Report of Independent Registered Public Accounting Firm

To the CG&P Investment Growth Plan Committee, Plan Administrator, and Participants of
Central Garden & Pet Company Investment Growth Plan

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Central Garden & Pet Company Investment Growth Plan (the Plan) as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Opinion on the Supplemental Information

The supplemental information included in Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Baker Tilly US, LLP

Seattle, Washington

**CENTRAL GARDEN & PET COMPANY INVESTMENT GROWTH PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Central Garden & Pet Company Investment Growth Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description or plan document, as amended, for a more complete description of plan provisions.

General – The Plan is a defined contribution plan that was established to provide benefits to eligible employees of Central Garden & Pet Company (the “Plan Sponsor”) and certain participating employers (collectively the “Company” or “Employers”), as provided in the plan document. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Sponsor has appointed the Plan Administrative Committee to carry out the duties of ERISA and serve as the Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18.

Effective January 1, 2025, the Plan was amended to exclude employees who became employees of the Plan Sponsor as a result of a merger or acquisition and who participate in a SIMPLE IRA. Effective January 1, 2025, the Plan was amended to provide that employees who were acquired as a result of the Plan Sponsor’s acquisition of Leading Edge Associates Inc. and Leading Edge Aerial Technologies Inc. (“Acquired Companies”), are credited for prior service with the Acquired Companies, for vesting and eligibility purposes under the Plan.

Participant contributions – Eligible participants may make contributions starting at 1% of their eligible pre-tax or after-tax compensation (as Roth contributions) subject to the annual dollar maximum set by the Internal Revenue Service (“IRS”).

The contribution limit for highly compensated employees, defined as those whose annual earnings equal at least \$160,000 in 2025, is subject to contribution limits that may vary from year to year. The Plan Sponsor has the right to further limit these contributions to conform to applicable regulations. Unless elected otherwise, eligible participants are automatically enrolled to contribute 3% of their eligible compensation as pre-tax contributions subject to the IRS limitation. Participants may make a contribution from any cash bonus but the deferral election should be made prior to the payment of such cash bonus. Participants are allowed to make rollover contributions representing distributions from other qualified plans.

Employers contributions – The Company makes basic matching contributions at a rate of 100% of the participant’s annual deferrals (not to exceed the IRS deferral limits), up to 3% of the participant’s eligible compensation. The basic matching contributions are paid at the end of each quarter and are subject to a true-up provision at the end of the plan year. Only those participants employed as of the last day of the quarter are eligible to receive the basic matching contributions. The basic matching contributions may be made in cash or in shares of the Plan Sponsor’s Class A Common Stock, as determined by the Plan Sponsor’s Board of Directors. For the year ended December 31, 2025, the basic matching contributions were made in shares of the Plan Sponsor’s Class A Common Stock and totaled approximately \$8,010,000 net of forfeitures.

The Company may also elect to contribute discretionary contributions on behalf of certain non-highly compensated employees, as defined in the plan document. The Company contributed approximately \$1,439,000 in discretionary contributions to a certain eligible class of non-highly compensated employees during the year ended December 31, 2025.

Participant accounts – Each participant’s account is credited with the participant’s contribution, the Company’s contributions, if any, and any income, gains, or losses attributable to the investment mix of the account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their salary deferrals and voluntary contributions, plus actual earnings thereon. Vesting in Company’s contributions and earnings thereon is based on years of continuous service and increases in increments of 20% per year until fully vested after five years of credited service.

Notes receivable from participants – Participants may borrow up to 50% of their vested account balance, with a minimum borrowing of \$ 500 and a maximum of \$50,000. Maturities on notes receivable are for a maximum of five years, unless the participant’s loan is used to acquire a primary residence, in which case the repayment period may be up to 10 years. Participants are allowed to have only one note receivable outstanding at a time. Notes receivable are secured by the participant’s vested balances and bear interest at prime plus 2% at the time of the borrowing. Loan repayments generally must be repaid from payroll deductions; however, upon termination participants may continue making loan repayments directly to the Plan, over the loan term. Notes receivable as of December 31, 2025 carry interest rates ranging from 5.25% to 10.50%, with various maturities through September 2034.

Payment of benefits – Distributions and withdrawals are payable upon retirement, termination, disability, or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, if a participant’s balance is equal to or less than \$1,000, the balance is distributed immediately in a lump-sum cash payment. Unless elected otherwise by the participant following his or her termination of employment, if a participant’s vested account balance is greater than \$1,000 and up to \$7,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Plan administrator. A participant whose vested Plan accounts exceed \$ 7,000 may leave the funds in the Plan or elect either a distribution paid in the form of a lump-sum cash payment, a distribution in Plan Sponsor stock, a direct rollover into another qualified plan, or other distribution methods as described in the plan document.

Forfeitures – Forfeitures represent the non-vested portion of a participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay administrative expenses and reduce the Company contributions. As of December 31, 2025 and 2024, forfeited non-vested account balances totaled approximately \$978,000 and \$461,000, respectively. During 2025, forfeitures of approximately \$ 97,000 and \$159,000 were used to pay administrative expenses and reduce the Company contributions, respectively.

Excess contributions payable - Excess contributions payable represents amounts that were refunded to participants after year end to comply with regulatory contribution limitations or compliance testing.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value, except for the Voya Fixed Account and Voya Fixed Account A (collectively, the “Voya Fixed Accounts”), which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts – The Plan holds investment contracts with the Voya Fixed Accounts which are maintained under a directed trust with Voya Institutional Trust Company (“Voya”). The Voya Fixed Accounts are fully benefit-responsive investment contracts and do not have any liquidity or redemption restrictions. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to these contracts are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contracts, the Plan Sponsor must provide a minimum of 90-day notice to Voya prior to redemption of the contracts.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. Events that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants are not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in the fair value of investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Notes receivable – Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based on the terms of the plan document.

Contributions and contributions receivable - Contributions from participants are recorded based on the date the contributions are separated from a participant’s pay by the Employers, which is the pay date. Company contributions are recorded in the year earned to coincide with the year the Company records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Payment of benefits – Participant withdrawals and termination payments are recorded when paid.

Administrative expenses – Certain expenses incurred for administering the Plan are paid by the Company, except for loan fees, distribution fees, investment consulting fees and certain Plan asset-related fees which are paid by the Plan. The Company also provides administrative services to the Plan at no charge. Administrative expenses and investment advisory fees paid by the Plan for 2025 totaled approximately \$649,000. Investment advisory fees of approximately \$407,000 are included within investment income on the statement of changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1:** Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2:** Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.
- Level 3:** Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations or some other pricing method using unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of the common stock of the Plan Sponsor is determined by quoted market prices. Accordingly, investments in common stock are classified within Level 1 of the valuation hierarchy.

Shares of registered investment company funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Interest-bearing cash is valued at cost plus accrued interest.

The following tables disclose, by level, the fair value hierarchy of the Plan's investments at fair value.

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 354,095,085	\$ —	\$ —	\$ 354,095,085
Common stock	41,246,521	—	—	41,246,521
Interest-bearing cash	920,281	—	—	920,281
Total investments at fair value	\$ 396,261,887	\$ —	\$ —	\$ 396,261,887

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 335,127,622	\$ —	\$ —	\$ 335,127,622
Common stock	45,235,246	—	—	45,235,246
Interest-bearing cash	1,282,782	—	—	1,282,782
Total investments at fair value	\$ 381,645,650	\$ —	\$ —	\$ 381,645,650

NOTE 4 – TAX STATUS

The Plan has adopted the Bryan Cave Leighton Paisner LLP Pre-Approved Defined Contribution Plan Profit Sharing/401(k)/Money Purchase Pension Plan (the "Prototype Plan"). The Prototype Plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype is qualified under Section 401 of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the Plan will be considered to have qualified under Section 401 of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax period in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The participants invest in various investment securities. Investment securities are exposed to various risks, such as market, interest rate and credit risk. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

As allowed by the Plan, participants may elect to invest their salary deferral contributions and employer matching contributions in the Plan Sponsor's common stock. Plan investments include shares of registered investment company funds managed by Voya Financial Inc., an affiliate of Voya. Any purchases and sales of these funds are performed in the open market at fair value. As Voya is the custodian and trustee of the Plan, transactions with this entity qualify as exempt party-in-interest transactions. The aggregate investment in the Plan Sponsor's common stock was as follows:

	December 31, 2025		December 31, 2024	
	Number of Shares	Fair Value	Number of Shares	Fair Value
Central Garden & Pet Company				
Class A Common Stock	1,397,124	\$ 40,782,050	1,349,249	\$ 44,592,679
Central Garden & Pet Company				
Common Stock	14,447	464,471	16,561	642,567
		<u>\$ 41,246,521</u>		<u>\$ 45,235,246</u>

NOTE 7 – PLAN TERMINATIONS

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 8 – SUBSEQUENT EVENTS

Effective January 1, 2026, the Plan was amended to add P&M Solutions, LLC ("P&M") as a participating employer. The amendment provides that employees of P&M as of December 31, 2025 receive credit for prior service with P&M for purposes of determining eligibility and vesting under the Plan. In January 2026, participant account balances of approximately \$8,274,000 were transferred from a multiple employer plan in which P&M employees participated.

NOTE 9 – RECONCILIATION TO FORM 5500

The financial statements are prepared on the accrual basis of accounting, while the Form 5500 is prepared on the cash basis of accounting. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 446,308,547	\$ 436,124,644
Less contributions receivable, end of year		
Employers	<u>(2,001,596)</u>	<u>(1,634,502)</u>
Add excess contributions payable, end of year		
Participants	<u>29,719</u>	<u>135,272</u>
Net assets available for benefits per the Form 5500	<u>\$ 444,336,670</u>	<u>\$ 434,625,414</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits	\$ 10,183,903
Add contributions receivable, beginning of year	
Employers	1,634,502
Less contributions receivable, end of year	
Employers	(2,001,596)
Less contributions payable, beginning of year	
Participants	(135,272)
Add excess contributions payable, end of year	
Participants	<u>29,719</u>
Net income per the Form 5500	<u>\$ 9,711,256</u>

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
