaluating the impact that the adoption of this guidance will have on the Company's disclosures.

Income Taxes

In December 2023, the FASB issued ASU No. 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures*. This ASU primarily requires enhanced disclosures and disaggregation of income tax information by jurisdiction in the annual income tax reconciliation and quantitative and qualitative disclosures regarding income taxes paid. ASU No. 2023-09 is to be applied prospectively, with the option to apply the standard retrospectively, effective for fiscal years beginning after December 15, 2024. The Company is currently evaluating the impact that the adoption of this guidance will have on the Company's disclosures.

2. Fair Value Measurements

ASC 820 establishes a single authoritative definition of fair value, a framework for measuring fair value and expands disclosure of fair value measurements. ASC 820 requires financial assets and liabilities to be categorized based on the inputs used to calculate their fair values as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability, which reflect the Company's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The Company's financial instruments include cash and equivalents, short term investments consisting of money market accounts, accounts receivable and payable, short-term borrowings, and accrued liabilities. The carrying amount of these instruments approximates fair value because of their short-term nature.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The Company's financial assets and liabilities measured at fair value on a recurring basis consist of contingent consideration within Level 3 of the fair value hierarchy. Such amounts are not material for all periods presented.

Assets and Liabilities Measured at Fair Value on a Non-Recurring Basis

The Company measures certain non-financial assets and liabilities, including long-lived assets, goodwill and intangible assets, at fair value on a non-recurring basis. Fair value measurements of non-financial assets and non-financial liabilities are used primarily in the impairment analyses of long-lived assets, goodwill and other intangible assets. During the periods ended June 29, 2024 and June 24, 2023, the Company was not required to measure any significant non-financial assets and liabilities at fair value.

Fair Value of Other Financial Instruments

In April 2021, the Company issued \$ 400 million aggregate principal amount of 4.125% senior notes due April 2031 (the "2031 Notes"). The estimated fair value of the Company's 2031 Notes as of June 29, 2024, June 24, 2023 and September 30, 2023 was \$352.2 million, \$326.0 million and \$327.1 million, respectively, compared to a carrying value of \$ 395.9 million, \$395.3 million and \$395.4 million, respectively.

In October 2020, the Company issued \$ 500 million aggregate principal amount of 4.125% senior notes due October 2030 (the "2030 Notes"). The estimated fair value of the Company's 2030 Notes as of June 29, 2024, June 24, 2023 and September 30, 2023 was \$445.7 million, \$413.8 million and \$417.0 million, respectively, compared to a carrying value of \$ 495.0 million, \$494.2 million and \$494.4 million, respectively.

In December 2017, the Company issued \$ 300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). The estimated fair value of the Company's 2028 Notes as of June 29, 2024, June 24, 2023 and September 30, 2023 was \$291.6 million, \$280.7 million and \$279.5 million, respectively, compared to a carrying value of \$ 298.3 million, \$297.9 million and \$298.0 million, respectively.

The estimated fair value is based on quoted market prices for these notes, which are Level 1 inputs within the fair value hierarchy.

3. Acquisitions

On November 3, 2023, the Company acquired TDBBS, LLC ("TDBBS"), a provider of premium natural dog chews and treats for approximately \$ 60 million. The Company has not yet finalized the allocation of the purchase price to the fair value of the tangible assets, intangible assets and liabilities acquired. Approximately \$40 million of the purchase price remains unallocated and is included in other assets on the condensed consolidated balance sheet as of June 29, 2024. The addition of TDBBS expands Central's portfolio with bully and collagen sticks, bones and jerky, adds scale to its dog and cat business and enhances Central's eCommerce and direct-to-consumer capabilities.

4. Inventories, net

Inventories, net of allowance for obsolescence, consist of the following:

	June 29, 2024	June 24, 2023	September 30, 2023

Total inventories, net	<u>\$ 784,775</u>	<u>\$ 865,496</u>	<u>\$ 838,188</u>

5. Goodwill

The Company tests goodwill for impairment annually (as of the first day of the fourth fiscal quarter), or whenever events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount, by first assessing qualitative factors to determine whether it is more likely than not the fair value of the reporting unit is less than its carrying amount. The qualitative assessment evaluates factors including macro-economic conditions, industry-specific and company-specific considerations, legal and regulatory environments and historical performance. If it is determined that it is more likely than not the fair value of the reporting unit is greater than its carrying amount, it is unnecessary to perform the quantitative goodwill impairment test. If it is determined that it is more likely than not that the fair value of the reporting unit is less than its carrying amount, the quantitative test is performed to identify potential goodwill impairment. Based on certain circumstances, the Company may elect to bypass the qualitative assessment and proceed directly to performing the quantitative goodwill impairment test, which compares the estimated fair value of our reporting units to their related carrying values, including goodwill. Impairment is indicated if the estimated fair value of the reporting unit is less than its carrying value, and an impairment charge is recognized for the differential. The Company's goodwill impairment analysis also includes a comparison of the aggregate estimated fair value of its two reporting units to the Company's total market capitalization. No impairment of goodwill was recorded for the nine months ended June 29, 2024 and June 24, 2023.

(1) Other acquired intangible assets include contract-based and technology-based intangible assets.

The Company evaluates long-lived assets, including amortizable and indefinite-lived intangible assets, for impairment whenever events or changes in circumstances indicate the carrying value may not be recoverable. The Company evaluates indefinite-lived intangible assets on an annual basis. Factors indicating the carrying value of the Company's amortizable intangible assets may not be recoverable were not present in the nine months ended June 29, 2024, and accordingly, no impairment testing was performed on these assets.

The Company amortizes its acquired intangible assets with definite lives over periods ranging from two years to 25 years; over weighted average remaining lives of one year for marketing-related intangibles, 11 years for customer-related intangibles and five years for other acquired intangibles. Amortization expense for intangibles subject to amortization was approximately \$ 8.1 million and \$8.4 million for

the three months ended June 29, 2024 and June 24, 2023, respectively, and \$ 24.4 million and \$26.3 million for the nine months ended June 29, 2024 and June 24, 2023, respectively, and is classified within selling, general and administrative expenses in the condensed consolidated statements of operations. Estimated annual amortization expense related to acquired intangible assets in each of the succeeding five years is estimated to be approximately \$29 million per year from fiscal 2024 through fiscal 2026 and \$ 25 million per year from fiscal 2027 through fiscal 2028.

Senior Notes

\$400 million 4.125% Senior Notes due 2031

In April 2021, the Company issued \$ 400 million aggregate principal amount of 4.125% senior notes due April 2031 (the "2031 Notes"). The Company used a portion of the net proceeds from the offering to repay all outstanding borrowings under its Credit Facility, with the remainder used for general corporate purposes.

The Company incurred approximately \$6.0 million of debt issuance costs in conjunction with this issuance, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2031 Notes.

The 2031 Notes require semi-annual interest payments on April 30 and October 30. The 2031 Notes are unconditionally guaranteed on a senior basis by each of the Company's existing and future domestic restricted subsidiaries which are borrowers under or guarantors of the Company's Credit Facility. The 2031 Notes were issued in a private placement under Rule 144A and will not be registered under the Securities Act of 1933.

The Company may redeem some or all of the 2031 Notes at any time, at its option, prior to April 30, 2026 at the principal amount plus a "make whole" premium. The Company may redeem some or all of the 2031 Notes at the Company's option, at any time on or after April 30, 2026 for 102.063%, on or after April 30, 2027 for 101.375%, on or after April 30, 2028 for 100.688% and on or after April 30, 2029 for 100.0%, plus accrued and unpaid interest.

The holders of the 2031 Notes have the right to require the Company to repurchase all or a portion of the 2031 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest, upon the occurrence of a change of control.

The 2031 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of June 29, 2024.

\$500 million 4.125% Senior Notes due 2030

In October 2020, the Company issued \$ 500 million aggregate principal amount of 4.125% senior notes due October 2030 (the "2030 Notes"). The Company used a portion of the net proceeds to redeem all of its outstanding 6.125% senior notes due November 2023 (the

"2023 Notes") at a redemption price of 101.531% plus accrued and unpaid interest, and to pay related fees and expenses, with the remainder used for general corporate purposes.

The Company incurred approximately \$8.0 million of debt issuance costs associated with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2030 Notes.

The 2030 Notes require semiannual interest payments on October 15 and April 15. The 2030 Notes are unconditionally guaranteed on a senior basis by each of the Company's existing and future domestic restricted subsidiaries which are borrowers under or guarantors of the Company's Credit Facility.

The Company may redeem some or all of the 2030 Notes at any time, at its option, prior to October 15, 2025 at a price equal to 100% of the principal amount plus a "make-whole" premium. The Company may redeem some or all of the 2030 Notes, at its option, in whole or in part, at any time on or after October 15, 2025 for 102.063%, on or after October 15, 2026 for 101.375%, on or after October 15, 2027 for 100.688% and on or after October 15, 2028 for 100.0%, plus accrued and unpaid interest.

The holders of the 2030 Notes have the right to require the Company to repurchase all or a portion of the 2030 Notes at a purchase price equal to 101.0% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2030 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of June 29, 2024.

\$300 million 5.125% Senior Notes due 2028

In December 2017, the Company issued \$300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). The Company used the net proceeds from the offering to finance acquisitions and for general corporate purposes.

The Company incurred approximately \$4.8 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2028 Notes.

The 2028 Notes require semiannual interest payments on February 1 and August 1. The 2028 Notes are unconditionally guaranteed on a senior basis by the Company's existing and future domestic restricted subsidiaries which are borrowers under or guarantors of the Company's Credit Facility.

The Company may redeem some or all of the 2028 Notes, at its option, at any time during 2024 for 101.708%, on or after January 1, 2025 for 100.854%, and on or after January 1, 2026 for 100.0%, plus accrued and unpaid interest.

The holders of the 2028 Notes have the right to require the Company to repurchase all or a portion of the 2028 Notes at a purchase price equal to 101.0% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2028 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. The Company was in compliance with all financial covenants as of June 29, 2024.

Asset-Based Loan Facility Amendment

On December 16, 2021, the Company entered into a Third Amended and Restated Credit Agreement (the "Credit Agreement"). The Credit Agreement provides for a \$750 million principal amount senior secured asset-based revolving credit facility, with up to an additional \$400 million principal amount available with the consent of the Lenders, as defined, if the Company exercises the uncommitted accordion feature set forth therein (collectively, the "Credit Facility"). The Credit Facility matures on December 16, 2026. The Company may borrow, repay and reborrow amounts under the Credit Facility until its maturity date, at which time all amounts outstanding under the Credit Facility must be repaid in full.

The Credit Facility is subject to a borrowing base that is calculated using a formula based upon eligible receivables and inventory, and at the Company's election, eligible real property, minus certain reserves. Proceeds of the Credit Facility will be used for general corporate purposes. Net availability under the Credit Facility was approximately \$550 million as of June 29, 2024. The Credit Facility includes a \$50 million sublimit for the issuance of standby and commercial letters of credit and a \$75 million sublimit for swing loan borrowings. As of June 29, 2024, there were no borrowings outstanding and no letters of credit outstanding under the Credit Facility. Outside of the Credit Facility, there were other standby and commercial letters of credit of \$1.1 million outstanding as of June 29, 2024.

Borrowings under the Credit Facility bear interest at a rate based on SOFR (which will not be less than 0.00%) or, at the option of the Company, the Base Rate, plus, in either case, an applicable margin based on the Company's usage under the Credit Facility. Base Rate is defined as the highest of (a) the Truist Bank prime rate, (b) the Federal Funds Rate plus 0.50%, (c) one-month SOFR plus 1.00% and (d) 0.00%. The applicable margin for SOFR-based borrowings fluctuates between 1.00%-1.50%, and was 1.00% as of June 29, 2024, and such

applicable margin for Base Rate borrowings fluctuates between 0.00%-0.50%, and was 0.00% as of June 29, 2024. An unused line fee shall be payable quarterly in respect of the total amount of the unutilized Lenders' commitments and short-notice borrowings under the Credit Facility. Standby letter of credit fees at the applicable margin on the average undrawn and unreimbursed amount of standby letters of credit are payable quarterly and a facing fee of 0.125% is payable quarterly for the stated amount of each letter of credit. The Company is also required to pay certain fees to the administrative agent under the Credit Facility. The Credit Facility was amended on May 15, 2023 to transition from LIBOR to SOFR. As of June 29, 2024, the interest rate applicable to Base Rate borrowings was 8.5%, and the interest rate applicable to one-month SOFR-based borrowings was 6.3%.

The Company incurred approximately \$2.4 million of debt issuance costs in conjunction with this transaction, which included lender fees and legal expenses. The debt issuance costs are being amortized over the term of the Credit Facility.

The Credit Facility contains customary covenants, including financial covenants which require the Company to maintain a minimum fixed charge coverage ratio of 1:1 upon triggered quarterly testing (e.g. when availability falls below certain thresholds established in the agreement), reporting requirements and events of default. The Credit Facility is secured by substantially all assets of the borrowing parties, including (i) pledges of 100% of the stock or other equity interest of each domestic subsidiary that is directly owned by such entity and (ii) 65% of the stock or other equity interest of each foreign subsidiary that is directly owned by such entity, in each case subject to customary exceptions. The Company was in compliance with all financial covenants under the Credit Facility as of June 29, 2024.

9. Stock-Based Compensation

The Company recognized share-based compensation expense of \$ 15.1 million and \$ 20.6 million for the nine months ended June 29, 2024 and June 24, 2023, respectively, as a component of selling, general and administrative expenses. The tax benefit associated with share-based compensation expense for the nine months ended June 29, 2024 and June 24, 2023 was \$3.6 million and \$4.9 million, respectively.

10. Earnings Per Share

The following is a reconciliation of the numerators and denominators of the basic and diluted per share computations for net income available to common shareholders.

Diluted EPS:						
Net income available to common shareholders	\$ 83,126	66,725	\$ 1.25	\$ 122,808	66,832	\$ 1.84

Options to purchase 0.9 million shares of Class A common stock at prices ranging from \$ 20.63 to \$41.10 per share were outstanding at June 29, 2024, and options to purchase 2.0 million shares of Class A common stock at prices ranging from \$21.37 to \$51.37 per share were outstanding at June 24, 2023.

For the three months ended June 29, 2024 and June 24, 2023, approximately 0.2 million and 0.8 million options outstanding, respectively, were not included in the computation of diluted earnings per share because the effect of including these options would be antidilutive.

For the nine months ended June 29, 2024 and June 24, 2023, approximately 0.3 million and 0.6 million options outstanding, respectively, were not included in the computation of diluted earnings per share because the effect of including these options would be antidilutive.

11. Segment Information

Management has determined that the Company has two operating segments, which are also reportable segments based on the level at which the Chief Operating Decision Maker reviews the results of operations to make decisions regarding performance assessment and resource allocation. These operating segments are the Pet segment and the Garden segment. Substantially all of the Company's assets and operations relate to its business in the United States. Financial information relating to the Company's business segments is presented in the table below.

12. Contingencies

The Company may from time to time become involved in legal proceedings in the ordinary course of business. Currently, the Company is not a party to any legal proceedings the resolution of which management believes could have a material effect on the Company's financial position or results of operations with the potential exception of the proceeding below.

In 2012, Nite Glow Industries, Inc. and its owner, Marni Markell, ("Nite Glow") filed suit in the U.S. District Court for New Jersey against the Company alleging that the applicator developed and used by the Company for certain of its branded topical flea and tick products infringes a patent held by Nite Glow and asserted related claims for breach of contract and misappropriation of confidential information based on the terms of a Non-Disclosure Agreement. On June 27, 2018, a jury returned a verdict in favor of Nite Glow on each of the three claims and awarded damages of approximately \$12.6 million. The court ruled on post-trial motions in early June 2020, reducing the judgment amount to \$ 12.4 million and denying the plaintiff's request for attorneys' fees. The Company filed its notice of appeal and the plaintiffs cross-appealed. On July 14, 2021, the Federal Circuit Court of Appeals issued its decision on the appeal. The Federal Circuit concluded that the Company did not infringe plaintiff's patent and determined that the breach of contract claim raised no non-duplicative damages and should be dismissed. The court affirmed the jury's liability verdict on the misappropriation of confidential information claim but ordered a new trial on damages on that single claim limited to the "head start" benefit, if any, generated by the confidential information. The retrial of the head start damages issue concluded in early March 2024, but no decision has been issued by the court. The Company intends to vigorously pursue its defenses in any future proceedings and believes that it will prevail on the merits as to the head start damages issue. While the Company believes that the ultimate resolution of this matter will not have a material impact on the Company's consolidated financial statements, the outcome of litigation is inherently uncertain and the final resolution of this matter may result in expense to the Company in excess of management's expectations.

The Company has experienced, and may in the future experience, issues with products that may lead to product liability, recalls, withdrawals, replacements of products, or regulatory actions by governmental authorities. The Company has not experienced recent issues with products, the resolution of which, management believes would have a material effect on the Company's financial position or results of operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Our Company

Central Garden & Pet Company ("Central") is a market leader in the garden and pet industries in the United States. For over 40 years, Central has proudly nurtured happy and healthy homes by bringing innovative and trusted solutions to consumers and its customers. We manage our operations through two reportable segments: Pet and Garden.

Our Pet segment includes dog and cat supplies such as dog treats and chews, toys, pet beds and grooming products, waste management and training pads, pet containment; supplies for aquatics, small animals, reptiles and pet birds including toys, cages and habitats, bedding, food and supplements; products for equine and livestock, animal and household health and insect control products; live fish and small animals as well as outdoor cushions. These products are sold under brands such as Aqueon®, Cadet®, Comfort Zone®, Farnam®, Four Paws®, K&H Pet Products® ("K&H"), Kaytee®, Nylabone® and Zilla®.

Our Garden segment includes lawn and garden consumables such as grass seed, vegetable, flower and herb packet seed; wild bird feed, bird houses and other birding accessories; weed, grass, and other herbicides, insecticide and pesticide products; fertilizers and live plants. These products are sold under brands such as Amdro®, Ferry-Morse®, Pennington® and Sevin®.

In fiscal 2023, our consolidated net sales were \$3.3 billion, of which our Pet segment, or Pet, accounted for approximately \$1.9 billion and our Garden segment, or Garden, accounted for approximately \$1.4 billion. In fiscal 2023, our operating income was \$211 million consisting of income from our Pet segment of \$198 million, income from our Garden segment of \$123 million and corporate expenses of \$111 million.

We were incorporated in Delaware in May 1992 as the successor to a California corporation that was formed in 1955. Our executive offices are located at 1340 Treat Boulevard, Suite 600, Walnut Creek, California 94597, and our telephone number is (925) 948-4000. Our website is www.central.com. The information on our website is not incorporated by reference in this quarterly report.

Recent Developments

Fiscal 2024 Third Quarter Financial Performance:

- Net sales decreased \$27.0 million, or 2.6%, from the prior year quarter to \$996 million. Organic net sales decreased 2.9% with Pet organic sales decreasing 2.2% and Garden organic sales decreasing 3.7%.
- Gross profit decreased \$1.0 million from the prior year quarter, and gross margin increased 70 basis points to 31.8%.

- Selling, general and administrative expense increased \$5.9 million from the prior year quarter to \$201.1 million and as a percentage of net sales increased 110 basis points to 20.2%.
- Operating income declined \$6.9 million from the prior year quarter to \$115.9 million. On a non-GAAP basis, operating income declined \$9.7 million from the prior year quarter.
- Net Income in the third quarter of fiscal 2024 was \$79.7 million, or \$1.19 per diluted share, compared to \$83.1 million, or \$1.25 per diluted share, in the third quarter of fiscal 2023. On a non-GAAP basis, net income was \$88.2 million, or \$1.32 per diluted share, in the third quarter of fiscal 2024.

Facility Closures and business exit

During the third quarter of fiscal year 2024, as part of our Cost and Simplicity program and in response to changing market conditions, we decided to exit the pottery business which we expect to be completed by fiscal year-end 2025. Additionally, we closed a live goods distribution facility in Delaware and are relocating our grass seed research facility. These activities reflect our ongoing network optimization initiative to achieve a simpler, more efficient manufacturing and distribution network. As a result, we incurred approximately \$11.1 million of one-time costs, including \$8.6 million in cost of goods sold and \$2.5 million in selling, general and administrative costs, comprised of charges for the impairment of inventory and facility closures, the majority of which were non-cash.

During the second quarter of fiscal year 2024, as part of our Cost and Simplicity program we decided to close a manufacturing facility in Chico, California. Additionally, in the second quarter, we began the Southeast consolidation of four distribution locations into one new modern facility, which we expect to be completed by year-end. As a result, we incurred approximately \$5.3 million of one-time costs, including \$2.5 million in cost of goods sold and \$2.8 million in selling, general and administrative costs, comprised of charges for facility closures, severance, and impairment of inventory, the majority of which were non-cash.

Anticipated Inventory Write-Down in Fourth Quarter

In August 2024, given the recent significant decrease in market prices for grass seed, we determined it will be necessary to write down the value of our grass seed inventory. We currently anticipate a charge in the range of \$15-20 million in our fourth quarter of fiscal 2024.

Stock Dividend

In December 2023, our Board of Directors approved a stock dividend in the form of one share of the Company's Class A Common Stock for every four outstanding shares of its Common Stock, Class A Common Stock and Class B Stock. Dividend shares of Class A Common Stock were distributed on February 8, 2024, to stockholders of record as of January 8, 2024. The Company believes the stock dividend will increase liquidity, which should benefit stockholders and provide the Company with more flexibility to pursue its growth objectives.

The stock dividend did not affect the number of the Company's authorized shares and the par value of each share of stock remained unchanged. Proportionate adjustments were made to the per share exercise price and/or the number of shares issuable upon the exercise or vesting of all stock options, restricted stock and performance share units outstanding at January 8, 2024, which resulted in a proportional increase in the vesting of such stock options, restricted stock and performance share units, and, in the case of stock options, a proportional decrease in the exercise price of all such stock options.

Unless noted, all Class A Common share and per share amounts contained in the condensed consolidated financial statements and this management's discussion and analysis have been retroactively adjusted to reflect the one-for-four stock dividend.

Results of Operations

Three Months Ended June 29, 2024 Compared with Three Months Ended June 24, 2023

Net Sales

Net sales for the three months ended June 29, 2024 decreased \$27.0 million, or 2.6%, to \$996.3 million from \$1,023.3 million for the three months ended June 24, 2023. Organic net sales, which excludes the impact of our acquisition of TDBBS in November 2023 and the sale of our independent garden channel distribution business in July 2023, decreased 2.9%. Our branded product sales decreased \$21.8 million, and sales of other manufacturers' products decreased \$5.2 million.

Pet net sales increased \$4.7 million, or 0.9%, to \$508.0 million for the three months ended June 29, 2024 from \$503.3 million for the three months ended June 24, 2023. Pet organic net sales, which excludes the impact of our acquisition of TDBBS in November 2023, declined 2.2%. The decline in Pet organic net sales was due primarily to lower demand for durable pet products, particularly in our outdoor cushion and pet bed businesses, partially offset by increased sales in consumable pet products, especially in our dog and cat treats and toys and professional businesses. Pet branded product sales increased \$1.4 million, and sales of other manufacturers' products increased \$3.3 million.

Garden net sales decreased \$31.7 million, or 6.1%, to \$488.3 million for the three months ended June 29, 2024 from \$520.0 million for the three months ended June 24, 2023. Garden organic net sales, which excludes the impact of the sale of our independent garden channel distribution business in July 2023, decreased 3.7%. The decrease in Garden organic net sales was due primarily to decreased sales in our live plant business, partially offset by increased sales of grass seed. Garden branded product sales decreased \$23.2 million, and sales of other manufacturers' products decreased \$8.5 million.

Gross Profit

Gross profit for the three months ended June 29, 2024 decreased \$1.0 million, or 0.3%, to \$317.1 million from \$318.1 million for the three months ended June 24, 2023. Gross margin increased 70 basis points to 31.8% for the three months ended June 29, 2024 from 31.1% for the three months ended June 24, 2023. The gross margin improvement was driven by the benefits from the prior year initiatives under our Cost and Simplicity program and moderating inflation.

An increase in gross margin in the Pet segment was partially offset by a decrease in the Garden segment. Both Pet and Garden benefited from prior year projects under our Cost and Simplicity program and moderating inflation. Pet was positively impacted by our exit of the private-label pet bed business and closure of the associated manufacturing and distribution facility in the third quarter of fiscal 2023. The Garden gross margin was negatively impacted by the lower sell through of live plants which was only partially offset by the positive impact of moderating inflation.

On a non-GAAP basis, which excludes the impact of the charges for the facility closures in the current and prior year periods and the charges in the current year related to our decision to exit the pottery business, gross profit for the three months ended June 29, 2024 decreased \$0.4 million, or 0.1%, to \$325.7 million from \$326.1 million for the three months ended June 24, 2023. Non-GAAP gross margin increased 80 basis points to 32.7% for the three months ended June 29, 2024 from 31.9% for the three months ended June 24, 2023.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased \$5.9 million, or 3.0%, to \$201.1 million for the three months ended June 29, 2024. As a percentage of net sales, selling, general and administrative expenses increased to 20.2% for the three months ended June 29, 2024, compared to 19.1% in the comparable prior year quarter. Increased expense at corporate and in the Pet segment was partially offset by a small decrease in expense in the Garden segment.

Selling and delivery expense increased \$4.6 million to \$96.9 million for the three months ended June 29, 2024 as compared to \$92.3 million in the prior year quarter. The increased expense was in the Pet segment due primarily to our acquisition of TDBBS in November 2023.

Warehouse and administrative expense increased \$1.3 million, or 1.2%, to \$104.2 million for the three months ended June 29, 2024 from \$102.9 million for the three months ended June 24, 2023. The increase in warehouse and administrative expense was due primarily to an increase in corporate expense partially offset by a decrease in the Pet segment. Corporate expense increased \$4.5 million due primarily to increased third-party expenses, primarily legal costs, and increased salary and variable compensation expense. Corporate expenses are included within administrative expense and relate to the costs of unallocated executive, administrative, finance, legal, human resources, and information technology functions.

Operating Income

Operating income decreased \$6.9 million, or 5.6%, to \$115.9 million for the three months ended June 29, 2024 from \$122.8 million for the three months ended June 24, 2023. Our operating margin decreased from 12.0% in the prior year quarter to 11.6% in the current year quarter. The decrease in operating income was due to reduced net sales and a \$5.9 million increase in selling, general and administrative expense partially offset by a 70 basis point increase in gross margin.

Pet operating income increased \$23.1 million, or 38.5%, to \$83.1 million for the three months ended June 29, 2024 from \$60.0 million for the three months ended June 24, 2023. Pet operating income increased due to a \$4.7 million increase in net sales and an improved gross margin, partially offset by increased selling, general and administrative expense.

Garden operating income decreased \$25.6 million to \$62.5 million for the three months ended June 29, 2024 from \$88.1 million for the three months ended June 24, 2023. Garden operating income decreased due to lower sales and a decrease in gross margin partially offset by lower selling, general and administrative expense.

Corporate operating expense increased \$4.5 million, or 17.5%, to \$29.7 million for the three months ended June 29, 2024 from \$25.2 million for the three months ended June 24, 2023. Corporate expense increased due primarily to increased third-party expenses, primarily legal costs, and increased salary and variable compensation expense.

Net Interest Expense

Net interest expense for the three months ended June 29, 2024 decreased \$2.9 million, or 22.2%, to \$10.2 million from \$13.1 million for the three months ended June 24, 2023. The decrease in net interest expense was due to increased interest income resulting from both higher rates of interest earned and a higher cash balance during the current quarter. Debt outstanding on June 29, 2024 was \$1,189.7 million compared to \$1,187.8 million at June 24, 2023.

Other Income

Other income is comprised of income or losses from investments accounted for under the equity method of accounting and foreign currency exchange gains and losses. Other income decreased \$0.6 million to \$0.2 million of income for the three months ended June 29, 2024 from \$0.8 million of income for the three months ended June 24, 2023. The decrease in other income was due primarily to foreign currency losses in the current year quarter as compared to foreign currency gains.

Income Taxes

Our effective income tax rate was 24.0% for the quarter ended June 29, 2024 and 24.4% for the three months ended June 24, 2023. The decrease in our effective income tax rate was due primarily to an increased tax benefit from stock compensation compared to the prior year quarter.

Net Income and Earnings Per Share

Net income in the third quarter of fiscal 2024 was \$79.7 million, or \$1.19 per diluted share, compared to \$83.1 million, or \$1.25 per diluted share, in the third quarter of fiscal 2023. The decrease in net income and earnings per share was due to \$6.9 million decrease in operating income partially offset by decreased net interest expense in the current year quarter. On a non-GAAP basis, net income in the third quarter of fiscal 2024 was \$88.2 million, or \$1.32 per diluted share, compared to \$93.7 million, or \$1.40 per diluted share, in the third quarter of fiscal 2023.

Nine Months Ended June 29, 2024 Compared with Nine Months Ended June 24, 2023

Net Sales

Net sales for the nine months ended June 29, 2024 decreased \$29 million, or 1.1%, to \$2,531 million from \$2,560 million for the nine months ended June 24, 2023. Organic net sales decreased \$33 million, or 1.3%, as compared to the prior year nine-month period. Our branded product sales decreased \$16 million, and sales of other manufacturers' products decreased \$13 million.

Pet net sales increased \$3 million, or 0.2%, to \$1,397 million for the nine months ended June 29, 2024 from \$1,394 million for the nine months ended June 24, 2023. Pet organic sales, which exclude net sales from the acquisition of TDBBS in November 2023, declined \$45 million, or 3.2%, as compared to the prior year nine-month period. The decline in organic net sales was due primarily to lower sales of durable items impacting outdoor cushions, pet beds and aquatics. Pet branded sales decreased \$2 million, and sales of other manufacturer's products increased \$5 million.

Garden net sales decreased \$32 million, or 2.8%, to \$1,134 million for the nine months ended June 29, 2024 from \$1,166 million for the nine months ended June 24, 2023. Garden organic net sales increased \$12 million, or 1.1%. The increase in organic net sales was primarily in our branded controls business and in grass seed, partially offset by lower sales in wild bird feed. Garden branded sales decreased \$14 million, and sales of other manufacturers' products decreased \$18 million.

Gross Profit

Gross profit for the nine months ended June 29, 2024 increased \$25.4 million, or 3.4%, to \$774.8 million from \$749.4 million for the nine months ended June 24, 2023. Gross margin improved 130 basis points to 30.6% for the nine months ended June 29, 2024 from 29.3% for the nine months ended June 24, 2023. An increase in gross profit and gross margin in Pet was partially offset by declines in Garden.

Pet was positively impacted by our exit of the private-label pet bed business and closure of the associated manufacturing and distribution facility in the prior year, other smaller productivity initiatives and moderating inflation. Garden was negatively impacted by lower sales of live goods and by two fiscal 2024 initiatives under our Cost and Simplicity program, the closure of a manufacturing facility in the second quarter and our decision to exit the pottery business in the third quarter.

On a non-GAAP basis, which excludes the impact of the charges for the facility closures in the current and prior year and the charges related to our decision to exit the pottery business in the current year, gross profit for the nine months ended June 29, 2024 increased \$28.5 million, or 3.8%, to \$785.9 million from \$757.4 million for the nine months ended June 24, 2023. Non-GAAP gross margin increased 150 basis points to 31.1% for the nine months ended June 29, 2024 from 29.6% for the nine months ended June 24, 2023. Both Pet and Garden contributed to the increase in gross margin.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased \$8.9 million, or 1.6%, to \$557.0 million for the nine months ended June 29, 2024 from \$548.1 million for the nine months ended June 24, 2023. As a percentage of net sales, selling, general and administrative expenses increased to 22.0% for the nine months ended June 29, 2024 from 21.4% for the comparable prior year nine-month period. The increase was primarily in the Pet segment although both corporate and Garden contributed to a lesser extent.

Selling and delivery expense decreased \$2.2 million, or 0.9%, to \$248.6 million for the nine months ended June 29, 2024 from \$250.8 million for the nine months ended June 24, 2023. The reduction in expense was due primarily to lower delivery expense due to our exit from the independent garden channel distribution business and lower marketing costs partially offset by an increase from our recent acquisition of TDBBS in the Pet segment.

Warehouse and administrative expense increased \$11.1 million, or 3.7%, to \$308.4 million for the nine months ended June 29, 2024 from \$297.3 million for the nine months ended June 24, 2023. The increase in warehouse and administration expense was due primarily to the expense incurred from our recent acquisition, TDBBS, in the Pet segment and the increased expense associated with the closure of manufacturing and distribution facilities and our decision to exit the pottery business in our Garden segment. Corporate expense increased \$1.6 million due primarily to increased third-party expenses, primarily legal costs, partially offset by lower equity compensation expense. Corporate expenses are included within administrative expense and relate to the costs of unallocated executive, administrative, finance, legal, human resources, and information technology functions.

Operating Income

Operating income increased \$16.5 million, or 8.2%, to \$217.8 million for the nine months ended June 29, 2024 from \$201.3 million for the nine months ended June 24, 2023. Our operating margin increased to 8.6% for the nine months ended June 29, 2024 from 7.9% for the nine months ended June 24, 2023. Operating income increased due to a \$25.4 million increase in gross profit and a 130 basis point improvement in gross margin, partially offset by a \$29.0 million decrease in net sales and an \$8.9 million increase in selling, general and administrative expense.

Pet operating income increased \$34.3 million, or 22.2%, to \$189.1 million for the nine months ended June 29, 2024 from \$154.8 million for the nine months ended June 24, 2023. Pet operating income increased due to an increase in net sales and an increase in gross profit and gross margin, partially offset by an increase in selling, general and administrative expense.

Garden operating income decreased \$16.2 million to \$110.7 million for the nine months ended June 29, 2024 from \$126.9 million for the nine months ended June 24, 2023. Garden operating income decreased due to a decrease in net sales and gross profit and a minor increase in selling, general and administrative expense.

Corporate operating expense increased \$1.6 million to \$82.0 million in the current nine-month period from \$80.4 million in the comparable fiscal 2023 period due primarily to increased third-party expenses, primarily legal costs, partially offset by lower equity compensation expense.

Net Interest Expense

Net interest expense for the nine months ended June 29, 2024 decreased \$10.2 million, or 24.5%, to \$31.4 million from \$41.6 million for the nine months ended June 24, 2023. The decrease in net interest expense was due to increased interest income resulting from both higher cash balances and higher rates of interest earned during the current nine-month period. Debt outstanding as of June 29, 2024 was \$1,189.7 million compared to \$1,187.8 million as of June 24, 2023.

Other Income

Other income was \$1.0 million for the nine-month period ended June 29, 2024 compared to \$3.1 million for the nine-month period ended June 24, 2023. The decrease in other income was due primarily to lower foreign currency gains in the current nine-month period, as compared to the prior year period.

Income Taxes

Our effective income tax rate was 23.3% for the nine-month period ended June 29, 2024 compared to 24.2% for the nine-month period ended June 24, 2023. The decrease in our effective income tax rate was due primarily to a larger tax benefit from stock compensation compared to the prior nine-month period.

Net Income and Earnings Per Share

Our net income for the nine months ended June 29, 2024 was \$142.1 million, or \$2.13 per diluted share, compared to \$122.8 million, or \$1.84 per diluted share, for the nine months ended June 24, 2023.

On a non-GAAP basis, net income for the nine-month period ended June 29, 2024 was \$154.7 million or \$2.31 per diluted share, compared to \$133.4 million, or \$2.00 per diluted share, for the nine month period ended June 24, 2023.

Use of Non-GAAP Financial Measures

We report our financial results in accordance with GAAP. However, to supplement the financial results prepared in accordance with GAAP, we use non-GAAP financial measures including non-GAAP net income and diluted net income per share, non-GAAP operating income, adjusted EBITDA and organic net sales. Management uses these non-GAAP financial measures that exclude the impact of specific items (described below) in making financial, operating and planning decisions and in evaluating our performance. Also, Management believes that these non-GAAP financial measures may be useful to investors in their assessment of our ongoing operating performance and provide additional meaningful comparisons between current results and results in prior operating periods. While Management believes that non-GAAP measures are useful supplemental information, such adjusted results are not intended to replace our GAAP financial results and should be read in conjunction with those GAAP results.

Adjusted EBITDA is defined by us as income before income tax, net other expense, net interest expense and depreciation and amortization and stock-based compensation expense (or operating income plus depreciation and amortization expense and stock-based compensation expense). Adjusted EBITDA further excludes one-time charges related to facility closures. We present adjusted EBITDA because we believe that adjusted EBITDA is a useful supplemental measure in evaluating the cash flows and performance of our business and provides greater transparency into our results of operations. Adjusted EBITDA is used by our management to perform such evaluations. Adjusted EBITDA should not be considered in isolation or as a substitute for cash flow from operations, income from operations or other income statement measures prepared in accordance with GAAP. We believe that adjusted EBITDA is frequently used by investors, securities analysts and other interested parties in their evaluation of companies, many of which present adjusted EBITDA when reporting their results. Other companies may calculate adjusted EBITDA differently and it may not be comparable.

The reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in the tables below.

Non-GAAP financial measures reflect adjustments based on the following items:

- Facility closures and business exit: we have excluded the charges related to our decision to exit the pottery business and the closure of distribution and manufacturing facilities as they represent infrequent transactions that impact the comparability between operating periods. They exclude the impact of the expenditures related to the Cost and Simplicity program we have embarked on to improve our future operations. We believe these exclusions supplement the GAAP information with a measure that may be useful to investors in assessing the sustainability of our operating performance.

From time to time in the future, there may be other items that we may exclude if we believe that doing so is consistent with the goal of providing useful supplemental information to investors and management.

1. During the third quarter of fiscal 2024, we recognized incremental expense of \$11.1 million in the consolidated statement of operations, from the decision to exit the pottery business, the closure of a live goods distribution facility in Delaware and the relocation of our grass seed research facility.

- During the second quarter of fiscal 2024, we recognized incremental expense of \$5.3 million in the consolidated statement of operations, from the closure of a manufacturing facility in Chico, California and the consolidation of our Southeast distribution network.
- During the third quarter of fiscal 2023, we recognized incremental expense of \$13.9 million in the consolidated statement of operations, from the closure of a leased manufacturing and distribution pet bedding facility in Athens, Texas.

Inflation

Our revenues and margins are dependent on various economic factors, including rates of inflation, energy costs, consumer behavior, currency fluctuations, and other macro-economic factors which may impact levels of consumer spending. In certain fiscal periods, we have been adversely impacted by rising input costs related to domestic inflation, particularly relating to grain and seed prices, fuel prices and the ingredients used in our garden controls and fertilizers. Rising costs in those periods have made it difficult for us to increase prices to our retail customers at a pace sufficient to enable us to maintain margins.

In fiscal 2022, we experienced notable inflationary pressure which continued in fiscal 2023, although at a reduced rate in the latter months of fiscal 2023. The rate of inflationary pressure for key commodities, labor and freight, has begun to moderate in calendar 2024.

Weather and Seasonality

Our sales of lawn and garden products are influenced by weather conditions in the different markets we serve. Our Garden segment's business is highly seasonal. In fiscal 2023, approximately 67% of our Garden segment's net sales and 58% of our total net sales occurred during our second and third fiscal quarters. Substantially all of the Garden segment's operating income is typically generated in this period, which has historically offset any operating loss incurred during the first fiscal quarter of the year.

Liquidity and Capital Resources

We finance our growth through a combination of cash generated from operations, bank borrowings, supplier credit, and sales of equity and debt securities.

Our business is seasonal, and our working capital requirements and capital resources track closely to this seasonal pattern. Generally, during the first fiscal quarter, accounts receivable reach their lowest level while inventory, accounts payable and short-term borrowings begin to increase. During the second fiscal quarter, receivables, accounts payable and short-term borrowings increase, reflecting the build-up of inventory and related payables in anticipation of the peak lawn and garden selling season. During the third fiscal quarter, inventory levels remain relatively constant while accounts receivable peak and short-term borrowings start to decline as cash collections are received during the peak selling season. During the fourth fiscal quarter, inventory levels are at their lowest, and accounts receivable and payables are substantially reduced through conversion of receivables to cash.

We service two broad markets: pet supplies and lawn and garden supplies. Our pet supplies businesses have a year round selling cycle with a slight degree of seasonality. As a result, it is not necessary to maintain large quantities of inventory to meet peak demands. Our lawn and garden businesses are highly seasonal with approximately 67% of our Garden segment's net sales occurring during the second and third fiscal quarters. This seasonality requires the shipment of large quantities of product well ahead of the peak consumer buying periods. To encourage retailers and distributors to stock large quantities of inventory, industry practice has been for manufacturers to give extended credit terms and/or promotional discounts.

Operating Activities

Net cash provided by operating activities decreased by \$35.8 million, from \$227.6 million for the nine months ended June 24, 2023, to \$191.8 million for the nine months ended June 29, 2024. The decrease in cash provided by operating activities was due primarily to changes in our working capital accounts for the nine-month period ended June 29, 2024, as compared to the prior year period, primarily decreased inventory and accounts receivables.

Investing Activities

Net cash used in investing activities increased \$53.1 million, from \$41.5 million for the nine months ended June 24, 2023 to \$94.6 million during the nine months ended June 29, 2024. The increase in cash used in investing activities was due primarily to acquisition activity partially offset by decreased capital expenditures in the current year.

Financing Activities

Net cash used by financing activities decreased \$17.7 million, from \$33.7 million for the nine months ended June 24, 2023, to \$16.0 million for the nine months ended June 29, 2024. The decrease in cash used by financing activities during the current year was due primarily to decreased open market purchases of our common stock during the current year as compared to the prior year. During the nine months ended June 29, 2024, we repurchased approximately 0.1 million shares of our non-voting Class A common stock (CENTA) on the open market at an aggregate cost of approximately \$1.4 million, or approximately \$28.75 per share. During the nine months ended June 24, 2023, we repurchased approximately 0.3 million shares of our voting common stock (CENT) on the open market at an aggregate cost of approximately \$7.7 million, and approximately 0.7 million shares of our non-voting Class A common stock (CENTA) on the open market at an aggregate cost of approximately \$20.6 million.

We expect that our principal sources of funds will be cash generated from our operations and, if necessary, borrowings under our \$750 million Credit Facility. Based on our anticipated cash needs, availability under our Credit Facility and the scheduled maturity of our debt, we believe that our sources of liquidity should be adequate to meet our working capital, capital spending and other cash needs for at least the next 12 months. However, we cannot assure you that these sources will continue to provide us with sufficient liquidity and, should we require it, that we will be able to obtain financing on terms satisfactory to us, or at all.

We believe that cash flows from operating activities, funds available under our Credit Facility, and arrangements with suppliers will be adequate to fund our presently anticipated working capital and capital expenditure requirements for the foreseeable future. We anticipate that our capital expenditures, which are related primarily to replacements and expansion of and upgrades to plant and equipment and also investment in our continued implementation of a scalable enterprise-wide information technology platform, will be approximately \$60 million in fiscal 2024, of which we have invested approximately \$33 million through June 29, 2024.

As part of our growth strategy, we have acquired a number of companies in the past, and we anticipate that we will continue to evaluate potential acquisition candidates in the future. If one or more potential acquisition opportunities, including those that would be material, become available in the near future, we may require additional external capital. In addition, such acquisitions would subject us to the general risks associated with acquiring companies, particularly if the acquisitions are relatively large.

Total Debt

At June 29, 2024, our total debt outstanding was \$1,189.7 million, as compared with \$1,187.8 million at June 24, 2023.

Senior Notes

\$400 million 4.125% Senior Notes due 2031

In April 2021, we issued \$400 million aggregate principal amount of 4.125% senior notes due April 2031 (the "2031 Notes"). We used a portion of the net proceeds from the offering to repay all outstanding borrowings under our Credit Facility, with the remainder used for general corporate purposes.

We incurred approximately \$6.0 million of debt issuance costs in conjunction with this issuance, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2031 Notes.

The 2031 Notes require semi-annual interest payments on April 30 and October 30. The 2031 Notes are unconditionally guaranteed on a senior basis by each of our existing and future domestic restricted subsidiaries which are borrowers under or guarantors of our Credit Facility. The 2031 Notes were issued in a private placement under Rule 144A and will not be registered under the Securities Act of 1933.

We may redeem some or all of the 2031 Notes at any time, at our option, prior to April 30, 2026 at the principal amount plus a "make whole" premium. We may redeem some or all of the 2031 Notes at our option, at any time on or after April 30, 2026 for 102.063%, on or after April 30, 2027 for 101.375%, on or after April 30, 2028 for 100.688% and on or after April 30, 2029 for 100.0%, plus accrued and unpaid interest.

The holders of the 2031 Notes have the right to require us to repurchase all or a portion of the 2031 Notes at a purchase price equal to 101% of the principal amount of the notes repurchased, plus accrued and unpaid interest, upon the occurrence of a change of control.

The 2031 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of June 29, 2024.

\$500 million 4.125% Senior Notes due 2030

In October 2020, we issued \$500 million aggregate principal amount of 4.125% senior notes due October 2030 (the "2030 Notes"). We used a portion of the net proceeds to redeem all of our outstanding 6.125% senior notes due November 2023 (the "2023 Notes") at a

redemption price of 101.531% plus accrued and unpaid interest, and to pay related fees and expenses, with the remainder used for general corporate purposes.

We incurred approximately \$8.0 million of debt issuance costs associated with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2030 Notes.

The 2030 Notes require semiannual interest payments on October 15 and April 15. The 2030 Notes are unconditionally guaranteed on a senior basis by each of our existing and future domestic restricted subsidiaries which are borrowers under or guarantors of our Credit Facility.

We may redeem some or all of the 2030 Notes at any time, at our option, prior to October 15, 2025 at a price equal to 100% of the principal amount plus a "make-whole" premium. We may redeem some or all of the 2030 Notes, at our option, in whole or in part, at any time on or after October 15, 2025 for 102.063%, on or after October 15, 2026 for 101.375%, on or after October 15, 2027 for 100.688% and on or after October 15, 2028 for 100.0%, plus accrued and unpaid interest.

The holders of the 2030 Notes have the right to require us to repurchase all or a portion of the 2030 Notes at a purchase price equal to 101.0% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2030 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of June 29, 2024.

\$300 Million 5.125% Senior Notes due 2028

In December 2017, we issued \$300 million aggregate principal amount of 5.125% senior notes due February 2028 (the "2028 Notes"). We used the net proceeds from the offering to finance acquisitions and for general corporate purposes.

We incurred approximately \$4.8 million of debt issuance costs in conjunction with this transaction, which included underwriter fees and legal, accounting and rating agency expenses. The debt issuance costs are being amortized over the term of the 2028 Notes.

The 2028 Notes require semiannual interest payments on February 1 and August 1. The 2028 Notes are unconditionally guaranteed on a senior basis by our existing and future domestic restricted subsidiaries who are borrowers under or guarantors of our Credit Facility.

We may redeem some or all of the 2028 Notes at our option, at any time during 2024 for 101.708%, on or after January 1, 2025 for 100.854% and on or after January 1, 2026 for 100.0%, plus accrued and unpaid interest.

The holders of the 2028 Notes have the right to require us to repurchase all or a portion of the 2028 Notes at a purchase price equal to 101.0% of the principal amount of the notes repurchased, plus accrued and unpaid interest upon the occurrence of a change of control.

The 2028 Notes contain customary high yield covenants, including covenants limiting debt incurrence and restricted payments, subject to certain baskets and exceptions. We were in compliance with all financial covenants as of June 29, 2024.

Asset-Based Loan Facility Amendment

On December 16, 2021, we entered into a Third Amended and Restated Credit Agreement (the "Credit Agreement"). The Credit Agreement provides for a \$750 million principal amount senior secured asset-based revolving credit facility, with up to an additional \$400 million principal amount available with the consent of the Lenders, as defined, if we exercise the uncommitted accordion feature set forth therein (collectively, the "Credit Facility"). The Credit Facility matures on December 16, 2026. We may borrow, repay and reborrow amounts under the Credit Facility until its maturity date, at which time all amounts outstanding under the Credit Facility must be repaid in full.

The Credit Facility is subject to a borrowing base that is calculated using a formula based upon eligible receivables and inventory, and at our election, eligible real property, minus certain reserves. Proceeds of the Credit Facility will be used for general corporate purposes. Net availability under the Credit Facility was approximately \$550 million as of June 29, 2024. The Credit Facility includes a \$50 million sublimit for the issuance of standby and commercial letters of credit and a \$75 million sublimit for swing loan borrowings. As of June 29, 2024, there were no borrowings outstanding and no letters of credit outstanding under the Credit Facility. Outside of the Credit Facility, there were other standby and commercial letters of credit of \$1.1 million outstanding as of June 29, 2024.

Borrowings under the Credit Facility bear interest at a rate based on SOFR (which will not be less than 0.00%) or, at our option, the Base Rate, plus, in either case, an applicable margin based on our usage under the Credit Facility. Base Rate is defined as the highest of (a) the Truist prime Bank rate, (b) the Federal Funds Rate plus 0.50%, (c) one-month SOFR plus 1.00% and (d) 0.00%. The applicable margin for SOFR-based borrowings fluctuates between 1.00%-1.50%, and was 1.00% as of June 29, 2024, and such applicable margin for Base Rate borrowings fluctuates between 0.00%-0.50%, and was 0.00% as of June 29, 2024. An unused line fee shall be payable quarterly in respect of the total amount of the unutilized Lenders' commitments and short-notice borrowings under the Credit Facility. Standby letter of credit fees at the applicable margin on the average undrawn and unreimbursed amount of standby letters of credit are payable quarterly and a facing fee of 0.125% is payable quarterly for the stated amount of each letter of credit. We are also required to pay certain fees to the administrative agent under the Credit Facility. The Credit Facility was amended on May 15, 2023 to transition from LIBOR to SOFR. As of

June 29, 2024, the interest rate applicable to Base Rate borrowings was 8.5%, and the interest rate applicable to one-month SOFR-based borrowings was 6.3%.

We incurred approximately \$2.4 million of debt issuance costs in conjunction with this transaction, which included lender fees and legal expenses. The debt issuance costs are being amortized over the term of the Credit Facility.

The Credit Facility contains customary covenants, including financial covenants which require us to maintain a minimum fixed charge coverage ratio of 1:1 upon triggered quarterly testing (e.g. when availability falls below certain thresholds established in the agreement), reporting requirements and events of default. The Credit Facility is secured by substantially all assets of the borrowing parties, including (i) pledges of 100% of the stock or other equity interest of each domestic subsidiary that is directly owned by such entity and (ii) 65% of the stock or other equity interest of each foreign subsidiary that is directly owned by such entity, in each case subject to customary exceptions. We were in compliance with all financial covenants under the Credit Facility as of June 29, 2024.

Summarized Financial Information for Guarantors and the Issuer of Guaranteed Securities

Central (the "Parent/Issuer") issued \$400 million of 2031 Notes in April 2021, \$500 million of 2030 Notes in October 2020, and \$300 million of 2028 Notes in December 2017. The 2031 Notes, 2030 Notes and 2028 Notes are fully and unconditionally guaranteed on a joint and several senior basis by each of our existing and future domestic restricted subsidiaries (the "Guarantors") which are guarantors of our Credit Facility. The 2031 Notes, 2030 Notes and 2028 Notes are unsecured senior obligations and are subordinated to all of our existing and future secured debt, including our Credit Facility, to the extent of the value of the collateral securing such indebtedness. There are no significant restrictions on the ability of the Guarantors to make distributions to the Parent/Issuer. Certain subsidiaries and operating divisions of the Company do not guarantee the 2031, 2030 or 2028 Notes and are referred to as the Non-Guarantors.

The Guarantors jointly and severally, and fully and unconditionally, guarantee the payment of the principal and premium, if any, and interest on the 2031, 2030 and 2028 Notes when due, whether at stated maturity of the 2031, 2030 and 2028 Notes, by acceleration, call for redemption or otherwise, and all other obligations of the Company to the holders of the 2031, 2030 and 2028 Notes and to the trustee under the indenture governing the 2031, 2030 and 2028 Notes (the "Guarantee"). The Guarantees are senior unsecured obligations of each Guarantor and are of equal rank with all other existing and future senior indebtedness of the Guarantors.

The obligations of each Guarantor under its Guarantee shall be limited to the maximum amount as well, after giving effect to all other contingent and fixed liabilities of such Guarantor and to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such Guarantor under the guarantee not constituting a fraudulent conveyance or fraudulent transfer under Federal or state law.

The Guarantee of a Guarantor will be released:

(1) upon any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation), in accordance with the governing indentures, to any person other than the Company;

(2) if such Guarantor merges with and into the Company, with the Company surviving such merger;

(3) if the Guarantor is designated as an Unrestricted Subsidiary; or

(4) if the Company exercises its legal defeasance option or covenant defeasance option or the discharge of the Company's obligations under the indentures in accordance with the terms of the indentures.

The following tables present summarized financial information of the Parent/Issuer subsidiaries and the Guarantor subsidiaries. All intercompany balances and transactions between subsidiaries under Parent/Issuer and subsidiaries under the Guarantor have been eliminated. The information presented below excludes eliminations necessary to arrive at the information on a consolidated basis. In presenting the summarized financial statements, the equity method of accounting has been applied to the Parent/Issuer's interests in the Guarantor Subsidiaries. The summarized information excludes financial information of the Non-Guarantors, including earnings from and investments in these entities.

New Accounting Pronouncements

Refer to Footnote 1 in the notes to the condensed consolidated financial statements for new accounting pronouncements.

Critical Accounting Policies, Estimates and Judgments

There have been no material changes to our critical accounting policies, estimates and assumptions or the judgments affecting the application of those accounting policies since our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There has been no material change in our exposure to market risk from that discussed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Management, including our Principal Executive Officer and Principal Financial Officer, evaluated the effectiveness of our disclosure controls and procedures, as such terms are defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Exchange Act, as of June 29, 2024. Based on such evaluation, our Principal Executive Officer and Principal Financial Officer concluded that, as of June 29, 2024, in light of the material weaknesses previously identified in our internal control over financial reporting described below, our disclosure controls and procedures were not effective at the reasonable assurance level and are not effective to provide reasonable assurance that information required to be disclosed in the reports we file and submit under the Exchange Act, is (i) recorded, processed, summarized and reported as and when required and (ii) accumulated and communicated to our management, including the Principal Executive Officer and Principal Financial Officer, as appropriate to allow timely discussion regarding required disclosure.

Previously Reported Material Weaknesses

As disclosed in Item 9A, "Controls and Procedures" in our Annual Report on Form 10-K for the fiscal year ended September 30, 2023, which was filed with the SEC on November 28, 2023, we identified deficiencies in the design and operating effectiveness of controls in our internal control over financial reporting as of September 30, 2023. Management determined these identified deficiencies represented material weaknesses related to (1) certain information technology general computer controls ("ITGC's") at our Live Plant and Green Garden businesses and (2) controls related to an outsourced service provider that supports certain of the Company's revenue processes for our Live Plant business. As a result, certain of the Company's related business controls that are dependent upon the affected ITGC's and lack of controls around outsourced IT service provider data were also deemed ineffective. A "material weakness" is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement in annual or interim financial statements will not be prevented or detected on a timely basis. The material weaknesses did not result in any identified misstatements to our consolidated financial statements or changes to previously disclosed financial results.

After giving full consideration to these material weaknesses, and the additional analyses and other procedures we performed to ensure that our condensed consolidated financial statements included in this Quarterly Report on Form 10-Q were prepared in accordance with U.S. generally accepted accounting principles, or U.S. GAAP, our management has concluded that our condensed consolidated financial statements present fairly, in all material respects, our financial position, results of operations and cash flows for the periods disclosed in conformity with U.S. GAAP.

Management's Plan to Remediate the Material Weaknesses

Our management has been engaged in developing and implementing remediation plans to address the material weaknesses described above. These remediation efforts are ongoing and include the following:

- Enhancing the design and control procedures of the Live Plant and Green Garden ITGC's to ensure that the control activities related to ITGCs are functioning appropriately;
- Improving the control environment in relation to personnel training and accountability for the Sarbanes-Oxley Act of 2002 ("SOX") control activities;
- Hiring additional personnel in the IT/SOX department with an appropriate level of knowledge and experience to ensure appropriate design and implementation of our processes and procedures; and
- Expanding controls to address the design and operation of internal controls related to the revenue processes for our Live Plants business.

In fiscal 2024 to-date, we have designed and implemented controls for the Live Plant and Green Garden ITGC's and the controls relating to the Live Plant revenue process to ensure we address the root causes of the material weaknesses. Additionally, we developed and delivered enhanced SOX compliance training to control owners. We have supplemented our IT/SOX staff and are currently testing the operating effectiveness of the ITGC's and controls relating to the Live Plant revenue process. Additionally, we have enhanced our communication by holding frequent meetings with key management personnel and periodically updating members of the Audit Committee regarding the SOX program and remediation efforts.

We are committed to maintaining a strong internal control environment and believe this remediation plan represents a significant improvement in our controls. However, the identified material weaknesses in internal control over financial reporting will not be considered remediated until the enhanced controls have been in operation for a sufficient period of time for our management to conclude that the controls are effective.

Changes in Internal Control over Financial Reporting

Other than the changes associated with the material weaknesses and remediation actions noted above, there have been no changes in our internal control over financial reporting during the quarter ended June 29, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In 2012, Nite Glow Industries, Inc. and its owner, Marni Markell, ("Nite Glow") filed suit in the U.S. District Court for New Jersey against the Company alleging that the applicator developed and used by the Company for certain of its branded topical flea and tick products infringes a patent held by Nite Glow and asserted related claims for breach of contract and misappropriation of confidential information based on the terms of a Non-Disclosure Agreement. On June 27, 2018, a jury returned a verdict in favor of Nite Glow on each of the three claims and awarded damages of approximately \$12.6 million. The court ruled on post-trial motions in early June 2020, reducing the judgment amount to \$12.4 million and denying the plaintiff's request for attorneys' fees. The Company filed its notice of appeal and the plaintiffs cross-appealed. On July 14, 2021, the Federal Circuit Court of Appeals issued its decision on the appeal. The Federal Circuit concluded that the Company did not infringe plaintiff's patent and determined that the breach of contract claim raised no non-duplicative damages and should be dismissed. The court affirmed the jury's liability verdict on the misappropriation of confidential information claim but ordered a new trial on damages on that single claim limited to the "head start" benefit, if any, generated by the confidential information. The retrial of the head start damages issue concluded in early March 2024, but no decision has been issued by the court. The Company intends to vigorously pursue its defenses in any future proceedings and believes that it will prevail on the merits as to the head start damages issue. While the Company believes that the ultimate resolution of this matter will not have a material impact on the Company's consolidated financial statements, the outcome of litigation is inherently uncertain and the final resolution of this matter may result in expense to the Company in excess of management's expectations.

From time to time, we are involved in certain legal proceedings in the ordinary course of business. Except as discussed above, we are not currently a party to any other legal proceedings that management believes would have a material effect on our financial position or results of operations.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in Item 1A to Part I of our Form 10-K for the fiscal year ended September 30, 2023.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table sets forth the repurchases of any equity securities during the fiscal quarter ended June 29, 2024 and the dollar amount of authorized share repurchases remaining under our stock repurchase program.

Period	Total Number of Shares (or Units) Purchased		Average Price Paid per Share (or Units)	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs (1)(2)	
March 31, 2024 - May 4, 2024	—		\$ —	—	\$ 81,951,000	(4)
May 5, 2024 - June 1, 2024	46,849	(3)	\$ 39.77	—	\$ 81,951,000	
June 2, 2024 - June 29, 2024	—	(3)	\$ —	—	\$ 81,951,000	
Total	46,849		\$ 39.77	—	\$ 81,951,000	

- (1) During the fourth quarter of fiscal 2019, our Board of Directors authorized a \$100 million share repurchase program, (the "2019 Repurchase Authorization"). The 2019 Repurchase Authorization has no fixed expiration date and expires when the amount authorized has been used or the Board withdraws its authorization. The repurchase of shares may be limited by certain financial covenants in our credit facility that restrict our ability to repurchase our stock. As of June 29, 2024, we had \$82.0 million of authorization remaining under our 2019 Repurchase Authorization.

- (2) In February 2019, our Board of Directors authorized us to make supplemental stock purchases to minimize dilution resulting from issuances under our equity compensation plans (the "Equity Dilution Authorization"). In addition to our regular share repurchase program, we are permitted to purchase annually a number of shares equal to the number of shares of restricted stock and stock options granted in the prior fiscal year, to the extent not already repurchased, and the current fiscal year. The Equity Dilution Authorization has no fixed expiration date and expires when the Board withdraws its authorization.
- (3) Shares purchased during the period indicated represent withholding of a portion of shares to cover taxes in connection with the vesting of restricted stock and do not reduce the dollar value of shares that may be purchased under our stock repurchase plan.
- (4) Excludes 0.3 million shares remaining under our Equity Dilution Authorization as of June 29, 2024.

SECOND SUPPLEMENTAL INDENTURE AND GUARANTEE

This Second Supplemental Indenture and Guarantee, dated as of February 7, 2024 (this “*Supplemental Indenture*” or “*Guarantee*”), among (i) BRP Hold Nightingale, LLC, a Delaware limited liability company, (ii) BRP Hold Ox, LLC, a Delaware limited liability company, and (iii) TDBBS, LLC, a Delaware limited liability company (each of (i)-(iii), each, a “*New Guarantor*” and, collectively, the “*New Guarantors*”) and Central Garden & Pet Company (together with its successors and assigns, the “*Company*”) and Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association, as Trustee, paying agent and registrar under such Indenture.

WITNESSETH:

WHEREAS, the Company, the Guarantors and the Trustee have heretofore executed and delivered an Indenture, dated as of April 30, 2021 (as amended, supplemented, waived or otherwise modified, the “*Indenture*”), providing for the issuance of an unlimited aggregate principal amount of 4.125% Senior Notes due 2031 of the Company (the “*Notes*”);

WHEREAS, Section 4.13 of the Indenture provides that in certain circumstances the Company may be required to cause certain Restricted Subsidiaries of the Company to execute and deliver a Guarantee with respect to the Notes on the same terms and conditions as those set forth in the Indenture; and

WHEREAS, pursuant to Section 9.01 of the Indenture, the Trustee and the Company are authorized to execute and deliver this Supplemental Indenture to amend the Indenture, without the consent of any Holder, to add an additional Guarantor;

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt of which is hereby acknowledged, each New Guarantor, the Company and the Trustee mutually covenant and agree for the equal and ratable benefit of the Holders as follows:

ARTICLE I

Definitions

SECTION 1.1 Defined Terms. As used in this Supplemental Indenture, capitalized terms defined in the Indenture or in the preamble or recitals thereto are used herein as therein defined. The words “herein,” “hereof” and “hereby” and other words of similar import used in this Supplemental Indenture refer to this Supplemental Indenture as a whole and not to any particular section hereof.

ARTICLE II

Agreement to be Bound: Guarantee

SECTION 2.1 Agreement to be Bound. Each New Guarantor hereby becomes a party to the Indenture as a Guarantor and as such shall have all of the rights and be subject to all of the obligations and agreements of a Guarantor under the Indenture. Each New Guarantor agrees to be bound by all of the provisions of the Indenture applicable to a Guarantor and to perform all of the obligations and agreements of a Guarantor under the Indenture, subject to the release provisions and other limitations set forth in the Indenture.

ARTICLE III
Miscellaneous

SECTION 3.1 Governing Law. This Supplemental Indenture shall be governed by, and construed in accordance with, the laws of the State of New York. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THE INDENTURE, THIS SUPPLEMENTAL INDENTURE, THE NOTES, OR THE GUARANTEE, AND ANY TRANSACTIONS CONTEMPLATED THEREBY.

SECTION 3.2 Severability Clause. In case any provision in this Supplemental Indenture shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby and such provision shall be ineffective only to the extent of such invalidity, illegality or unenforceability.

SECTION 3.3 Ratification of Indenture; Supplemental Indentures Part of Indenture; No Liability of Trustee. Except as expressly amended hereby, the Indenture is in all respects ratified and confirmed and all the terms, conditions and provisions thereof shall remain in full force and effect. This Supplemental Indenture shall form a part of the Indenture for all purposes, and every Holder of a Note heretofore or hereafter authenticated and delivered shall be bound hereby. The Trustee makes no representation or warranty as to the validity or sufficiency of this Supplemental Indenture or any New Guarantor's Guarantee. Additionally, the Trustee shall not be responsible in any manner whatsoever for or with respect to any of the recitals or statements contained herein, all of which recitals or statements are made solely by the Company, the New Guarantors and the Guarantors, and the Trustee makes no representation with respect to any such matters. All of the provisions contained in the Indenture in respect of the rights, privileges, immunities, protections, indemnities, powers, and duties of the Trustee shall be applicable in respect of this Supplemental Indenture as fully and with like force and effect as though fully set forth in full herein. The Company hereby confirms to the Trustee that this Supplemental Indenture has not resulted in a material modification of the Notes for Foreign Accounting Tax Compliance Act ("FATCA") purposes. The Company shall give the Trustee prompt written notice of any material modification of the Notes deemed to occur for FATCA purposes. The Trustee shall assume that no material modification for FATCA purposes has occurred regarding the Notes, unless the Trustee receives written notice of such modification from the Company.

SECTION 3.4 Counterparts. This Supplemental Indenture shall be valid, binding and enforceable against a party when executed and delivered by an authorized individual on behalf of the party by means of (i) an original manual signature; (ii) a faxed, scanned or photocopied manual signature or (iii) any other electronic signature permitted by the federal Electronic Signatures in Global and National Commerce Act, state enactments of the Uniform Electronic Transactions Act and/or any other relevant electronic signatures law, including any relevant provisions of the Uniform Commercial Code (collectively, "*Signature Law*"), in each case to the extent applicable. Each faxed, scanned or photocopied manual signature, or other electronic signature, shall for all purposes have the same validity, legal effect and admissibility in evidence as an original manual signature. Each party hereto shall be entitled to conclusively rely upon, and shall have no liability with respect to, any faxed, scanned, or photocopied manual signature, or other electronic signature, of any other party and shall have no duty to investigate, confirm or otherwise verify the validity or authenticity thereof. This Indenture may be executed in any number of counterparts, each of which shall be deemed to be an original, but such counterparts shall, together, constitute one and the same instrument. For the avoidance of doubt, original manual signatures

shall be used for execution or indorsement of writings when required under the Uniform Commercial Code or other Signature Law due to the character or intended character of the writings.

SECTION 3.5 Headings. The headings of the Articles and the sections in this Supplemental Indenture are for convenience of reference only and shall not be deemed to alter or affect the meaning or interpretation of any provisions hereof.

FIFTEENTH SUPPLEMENTAL INDENTURE

FIFTEENTH SUPPLEMENTAL INDENTURE (this "Supplemental Indenture"), dated effective as of February 7, 2024, by (i) BRP Hold Nightingale, LLC, a Delaware limited liability company, (ii) BRP Hold Ox, LLC, a Delaware limited liability company, and (iii) TDBBS, LLC, a Delaware limited liability company (each of (i)-(iii), a "Subsidiary Guarantor" and, collectively, the "Subsidiary Guarantors"), each Subsidiary Guarantor a direct subsidiary of Central Garden & Pet Company, a Delaware corporation (the "Company"), the Company, the other Guarantors (as defined in the Indenture referred to herein), and Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association, as trustee under the indenture referred to below (the "Trustee").

WITNESSETH

WHEREAS, the Company has heretofore executed and delivered to the Trustee an indenture (as supplemented from time to time, the "Base Indenture"), dated as of March 8, 2010;

WHEREAS, the Company executed that certain Seventh Supplemental Indenture dated as of December 14, 2017 (the "Seventh Supplemental Indenture"), providing for the issuance of 5.125% Senior Notes due 2028 (the "2028 Notes") and the Eleventh Supplemental Indenture dated as of October 16, 2020 (the "Eleventh Supplemental Indenture" and together with the Base Indenture and the Seventh Supplemental Indenture, the "Indenture"), providing for the issuance of 4.125% Senior Notes due 2030 (the "2030 Notes" and collectively with the 2028 Notes, the "Notes");

WHEREAS, the Indenture provides that under certain circumstances the Subsidiary Guarantors will execute and deliver to the Trustee a supplemental indenture pursuant to which the Subsidiary Guarantors will unconditionally guarantee all of the Company's Obligations under the Notes and the Indenture on the terms and conditions set forth herein (the "Guarantee"); and

WHEREAS, pursuant to Section 901 or 9.01 (as applicable) of the Base Indenture, Seventh Supplemental Indenture and the Eleventh Supplemental Indenture, the Trustee is authorized to execute and deliver this Supplemental Indenture.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt of which is hereby acknowledged, each Subsidiary Guarantor and the Trustee mutually covenant and agree for the equal and ratable benefit of the Holders of the Notes as follows:

1. CAPITALIZED TERMS. Capitalized terms used herein without definition will have the meanings assigned to them in the Indenture.
2. AGREEMENT TO GUARANTEE. The Subsidiary Guarantors hereby agree to provide an unconditional Guarantee on the terms and subject to the conditions set forth in the Guarantee, in Article XVI of the Base Indenture, and in the Seventh Supplemental Indenture and the Eleventh Supplemental Indenture, including but limited to Articles 10 thereof.

3. EXECUTION AND DELIVERY. Each Subsidiary Guarantor agrees that the Guarantee will remain in full force and effect notwithstanding any failure to endorse on each Note a notation of the Guarantee.

4. NO RECOURSE AGAINST OTHERS. No past, present or future director, manager, officer, employee, incorporator, stockholder or agent of the Subsidiary Guarantors, as such, will have any liability for any obligations of the Company or any Subsidiary Guarantor under the Notes, the Guarantee, the Indenture or this Supplemental Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

5. NEW YORK LAW TO GOVERN. THE INTERNAL LAW OF THE STATE OF NEW YORK WILL GOVERN AND BE USED TO CONSTRUE THIS SUPPLEMENTAL INDENTURE BUT WITHOUT GIVING EFFECT TO APPLICABLE PRINCIPLES OF CONFLICTS OF LAW TO THE EXTENT THAT THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION WOULD BE REQUIRED THEREBY. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THE INDENTURE, THIS SUPPLEMENTAL INDENTURE, THE NOTES, OR THE GUARANTEE, AND ANY TRANSACTIONS CONTEMPLATED THEREBY.

6. COUNTERPARTS. The parties may sign any number of copies of this Supplemental Indenture. Each signed copy will be an original, but all of them together represent the same agreement. Signatures of the parties hereto transmitted by facsimile or PDF may be used in lieu of the originals shall be deemed to be their original signatures for all purposes. This Supplemental Indenture shall be valid, binding, and enforceable against a party when executed and delivered by an authorized individual on behalf of the party by means of (i) an original manual signature; (ii) a faxed, scanned, or photocopied manual signature, or (iii) any other electronic signature permitted by the federal Electronic Signatures in Global and National Commerce Act, state enactments of the Uniform Electronic Transactions Act, and/or any other relevant electronic signatures law, including any relevant provisions of the UCC (collectively, "Signature Law"), in each case to the extent applicable. Each faxed, scanned, or photocopied manual signature, or other electronic signature, shall for all purposes have the same validity, legal effect, and admissibility in evidence as an original manual signature. Each party hereto shall be entitled to conclusively rely upon, and shall have no liability with respect to, any faxed, scanned, or photocopied manual signature, or other electronic signature, of any other party and shall have no duty to investigate, confirm or otherwise verify the validity or authenticity thereof. For the avoidance of doubt, original manual signatures shall be used for execution or indorsement of writings when required under the UCC or other Signature Law due to the character or intended character of the writings.

7. EFFECT OF HEADINGS. The Section headings herein are for convenience only and will not affect the construction hereof.

8. THE TRUSTEE. The Trustee makes no representation as to and will not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Supplemental Indenture or the Guarantee or for or in respect of the recitals contained herein, all of which recitals are made solely by the Subsidiary Guarantors and the Company. All of the provisions contained in the Indenture in respect of the rights, privileges, immunities, protections, indemnities, powers, and duties of the Trustee shall be applicable in respect of this Supplemental Indenture as fully and with like force and effect as though fully set forth in full herein. The Company hereby confirms to the Trustee that this Supplemental Indenture has not resulted in a material modification of the Notes for Foreign Accounting Tax Compliance Act ("FATCA") purposes. The Company shall give the Trustee prompt written notice of any material modification of the Notes deemed to occur for FATCA purposes. The Trustee shall assume that no material modification for FATCA purposes has occurred regarding the Notes, unless the Trustee receives written notice of such modification from the Company.
