**STOCKHOLDERS ARE REQUESTED TO MARK, DATE, SIGN AND RETURN THE ENCLOSED PROXY AS PROMPTLY AS POSSIBLE.**

---

**CENTRAL GARDEN & PET COMPANY**

**1340 Treat Blvd., Suite 600  
Walnut Creek, California 94597**

**PROXY STATEMENT**

The enclosed proxy is solicited by the Board of Directors of Central Garden & Pet Company (the "Company") to be used at the Annual Meeting of Stockholders on February 13, 2006 (the "Annual Meeting"), for the purposes set forth in the foregoing notice. This proxy statement and the enclosed form of proxy were first sent to stockholders on or about January 6, 2006.

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted as recommended by the Board of Directors. Any stockholder signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to or at the Annual Meeting. A proxy may be revoked by a writing delivered to the Secretary of the Company stating that the proxy is revoked, by a subsequent proxy signed by the person who signed the earlier proxy, or by attendance at the Annual Meeting and voting in person.

**VOTING SECURITIES**

Only stockholders of record on the books of the Company as of 5:00 P.M., December 19, 2005, will be entitled to vote at the Annual Meeting.

As of the close of business on December 19, 2005, there were outstanding 19,558,919 shares of Common Stock of the Company, entitled to one vote per share, and 1,654,462 shares of Class B Stock of the Company, entitled to the lesser of ten votes per share or 49% of the total votes cast. Holders of Common Stock and Class B Stock will vote together on all matters presented to the stockholders for their vote or approval at the meeting, including the election of directors and the amendment of the Nonemployee Director Equity Incentive Plan.

The holders of a majority of the outstanding shares of the stock of the Company, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment thereof. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspector appointed for the meeting and will determine whether or not a quorum is present. The election inspector will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote.

With regard to the election of directors, votes may be cast "For" or "Withhold Authority" for each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. The directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. As a result, if you withhold your authority to vote for any nominee, your vote will not count for or against the nominee, nor will a broker "non-vote" affect the outcome of the election.

The proposal to amend the Company's Nonemployee Director Equity Incentive Plan requires the affirmative vote of a majority of shares represented at the Annual Meeting, in person or by proxy, and entitled to vote thereon. Accordingly, abstentions on the proposal to amend the Nonemployee Director Equity Incentive Plan will have the effect of a negative vote on this item. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter. Therefore, a broker non-vote will have no effect on the proposal to amend the Nonemployee Director Equity Incentive Plan.

## ELECTION OF DIRECTORS

The persons named below are nominees for director to serve until the next annual meeting of stockholders and until their successors shall have been elected. The nominees are all members of the present Board of Directors. In the absence of instructions to the contrary, shares represented by the proxy will be voted and the proxies will vote for the election of all such nominees to the Board of Directors. If any of such persons is unable or unwilling to be a candidate for the office of director at the date of the Annual Meeting, or any adjournment thereof, the proxies will vote for such substitute nominee as shall be designated by the proxies. Management has no reason to believe that any of such nominees will be unable or unwilling to serve if elected a director. **FURTHER INFORMATION CONCERNING  
THE BOARD OF DIRECTORS**

**Board Independence**

Upon consideration of the criteria and requirements regarding director independence set forth in NASD Rules 4200 and 4350, the Board of Directors has determined that each of Mr. Balousek, Mr. Chichester, Mr. Piergallini and Mr. Westphal meet the standards of independence established by the NASD.

**Committees of the Board**

During fiscal 2005, the Board of Directors held 8 meetings and acted by unanimous written consent on a number of occasions. The Company has an Audit Committee and a Compensation Committee but does not have a nominating committee or a committee performing the functions of a nominating committee.

The members of the Audit Committee are Bruce A. Westphal (Chairman), John B. Balousek and David N. Chichester. The Company’s Board of Directors has determined that David N. Chichester qualifies as an audit committee financial expert as set forth in Section 401(h) of Regulation S-K promulgated by the Securities and

Exchange Commission (the "SEC") and he is independent as such term is defined in the NASD Rules. Among the functions performed by the Audit Committee are to make recommendations to the Board of Directors with respect to the engagement or discharge of the Company's independent registered public accounting firm, to review with the independent registered public accounting firm the plan and results of the auditing engagement, to review the Company's system of internal financial and accounting controls, to review the financial statements of the Company, to discuss the Company's accounting policies, and to make inquiries into matters within the scope of its functions. The Board of Directors has adopted a written Audit Committee Charter, a copy of which is attached as Appendix A to this proxy statement. The Audit Committee held 16 meetings during fiscal 2005.

The members of the Compensation Committee are John B. Balousek (Chairman), Bruce A. Westphal and Alfred A. Piergallini. Among the functions performed by the Compensation Committee are to review and make recommendations to the Board of Directors concerning the compensation of the key management employees of the Company and to administer the Company's equity incentive plan. The Compensation Committee held five meetings during fiscal 2005.

#### **Attendance at Meetings**

During fiscal 2005, there were no members of the Board of Directors who attended fewer than seventy-five percent of the meetings of the Board of Directors and all committees of the Board on which they served.

#### **Compensation of Directors**

In fiscal 2005, members of the Board of Directors who were not employees of the Company were paid directors' fees consisting of \$20,000 per year and \$1,000 for each Board meeting attended. The committee chairs for the Audit Committee and the Compensation Committee each received an additional retainer of \$10,000 for their service during fiscal 2005. Directors who attended meetings of the Audit Committee or Compensation Committee received an additional \$1,000 for each meeting not held on the same day as a Board meeting.

In fiscal 2006, members of the Board of Directors who are not employees of the Company will be paid directors' fees consisting of \$25,000 per year and \$1,200 for each Board meeting attended. The chairs of the Audit Committee and the Compensation Committee will receive annual retainer fees of \$12,000 and directors who attend meetings of the Audit Committee or Compensation Committee will receive an additional \$1,200 for each meeting not held on the same day as a Board meeting.

Each director receives \$500 for participation in each telephonic meeting of the Board of Directors, the Audit Committee or the Compensation Committee of less than three hours and \$1,000 for participation in meetings of three hours or more. The Company pays non-employee directors \$1,000 for each day spent attending subsidiary and division management meetings and conducting plant and facility visits.

Under the Nonemployee Director Equity Incentive Plan, Messrs. Balousek, Chichester, Westphal and Piergallini were each granted on the date of the 2005 Annual Meeting of Stockholders options to purchase 2,295 shares of Common Stock (determined by dividing \$100,000 by the fair market value of a share of Common Stock on the date of the 2005 Annual Meeting) and a restricted stock grant for 230 shares with a market value of \$10,000. If the proposed amendment to the Nonemployee Director Equity Incentive Plan is approved, the nonemployee directors will receive, on the date of the Annual Meeting, options to purchase the number of shares of Common Stock determined by dividing \$140,000 by the fair market value of a share of Common Stock on the date of the Annual Meeting and a number of shares of restricted stock equal to \$15,000 divided by such fair market value.

#### **Director Nominations**

Due to the limited size of the Board, the Board has determined that it is not appropriate at this time to establish a separate nominating committee. As such, the Board as a whole fulfills the function of nominating

---

additional directors. A majority of the members of the Board have been determined by the Board to be independent under the standards established by the NASD. At a minimum, the Chairman of the Board, as well as at least two independent directors, must interview any qualified candidates prior to nomination. Other directors and members of management will also interview each candidate as requested by the Chairman. Once potential candidates have successfully progressed through the interview stage, the independent directors will meet in executive session to consider the screened candidates. All director nominees must be selected, or recommended for the Board's selection, by a majority of the independent directors.

A majority of the members of the Board must be independent directors as defined in NASD Rule 4200(a)(15). When considering potential director candidates, the Board also considers the candidate's knowledge, experience, integrity, leadership, reputation and ability to understand the Company's business. In addition, all director nominees must possess certain core competencies, some of which may include experience in consumer products, logistics, product design, merchandising, marketing, general operations, strategy, human resources, technology, media or public relations, finance or accounting, or experience as a Chief Executive Officer or Chief Financial Officer.

The Board will consider any director candidate recommended by security holders, provided that the candidate satisfies the minimum qualifications for directors as established from time to time by the Board. To be considered, stockholders must submit recommendations to the Company's secretary for consideration by the Board no later than 120 days before the annual meeting of stockholders. To date, the Board has not received any recommended nominees for consideration at the Annual Meeting from any non-management stockholder or group of stockholders that beneficially owns five percent or more of the Company's voting stock.

When the need arises, the Company has engaged and intends to continue to engage independent search firms and consultants to identify potential director nominees and assist the Board in identifying a diverse pool of qualified candidates and in evaluating and pursuing individual candidates at the direction of the Chairman of the Board.

All of the nominees included on this year's proxy card are directors standing for re-election.

#### **Stockholder Communications with Directors**

The Board welcomes communications from the Company's stockholders. Stockholders may send communications to the Board, or to any director in particular, c/o Central Garden & Pet Company, 1340 Treat Blvd., Suite 600, Walnut Creek, California 94597. Any correspondence addressed to the Board or to any director care of the Company's offices is forwarded by the Company to the addressee without review by management.

Under the terms of the Company's 2003 Omnibus Equity Incentive Plan, the Compensation Committee retains discretion, subject to plan limits, to modify the terms of outstanding options.
- (2) All options were granted at fair market value at date of grant.
- (3) Realizable values are reported net of the option exercise price. The dollar amounts under these columns are the result of calculations at the 5% and 10% rates (determined from the price at the date of grant, not the stock's current market value) set by the SEC and therefore are not intended to forecast possible future appreciation, if any, of the Company's stock price. Actual gains, if any, on stock option exercises are dependent on the future performance of the Common Stock as well as the optionholder's continued employment through the vesting period. The potential realizable value calculation assumes that the optionholder waits until the end of the option term to exercise the option.

The following table sets forth certain information with respect to stock options exercised during fiscal 2005 and stock options held by each of the executive officers named in the Summary Compensation Table as of September 24, 2005. Pursuant to this agreement, Mr. Novotny has had the right to defer receipt of a portion of his salary and bonus, at such times and in such amounts as approved by the Compensation Committee of the Board of Directors. The Board of Directors of the Company approved, on December 14, 2005, the amendment and restatement of the Nonqualified Deferred Compensation Agreement discussed above (as so amended and restated, the

“Deferred Compensation Plan”). Pursuant to the Deferred Compensation Plan, eligible employees of the Company may elect to defer receipt of a percentage of their base salary and/or incentive bonuses until a future date or dates. **PROPOSAL TO APPROVE AMENDMENT OF  
THE NONEMPLOYEE DIRECTOR EQUITY INCENTIVE PLAN**

In February 1996, the Board of Directors approved the adoption of the Nonemployee Director Stock Option Plan (the "Director Plan"), which was subsequently approved by the Company's stockholders at the annual meeting in March 1997. In June 2001, the Board of Directors of the Company approved an amendment to the Director Plan, which amendment was subsequently approved by the stockholders at the 2002 Annual Meeting, to increase the number of shares authorized for issuance under the Director Plan by an additional 100,000 shares and to revise the awards available under the Director Plan to provide each director who is not an employee annually with a nonstatutory stock option (an "Option") to purchase a number of shares of the Company's Common Stock equal to \$100,000 divided by the fair market value of the Company's Common Stock on the date of each annual meeting of stockholders and a grant of a number of shares of restricted stock ("Restricted Stock") equal to \$10,000 divided by the fair market value of the Company's Common Stock on the date of such annual meeting. The amendment also changed the name of the Director Plan to the "Nonemployee Director Equity Incentive Plan."

On December 14, 2005, the Board of Directors of the Company amended the Director Plan, subject to stockholder approval at the Annual Meeting, to increase the awards available under the Director Plan so as to provide each Nonemployee Director (as defined below) annually with an Option to purchase a number of shares of the Company's Common Stock equal to \$140,000 divided by the fair market value of the Company's Common Stock on the date of each annual meeting of stockholders and a grant of a number of shares of Restricted Stock equal to \$15,000 divided by the fair market value of the Company's Common Stock on the date of such annual meeting.

The closing price of the Company's Common Stock on December 27, 2005 was \$46.29.

**Description of the Director Plan**

The following summary of the principal features of the amended Director Plan is qualified in its entirety by the full text of the Director Plan.

**Purpose**

The purpose of the Director Plan is to promote the success, and enhance the value, of the Company by attracting, retaining and motivating members of the Board of Directors who possess outstanding competence and who are neither employees of the Company nor of any affiliate of the Company ("Nonemployee Directors"). The Director Plan also is designed to align the interests of Nonemployee Directors with the interests of the stockholders of the Company.

**Eligibility to Participate in the Director Plan**

All Nonemployee Directors automatically become participants in the Director Plan. At present, the Company has four Nonemployee Directors: John B. Balousek, Alfred A. Piergallini, David N. Chichester and Bruce A. Westphal.

**Administration, Amendment and Termination**

The Director Plan is administered by the Board of Directors. The Board of Directors has all discretion and authority necessary or appropriate to administer the Director Plan and to control its operation in accordance with its terms. The Board of Directors also may amend or terminate the Director Plan at any time and for any reason.

**Number of Shares Available Under the Director Plan**

A total of 200,000 shares of Common Stock are reserved for issuance under the Director Plan. In the event of any stock split, stock dividend or other change in the capital structure of the Company, the Board of Directors

---

may make such adjustment, if any, as it deems appropriate in the number and/or class of shares of Common Stock that are available for grant under the Director Plan and the number and class of and/or the exercise price of shares of Common Stock subject to outstanding Options. Shares issued under the Director Plan may be authorized but unissued shares of Common Stock or treasury shares. If an Option expires without having been fully exercised or Restricted Stock does not vest, the shares subject thereto again will be available for grant.

#### **Restricted Stock**

Under the amended Director Plan, each Nonemployee Director automatically will receive, on the date of the Annual Meeting and at each subsequent annual meeting on which he or she is a Nonemployee Director, a Restricted Stock grant for such number of shares of Common Stock as determined by dividing \$15,000 by the fair market value of a share of Common Stock on the date of the annual meeting in question. Any fractional share will be rounded up to the next full share. For purposes of the Plan, fair market value on any date means the average of the highest and lowest selling prices or the closing selling price for shares of Common Stock on The Nasdaq Stock Market on that date.

For example, if the fair market value of a share of Common Stock on the date of the annual meeting in question is \$40.00, then the Nonemployee Director would receive 375 shares of Restricted Stock (i.e., \$15,000 divided by \$40.00, rounded up to the next full share).

The Nonemployee Director will not be required to pay for the Restricted Stock. The Restricted Stock will vest in six months *provided, however*, that if prior to such date the participant terminates his or her service on the Board of Directors on account of death or disability, then the Restricted Stock will vest in full on the date of such termination of service.

#### **Options**

Under the amended Director Plan, each Nonemployee Director automatically will also receive, on the date of the Annual Meeting and at each subsequent annual meeting on which he or she is a Nonemployee Director, an Option to purchase such number of shares of Common Stock as determined by dividing \$140,000 by the fair market value of a share of Common Stock on the date of the annual meeting in question. Any fractional share will be rounded up to the next full share. For purposes of the Plan, fair market value on any date means the average of the highest and lowest selling prices or the closing selling price for a share of Common Stock on The Nasdaq Stock Market on that date.

For example, if the fair market value of a share of Common Stock on the date of the annual meeting in question is \$40.00, then the Nonemployee Director would receive an Option to purchase 3,500 shares (i.e., \$140,000 divided by \$40.00, rounded up to the next full share).

The exercise price of the shares subject to each Option will be 100% of the fair market value of the shares on the date of grant. Each Option will become exercisable in one-third increments six months, 18 months and 30 months from the date of grant of the Option; *provided, however*, that if prior to such date the participant terminates his or her service on the Board of Directors on account of death or disability, then the Option will become exercisable in full on the date of such termination of service. Each Option will terminate 42 months from the date of grant of the Option.

To date, the Company's four current Nonemployee Directors have received, as a group, Options to purchase a total of 59,298 shares of the Company's Common Stock under the Director Plan.

#### **Payment of Exercise Price**

The exercise price of each Option must be paid in full in cash at the time of exercise. Any taxes required to be withheld also must be paid at the time of exercise.

### Restrictions on Transfer of Shares and Options

Options and shares of unvested Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the applicable laws of descent and distribution. However, if permitted by the Board of Directors (in its discretion), a participant may designate one or more beneficiaries to receive any of such participant's benefits under the Director Plan following his or her death.

### Tax Aspects

Based on management's understanding of current federal income tax laws, the tax consequences of the award of Restricted Stock and Options under the Director Plan are as follows.

A participant will have taxable ordinary income at the time the Restricted Stock vests in an amount equal to the fair market value of the vesting shares of Common Stock on the date of such vesting, unless the participant timely made a prior election under Section 83(b) of the Internal Revenue Code. If a participant makes a Section 83(b) election, the participant will have taxable ordinary income in an amount equal to the fair market value of shares granted at the time of such grant. Any gain or loss recognized upon any later sale or other disposition of the shares of Common Stock generally will be capital gain or loss.

A participant will not have taxable income at the time of grant of an Option, but generally will have ordinary income upon the exercise of such Option in an amount equal to the excess of the fair market value of the purchased shares of Common Stock on the date of exercise over the exercise price of such shares. Any gain or loss recognized upon any later sale or other disposition of the shares of Common Stock generally will be capital gain or loss.

The Company generally will be entitled to a tax deduction in connection with Restricted Stock and Options granted under the Director Plan in an amount equal to the ordinary income realized by the participant.

### New Plan Benefits

The following table sets forth with respect to the fiscal year ended September 30, 2006 the maximum value of benefits to be awarded under the Director Plan, if the amendment proposed herein is approved.

<u>Name of Individual or Group(1)</u>	<u>Dollar Value (\$)</u>	<u>Number of Units</u>

(1) Only directors of the Company who are not employees of the Company or an affiliate of the Company are eligible to receive awards under the Director Plan.

(2) Represents the value of the Restricted Stock award to be received at the Annual Meeting and assumes that the Company has four Nonemployee Directors as of the date of the Annual Meeting. Each Nonemployee Director will also receive an Option to purchase a number of shares of the Company's Common Stock determined by dividing \$140,000 by the fair market value of the Common Stock on the date of the Annual Meeting.

- 
- (3) The number of shares subject to grants of Options and Restricted Stock under the Director Plan is not determinable, because this number depends on the fair market value of a share of Common Stock on the grant date. On the date of the Annual Meeting, each Nonemployee Director will receive an Option to purchase a number of shares equal to \$140,000 divided by the fair market value of the Company's Common Stock on the date of the Annual Meeting and a number of shares of Restricted Stock equal to \$15,000 divided by such fair market value.

**Required Vote**

The affirmative vote of a majority of the shares of Common Stock and Class B Stock, voting together as a class, present in person or by proxy at the Annual Meeting and entitled to vote, is required to approve the proposed amendment to the Director Plan.

**The Board of Directors unanimously recommends that stockholders vote "FOR" the proposal to approve the amendment to the Director Plan.**

Its specific responsibilities are set forth in its charter, a copy of which is attached as Appendix A to this proxy statement.

As required by the charter, the Audit Committee reviewed the Company’s financial statements for fiscal 2005 and met with management, as well as with representatives of Deloitte & Touche LLP, the Company’s independent registered public accounting firm, to discuss the financial statements. **REPORT OF THE COMPENSATION COMMITTEE  
ON EXECUTIVE COMPENSATION**

To the Board of Directors:

As members of the Compensation Committee, it is our duty to determine the compensation for officers and directors and to administer the Company's equity incentive plans. In addition, we evaluate the performance of management and related matters.

As a public company, we use four primary tools to compensate executives. They are base salary, cash bonus, restricted stock and stock options. Together they combine to provide an executive's total compensation package. We view base salary as a primary indicator of the market value needed to attract an executive with the skill and expertise to perform the duties and discharge the responsibilities of the position. We periodically retain outside assistance to counsel us in determining market value. We view cash bonus as a means of rewarding short-term performance which exceeds established goals, and we utilize restricted stock and stock options as a means of linking our executives' long-term benefits to the rate of return received by our stockholders.

During fiscal 2004 and fiscal 2005, we retained the services of two compensation consulting firms to assist in determining the market value compensation for our Chief Executive Officer, Glenn W. Novotny, and other executive officers. Survey data, coupled with performance based peer group evaluations, were utilized to determine competitive short and long-term awards for Mr. Novotny. Based on the survey and other data and the Company's financial performance, the Compensation Committee increased Mr. Novotny's annual base salary from \$661,500 as of October 2004 to \$700,000 as of October 2005.

During fiscal 2005 and based on the Company's performance in fiscal 2004, the Compensation Committee determined to pay a bonus of \$410,000 in respect of fiscal 2004 to Mr. Novotny. The Compensation Committee also granted options to each of the Company's executive officers, including Mr. Novotny. In addition, in November 2005, the Compensation Committee also granted Mr. Novotny a restricted stock award of 40,000 shares of the Company's Common Stock. In connection with his receipt of this restricted stock award, Mr. Novotny entered into agreements with the Company containing confidentiality and noncompetition provisions.

In determining executive compensation, the Compensation Committee considers, among other factors, the possible tax consequences to the Company and to the executives. However, tax consequences are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof and the timing and nature of various decisions by executives regarding options and other rights) that are beyond the control of either the Compensation Committee or the Company. In addition, the Compensation Committee believes that it is important to retain maximum flexibility in designing compensation programs that meet its stated objectives. For all of the foregoing reasons, the Compensation Committee will not necessarily limit compensation to those levels or types of compensation that will be tax deductible. The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

We continue to subscribe to the philosophy that the Company's overall performance and its return to stockholders will be the primary areas of consideration when rewarding the Company's top executives. It is our goal to ensure that our executives are paid competitively with the market and are rewarded for performance that benefits the stockholders.

14. Oversee the adequacy of the Company's system of internal control over financial reporting, including obtaining reports from the independent auditor regarding such controls and reviewing any significant findings and recommendations of the independent auditor and management's responses, including any special remedial steps adopted to address material weaknesses in internal control or significant deficiencies;
15. Review and discuss with the independent auditor the performance of the Company's internal audit function and the quality of the Company's financial accounting personnel;

  22. Meet with the Company's tax director periodically to assess significant tax risks and exposures; and
  23. Review with the Company's legal counsel any regulatory or legal matters which could have a significant effect on the Company's financial statements.

In addition to the above responsibilities, the Audit Committee will undertake such other duties as the Board delegates to it or that are required by applicable laws, rules and regulations.

The Audit Committee will have the sole authority to select, determine compensation for, oversee and, where appropriate, replace the Company's independent auditor. The independent auditor will report directly to the Audit Committee, and the Audit Committee will ensure that the independent auditor understands its ultimate accountability to the Audit Committee, as representatives of the Company's stockholders.

The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals will be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee will have the authority, to the extent it deems necessary or appropriate, to retain and determine compensation for independent legal, accounting or other advisors. The Company will provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report and to any advisors employed by the Audit Committee.

#### **Reports**

The Audit Committee will, to the extent deemed appropriate, record its summaries of recommendations to the Board in written form that will be incorporated as a part of the minutes of the Board. The Audit Committee will also prepare and sign a Report of the Audit Committee for inclusion in the Company's proxy statement for its annual meeting of stockholders.

#### **Limitation of Audit Committee's Role**

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor.

**3.2 Authority of the Board.** The Board shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation in accordance with its terms, including, but not by way of limitation, the following powers:

(a) To interpret the provisions of the Plan and to determine, in its sole discretion, any question arising under, or in connection with the administration or operation of, the Plan;

(b) To employ such counsel, agents and advisers, and to obtain such legal, clerical and other services, as it may deem necessary or appropriate in carrying out the provisions of the Plan; and

(c) To prescribe, amend and rescind rules and regulations relating to the Plan, and to make all other determinations which may be necessary or advisable for the administration of the Plan.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

---

**SECTION 4**  
**SHARES SUBJECT TO THE PLAN**

**4.1 Number of Shares.** Subject to adjustment as provided in Section 4.3, the maximum number of Shares available for grant under the Plan may not exceed 200,000. Such Shares may be either authorized but unissued Shares or treasury Shares.

**4.2 Effect of Lapsed Options.** If an Option is cancelled, terminates, expires or lapses for any reason, any Shares subject to such Option again shall be made available for grant under the Plan (to the same Optionee or to a different person).

**4.3 Adjustments in Authorized Shares.** In the event of any merger, reorganization, consolidation, recapitalization, separation, liquidation, stock dividend, split-up, Share combination, or other change in the corporate structure of the Company affecting the Shares, such adjustment shall be made in the number and class of Shares which may be delivered under the Plan, and in the number and class of and/or the Exercise Price of Shares subject to outstanding Options, as the Board, in its sole discretion, shall determine to be appropriate to prevent the dilution or diminishment of Options. Notwithstanding the preceding sentence, the number of Shares subject to any Option always shall be a whole number.

**SECTION 5**  
**ELIGIBILITY**

**5.1 Eligibility.** All Nonemployee Directors shall be eligible to participate in the Plan.

**5.2 Consideration for Grant of Option or Restricted Shares.** Any Option or Restricted Shares under the Plan shall be granted in consideration of the past services of the Nonemployee Director.

**SECTION 6**  
**OPTIONS**

**6.1 Grant of Options.**

**6.1.1** Each Nonemployee Director who is a Nonemployee Director on February 20, 1996 automatically will receive on such date an Option to purchase 10,000 Shares.

**6.1.2** Each Optionee who received an Option to purchase 10,000 Shares pursuant to Section 6.1.1, and each Nonemployee Director who becomes a Nonemployee Director after February 20, 1996, automatically will receive, on the date of each subsequent annual meeting of the stockholders of the Company on which the Nonemployee Director is such, an Option to purchase such number of Shares as determined by  $A$  divided by  $B$ , where " $A$ " is \$140,000 and " $B$ " is the Fair Market Value of a Share on the date on which the Option is granted. Any fractional Share shall be rounded up to the next full Share. Accordingly, for example, if the Fair Market Value of a Share on the date of grant is \$9.00, then the Optionee or Nonemployee Director (as applicable) would receive

---

an Option to purchase 15,556 Shares (i.e., \$140,000 divided by \$9.00, rounded up to the next full Share).

**6.2 Terms of Options.**

**6.2.1 Option Agreement.** Each Option shall be evidenced by a written stock option agreement which shall be executed by the Optionee and the Company.

**6.2.2 Exercise Price.** The Exercise Price for the Shares subject to each Option shall be one hundred percent (100%) of the Fair Market Value of such Shares on the date of grant.

**6.2.3 Exercisability.** Each Option shall become exercisable with respect to one-third (1/3) of the Shares subject to the Option on each of the dates that is (a) six (6) months, (b) eighteen (18) months, and (c) thirty (30) months after the date of grant of the Option. Notwithstanding the preceding sentence, if prior to the date when an Option would become exercisable, the Optionee terminates service on the Board on account of death or Disability, the Option shall become exercisable in full on the date of such termination of service.

**6.2.4 Expiration of Options.** Each Option shall terminate upon the expiration of forty-two (42) months from the date of grant of the Option.

**6.2.5 Payment.** Options shall be exercised by the Optionee's delivery of a written notice of exercise to the Secretary of the Company, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares. The Exercise Price for any such Shares shall be payable to the Company in full in cash or its equivalent.

As soon as practicable after receipt of a written notification of exercise and full payment for the Shares purchased, the Company shall deliver to the Optionee Share certificates (in the Optionee's name) representing such Shares.

**6.2.6 Restrictions on Share Transferability.** The Board may impose such restrictions on any Shares acquired pursuant to the exercise of an Option, as it may deem advisable, including, but not limited to, restrictions related to applicable Federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed and/or traded, and/or under any blue sky or state securities laws.

**6.2.7 Nontransferability of Options.** No Option granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, the laws of descent and distribution, or as permitted in Section 8.2. All Options granted to an Optionee under the Plan shall be exercisable during his or her lifetime only by such Optionee.

**SECTION 7**  
**RESTRICTED SHARES**

**7.1 Grant of Restricted Shares.** Each Nonemployee Director automatically will receive, on the date of each annual meeting of the stockholders of the Company on which the Nonemployee

---

Director is such, such number of Restricted Shares as determined by A divided by B, where "A" is \$15,000 and "B" is the Fair Market Value of a Share on the date on which the Restricted Shares are granted. Any fractional Share shall be rounded up to the next full Share. Accordingly, for example, if the Fair Market Value of a Share on the date of grant is \$9.00, then the Nonemployee Director would receive 1,667 Restricted Shares (i.e., \$15,000 divided by \$9.00, rounded up to the next full Share).

**7.2 Terms of Restricted Shares.**

**7.2.1 Restricted Share Agreement.** Each restricted Share grant shall be evidenced by a written Restricted Share agreement which shall be executed by the Nonemployee Director and the Company.

**7.2.2 Vesting.** Each grant of Restricted Shares shall vest in full six (6) months after the date of grant. Notwithstanding the preceding sentence, if prior to the date when the Restricted Shares would vest, the Director terminates service on the Board on account of death or Disability, the Restricted Shares shall become vested in full on the date of such termination of service.

**7.2.3 Restrictions on Share Transferability.** The Board may impose such restrictions on any Restricted Shares, as it may deem advisable, including, but not limited to, restrictions related to applicable Federal securities laws, the requirements of any national securities exchange or system upon which Shares are then listed and/or traded, and/or under any blue sky or state securities laws.

**7.2.4 Nontransferability of Unvested Restricted Shares.** No restricted shares granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated prior to their vesting pursuant to Section 7.2.2, other than by will, the laws of descent and distribution, or as permitted in Section 8.2.

**SECTION 8  
MISCELLANEOUS**

**8.1 Amendment or Termination of the Plan.** The Board, in its sole discretion, may amend, alter, modify or terminate the Plan, in whole or in part, at any time and for any reason. However, only if and to the extent required to maintain the Plan's qualification under Rule 16b-3 promulgated under the Exchange Act, any such amendment shall be subject to stockholder approval. Neither the amendment, suspension, termination, nor scheduled expiration of the Plan shall, without the consent of the Nonemployee Director, alter or impair any rights or obligations under any Option or Restricted Shares theretofore granted. No Option or Restricted Shares may be granted during any period of suspension nor after termination of the Plan.

**8.2 Beneficiary Designation.** If permitted by the Board, a Nonemployee Director may name a beneficiary or beneficiaries to whom any benefit under the Plan is to be paid in case of the Nonemployee Director's death before he or she receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Nonemployee Director and must be in a form and manner acceptable to the Board. In the absence of any such designation, or if no

---

beneficiary survives the Nonemployee Director, benefits remaining unpaid at the Nonemployee Director's death shall be paid to the person or persons entitled to such benefits under the Nonemployee Director's will or, if the Nonemployee Director shall fail to make testamentary disposition of such benefits, his or her legal representative. Any transferee must furnish the Company with (a) written notice of his or her status as a transferee, and (b) evidence satisfactory to the Company to establish the validity of the transfer and compliance with any laws or regulations pertaining to said transfer.

**8.3 Captions.** The captions contained herein and in the table of contents are provided as a matter of convenience only, and in no way define, limit, enlarge or describe the scope or intent of the Plan. Such captions shall not affect in any way the construction of any provision of the Plan.

**8.4 Applicable Law: Severability.** The Plan hereby created shall be construed, administered and governed in all respects in accordance with the laws of the State of California (with the exception of its conflict of laws provisions). If any provision of this instrument shall be held invalid or unenforceable by a court of competent jurisdiction, the remaining provisions hereof shall continue to be fully effective.

**8.5 No Effect Upon Other Compensation Plans.** The adoption of this Plan shall not affect any other stock option, compensation or incentive plans in effect for the Company or any Affiliate, and this Plan shall not preclude the Board from establishing any other forms of incentive or compensation for Nonemployee Directors.

**8.6 No Effect on Service.** Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Nonemployee Director's service on the Board at any time, with or without cause.

**8.7 Requirements of Law.** The granting of Options and the issuance of Shares (including Restricted Shares) under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

**8.8 Rule 16b-3 Compliance.** Transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the Plan, an Option or any action by the Board fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Board. Notwithstanding any contrary provision of the Plan, if the Board specifically determines that compliance with Rule 16b-3 no longer is required, all references in the Plan to Rule 16b-3 shall be of no force or effect.
