Trustees and Participants
Central Garden & Pet Company
Investment Growth Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the Central Garden & Pet Company Investment Growth Plan (the "Plan") as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000 on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic 2000 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CENTRAL GARDEN & PET COMPANY
INVESTMENT GROWTH PLAN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2000

1. PLAN DESCRIPTION

The following brief description of the Central Garden & Pet Company Investment Growth Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General - The Plan is a defined contribution plan sponsored by Central Garden & Pet Company (the "Company"). The Plan is intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The purpose of the Plan is to provide retirement and other benefits for employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees whose compensation is not determined by a collective bargaining agreement become eligible to participate in the Plan at age 21 or older after at least 1,000 hours of service in a year.

Plan Mergers - In March 2000, the net assets available for benefits of the Wellmark International, Inc. Investment Growth Plan and Kaytee Products, Incorporated 401(k) Retirement Savings Plan were merged into the Plan (see Note 7).

Contributions - Participants of the Plan can elect to defer pretax contributions between 1% and 15% of compensation, up to a maximum of \$10,500 in 2000 and \$10,000 in 1999, as allowed by the IRC.

For the year ended December 31, 1999, the Company made a discretionary matching contribution equal to 25% of the first 6% of compensation contributed to the Plan. The Company's matching contribution for the year ended December 31, 1999 was paid in 2000, and consisted of 44,414 shares of Company stock, valued at \$417,355. As allowed under the Plan, the Company also made a \$47,344 cash discretionary profit sharing contribution that was paid in 2000.

In February 2001, the Company's board of directors adopted an amendment to commit the Company to a fixed match of 25% of the first 8% of compensation contributed to the Plan, retroactive to the year ended December 31, 2000. The Company's matching contribution for the year ended December 31, 2000 was paid in 2001 and consisted of \$821,316 of cash. The Company did not elect to contribute a discretionary profit sharing contribution for year ended December 31, 2000.

Vesting - Participants are immediately vested in their voluntary contributions plus any associated earnings. Vesting in the Company matching contributions, plus any earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Accounts - Each participant's account is credited with the participant's contributions, an allocation of the Plan's investment income and/or losses, and the Company's contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested account.

Participant Loans - Participant loans are available to active employees for up to 50% of an employee's account balance, with a minimum borrowing of \$500 and a maximum of \$50,000. Loan terms are a

-4-

maximum of five years or, for the purchase of a primary residence, a maximum of ten years. Participants are allowed only one outstanding loan at a time. Loans are secured by the participant's account balance and bear interest at a rate commensurate with prevailing rates at the time the loan is made as determined by the Plan administrator.

Payment of Benefits - Upon termination of service for any reason, including death and disability, participants with vested account values of less than \$5,000 will be required to receive a lump-sum distribution of such amounts. If the value of the vested portion of the vested accounts exceeds \$5,000, the terminated participant can elect to receive his or her distribution immediately or at any time prior to attaining the normal retirement age as defined by the plan (age 65). When a participant attains the normal retirement age, the participant can withdraw all or any portion of his or her accounts under the plan without restriction.

Forfeitures - Forfeitures are used to reduce future Company matching contributions. Total forfeitures during 2000 were \$38,604.

Plan Termination - Although it has not expressed any intent to do so, the Company may completely discontinue its contributions and terminate the Plan at any time by resolution of its Board of Directors. In the event of Plan termination or complete discontinuance of Company contributions, each Plan

participant will become fully vested in his or her account.

Tax Status - The Plan obtained its latest determination letter on September 1, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan's Administrative Committee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Reclassifications - Certain prior year amounts have been reclassified to conform with the current year presentation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been prepared on the modified cash basis under which certain revenues are recognized when received, disbursements are recognized when made and contributions are recorded as received. Additionally, investments are reflected at fair value. Accordingly, the financial statements are not intended to present net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments in mutual funds and common stock are stated at fair value, which is determined by quoted market prices. The benefit responsive investment contract is stated at contract value (see Note 5). Purchases and sales of securities are recorded on a trade-date basis. Participant loans are carried at the unpaid principal balance, which approximates fair value.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2000 and 1999, are separately identified in the following table:

<TABLE>

*Nonparticipant-directed

During the year ended December 31, 2000, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by \$4,563,677 as follows:

Mutual funds	\$ 3,162,187
Common stock	1,401,390

Total	\$ 4,563,577
	=====

4. NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's nonparticipant-directed investments consist entirely of Central Garden & Pet Company common stock. The fair market value of such investments was \$2,447,614 and \$3,886,458 at December 31, 2000 and 1999, respectively. Information about the significant components of the changes in net assets relating to the nonparticipant-directed investments for the year ended December 31, 2000 is as follows:

Employer contributions	\$ 417,355
Participant contributions	390,350
Net depreciation in fair market value	(1,316,987)

Benefits paid to participants	(229,860)
Transfers to participant-directed investments	(698,693)
Fees and other expenses	(1,009)

Total	\$ (1,438,844)
	=====

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2000, the Plan began offering the Aetna Fixed Account, a benefit-responsive investment contract, as an investment option to Plan participants. As of December 31, 2000, the Plan had \$11,665,059 invested in this fund.

-6-

Aetna Financial Services ("Aetna") maintains the contributions to this fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Aetna. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates was approximately 5.6% for 2000. The crediting interest rate is determined on a monthly basis by an actuarial formula as designated by Aetna. The crediting interest rate is subject to a guaranteed minimum floor as defined on an annual basis by Aetna. The floor rate is currently set at 5.1%

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include Central Garden & Pet Company common stock and Aetna Investment Funds, representing party-in-interest transactions that qualify as exempt prohibited transactions.

7. MERGER WITH WELLMARK INTERNATIONAL, INC. INVESTMENT GROWTH PLAN AND KAYTEE PRODUCTS, 401(k) RETIREMENT SAVINGS PLAN

Effective January 1, 2000, the Board of Directors adopted an amended and restated Central Garden & Pet Investment Growth Plan (the "Plan"). Such amendment included the adoption of the Plan by other subsidiaries of Central Garden & Pet Company and the merger of plans of other subsidiaries into the Plan, at the discretion of management. As of March 1, 2000, Wellmark International, Inc. and Kaytee Products, Inc., wholly-owned subsidiaries of Central Garden & Pet Company, became sponsoring employers of the Plan, and the Wellmark International, Inc. Investment Growth Plan and Kaytee Products, Inc. 401(k) Retirement Savings Plan were merged into the Plan effective March 2, 2000 and March 16, 2000, respectively.

In conjunction with the amendment and restatement, the Board of Directors further approved the appointment of Fleet National Bank as successor trustee of the Plan, replacing the prior trustee, Dreyfus Trust Company; and the appointment of Aetna Financial Services as successor recordkeeper of the Plan, replacing the prior recordkeeper, Dreyfus Retirement Services. These trustee and recordkeeper changes were adopted effective January 1, 2000. Effective August 1, 2000, Aetna Financial Services was appointed as successor trustee of the plan, replacing Fleet National Bank.
